Williamsport, Darby Win District Births

Deers 54, Scioto Twp. 50

The Pickaway County Tournament continued its hectic pace in the Fairgrounds' Coliseum last night as unsung and unknown Williamsport substitutes came off the bench to drive the Deers to a 54-50 last-minute win over Scioto.

The opening contest of the semifinals found a seesaw battle develop between two fine ball clubs and their bench warmers.

In the end though, it was Williamsport's David Myers who scored the winning four points with less than a minute to play.

With the score tied at 50-all, Myers broke clear on a Deercreek fast break and dunked two points. Seconds later he was fouled while rebounding under the Buffalo bucket and dropped in two anticlimactic foul shots.

THE TOP POINT makers of both teams took to the sidelines last night as Myers was held to 12 points and Melvin probably hit the worst night of his sensational career as he could only manage one field goal in 27 attempts and four free throws for six markers.

Nick Stonerock took up Myers's scoring lack with 18 points on tipins, and fielders from around the bucket. Ernie Milburn provided Scioto's rebounding edge throughout the game, but was held to nine points, which tied teammate Roy Sanders for scoring honors for Scioto.

The game was ragged except in the second period when both teams traded bucket for bucket. The Buffaloes decidedly controlled the bankboards with the play of Milburn, Sealock and Terry Little.

Both quintets got surprise scoring from lesser-known basketeers, but Williamsport held the edge in this portion of the

Alvin Cox of Darby calmly walked to the foul line and dropped in two charity shots to give his Torjan mates a 50-48 sudden death overtime win over a hepped up gang of Pickaway Pirates in county tournament cage action at the Coliseum last night.

Cox was the man of the hour due to his stamina at the foul line, for his feat delivered Darby into the championship tourney finals, scheduled Friday night. The Trojans will meet Williamsport, 54-50 winners over Scioto in another thrilling test last night.

Darby rode the path of glory last night, but its victory barely overshadowed a splendid performance turned in by Pickaway, especially the Pirated Harry Lee who did about everything right in racking up 28 points.

The contest probably will go on record as being one of the most exciting in tournament history here. A crowd of more than 2,200 was on hand to lend a thrilling atmosphere to the evening.

Early stages of the game indicated that the strong Trojans were going to turn in another lopsided victory as they quickly fashioned a 14-5 first quarter margin. Darby continued to lead by as much as nine points until near the end of the second canto. Then the potent Pirates regrouped for a sudden and full scale counterattack. Neighborhood Canvass Slated By Heart Fund Group Sunday

Local volunteers will be joining those in 10,000 communities throughout the country on Sunday for the Heart Sunday door-to-door canvas which enables all local residents to invest in the nationwide campaign against heart disease conducted by the American Heart Assn.

Mrs. Stanley Spring and Mrs. William Speakman are co-chairmen for the local drive which is being conducted by Circleville Junior Woman's Club.

Of the funds collected, 75 percent will stay in Central and Southern Ohio area to support heart research, community service and education programs. The Central Ohio Heart Assn. currently is supporting 25 Ohio research projects to secure more knowledge about hardening of the arteries, high blood pressure and rheumatic heart disease. In the past decade nearly $700,000 has been invested in heart research by the Ohio association.

Area captains named from the membership of Circleville Junior Woman's Club for the Heart Sunday canvass are Mrs. Charles Felkey, Mrs. Robert Christy, Mrs. Merle Turner, Jr., Mrs. Frank Wirth, Mrs. Harold Whitmore, Mrs. Dwight Rector, Mrs. Richard Pen, Mrs. Ted Wolfe, Mrs. Carl Weaver, Mrs. Harry Turner, Mrs. Ray Sapp, Mrs. Richard Pettit, Mrs. Gordon Walters, Mrs. Harold Miller and Mrs. Richard Farmar.

Panama City Chiefs Rapped

Commentator Beaten After Voicing Charge

PANAMA (AP) — Several thousand demonstrators seized City Hall in the Panamanian capital Wednesday night after the beating of a radio commentator who had charged municipal funds were being mishandled.

The crowd — which swelled to 5,000 — demanded the ouster of the 15 city councilors and set up a rump council to run municipal affairs.

They kept control of the building until President Ernesto de La Guardia Jr. pledged that the regular councilors would be barred from their offices pending an investigation.

The president ordered the National Guard to leave the demonstrators alone.

The self-described "Revolutionary Municipal Junta" announced it was taking over administration of municipal affairs until the council was replaced. The group is headed by Guillermo Marquez Briceno, a lawyer who gained prominence in 1957 for successfully defending seven persons charged with the assassination of President Jose Antonio Remon.

The municipal junta began issuing sweeping ordinances but there was no indication how they would carry them out.

The march on City Hall was led by Ramon Pereira, a young radio commentator who had denounced the councilors at a rally Tuesday night. Bleeding from a head wound he charged that Councilman Mario Velasquez and five men invaded his radio station, fired revolvers, blackjacked him and attacked his wife and daughters. Radio listeners heard the sounds of the fight and gunfire.

Reuther Irked By Comment From Ike

SAN JUAN, Puerto Rico (AP)—**President Eisenhower's comment about union leaders on the sunny beaches of Puerto Rico provoked Walter Reuther Wednesday night to a barbed reply citing the President's Acapulco visit and his golfing and hunting.**

Eisenhower at his news conference Wednesday brushed off Reuther's call for a march of American unemployed on Washington. The chief executive expressed doubt that the AFL-CIO leaders—in San Juan for their annual winter meeting — would desert the sunny beaches to "march from there over to this foggy Washington."

Reuther, head of the United Auto Workers, retorted that he goes where he is obligated to attend meetings, just as Eisenhower was going to the sunny Mexican resort today to meet with President Adolfo Lopez Mateos.

"Mr. President," the red-haired union leader said in a hotly worded statement, "I have spent no time on the sunny beaches of Puerto Rico, nor have I been with you and your many big business friends on the golf courses, the duck blinds or the quail hunts."

Reuther has been urging the jobless march on Washington to dramatize the plight of America's unemployed, officially reported at 4,724,000 in January.

Conservancy District Fund Freeze Is Sought

COLUMBUS, Ohio (AP) — City Atty. Russell Leach said today he will ask for a restraining order to prevent distribution of the funds of the Scioto - Sandusky Conservancy District while an order to dissolve the district is being appealed. Common pleas courts in the 17-county district ordered it dissolved and $315,000 it had collected from property owners returned to the counties.

Hallsville Man Dies in Blaze

Ronald Rossiter Services Friday

Ronald E. Rossiter, 58, of near Hallsville, burned to death early yesterday when fire destroyed his seven-room log farmhouse.

A Circleville native, Forrest Knece, who was visiting Rossiter, fled the inferno and was unhurt.

Rossiter's body was found at about 2 p. m. yesterday, after burning embers prevented firemen from investigating for nearly 12 hours.

Knece leaped through a window seconds before the roof fell in. He related that he accompanied Rossiter to his home Tuesday evening.

Knece stated he fell asleep on a davenport and Rossiter in a chair. Shortly after 3:30 a. m. Wednesday, Knece awakened to find the two-story farmhouse filled with smoke. Without hesitation he leaped through a window to safety.

• • •

ROSSITER'S brother, Loris, who resided across the road, noticed the fire about the same time. He smashed in a door, but was driven back by the terrific heat and smoke. Rossiter's body was found near a door.

The Adelphi Fire Department was called to the scene, but the fire was raging out of control upon its arrival. Ross County deputies said the house had been wired recently and it was believed that a short in the wiring may have started the blaze.

Rossiter was a collector of antiques and had an estimated $1,000 worth of phonograph records in his home, which may have added to the intensity of the fire.

Rossiter, a farmer and a seasonal employe of the Esmeralda Canning Co. here for many years, was born May 22, 1900 near Hallsville, the son of Umpharey and Alice Miller Rossiter, near Hallsville, who survive.

Other survivors include a sister, Mrs. Mazie Wise, Chillicothe, and five brothers, Loris, Darwin and Cecil, near Hallsville, and Roland and Arlie, Adelphi.

Funeral services will be at 2 p. m. Friday in the L. E. Hill Funeral Home, Kingston. Burial will be in Hallsville Cemetery.

Friends may call at the funeral home after 6 p. m. today.

Washington C. H. NLRB Poll Slated

CINCINNATI (AP) — A collective bargaining representative election was ordered held Feb. 27 at Med-O-Pure Foods, Inc., Washington Court House, by the National Labor Relations Board today.

Local 379, Dairy, Bakery and Food Workers Union, has asked for the right to represent 35 production and maintenance workers in such bargaining.

Civil Strife Looms As Iraq Leans Red

BAGHDAD, Iraq (AP) — Premier Abdel Karim Kassem's split with the followers of U.A.R. President Nasser and his closer relations with Iraq's Communists are threatening to tear his revolutionary government apart and plunge the nation into fierce civil strife.

Kassem himself is still extremely popular, but there are many doubts arising about his entourage.

In short, the honeymoon is ending for the revolutionary forces which overthrew the pro-Western government of Nuri Said and assassinated young King Faisal last summer.

With the Nasserites evicted from the Cabinet, the men around Kassem now are dissipating popular enthusiasm for the republican regime by an increasingly stern effort to put Iraq into a quasi-Marxist doctrinal straitjacket through police state methods.

The result is a wave of privately voiced criticism which would have been unthinkable a month ago.

The trend appears to be toward even more of a military dictatorship, with political inspiration coming from the far left.

The government's new direction stems from Kassem's stubborn determination to rival Nasser as a candidate for eventual leadership of all the Arabs.

To do this under present circumstances Kassem must play along with the Iraqi Communists, in effect giving the Soviets another potential bridgehead in the Middle East.

The underpopulated country is suddenly plagued with unaccustomed unemployment. Various construction projects are at a standstill while the cumbersome bureaucracy hunts for evidences of graft and corruption in pre-revolution contracts.

Merchants report business has never been so bad. People are beginning to feel the economic pinch.

Col. Abdel Salam Aref, who helped engineer the revolution which put Kassem in power and once was No. 2 man in the revolutionary government, has been sentenced to death for plotting against Kassem.

Uneasiness has been heightened by the resignation of six pro-Nasser Cabinet ministers early this month. Their replacements lean far to the left.

Mexico Hails Visit by Ike

Red Call for Rally Against U.S. Flops

ACAPULCO, Mexico (AP) — President Eisenhower flew into this tropical resort today to begin two days of talks with Mexico's President Adolfo Lopez Mateos.

Communist calls for anti-American demonstrations apparently were being ignored by thousands of holidaying Mexicans and others as the scrubbed and shining city readied its best holiday face for the chief executive from the north.

Communist pamphlets charged Eisenhower was coming to enslave Mexico as a satellite of the United States. But the pamphlets were not widely distributed.

U.S. Secret Service agents here to guard Eisenhower during his two-day visit showed no concern. Mexican police have chased about 150 potential troublemakers out of town.

President Eisenhower left Washington Wednesday in his plane, the Columbine III. He spent the night at Bergstrom Air Force Base, near Austin, Tex.

Eisenhower told his Washington news conference the primary purpose of his Mexican visit is to pay his respects to a great neighboring republic. He last met a Mexican president in March 1956, when Lopez Mateos' predecessor, Adolfo Ruiz Cortines, visited White Sulphur Springs, W.Va.

Among those accompanying Eisenhower were the President's youngest brother, Dr. Milton S. Eisenhower, president of Johns Hopkins University and a top adviser on Latin American affairs; the President's son John; Roy R. Rubotton, U.S. assistant secretary of state for inter-American affairs; and Mexico's ambassador to the United States, Antonio Carrillo Flores.

After the welcoming ceremonies, the two presidents were to talk this afternoon on the Mexican presidential yacht Sotavento.

Lopez Mateos was under left-wing pressure to make no concessions to Eisenhower which might infringe on Mexico's sovereignty.

'Old Lady' Bank Robber Faces Prison

NEW YORK (AP)—New York's "little old lady" bank robber faces a prison term of up to 10 years.

Vera Owen Wilson, 57, pleaded guilty in General Sessions Court Wednesday to a charge of third-degree robbery in a $3,420 bank holdup Dec. 3.

Mrs. Wilson obtained the money at a branch of the First National City Bank in Manhattan after threatening to throw acid in the face of a teller. She escaped but claimed she dropped the money on the street later and was afraid to reclaim it. It has never been recovered.

She was caught in a subsequent holdup attempt Jan. 2 as she tried to leave a nearby branch of the Industrial Bank of Commerce with $1,190 also obtained on a threat of flinging acid. In both cases the acid proved to be water.

Mrs. Wilson, a widow who said she staged the robberies because she was homeless and broke, originally was indicted on four different counts but was allowed to plead guilty to the single charge. She will be sentenced April 6.

FEP, Fee Bills Given Approval

COLUMBUS, Ohio (AP) — The Ohio Senate celebrated Brotherhood Week by passing a bill to prohibit employment discrimination because of race, religion or national origin.

Passage by a 25-6 vote came after a three-hour session. Five Republicans joined the Senate's 20 Democrats in sending the controversial measure to the House.

The House was busy, meanwhile, passing and sending to the Senate, 124-6, a bill to increase fees for services rendered by county offices—a bill designed to give a 5½-million-dollar-a-year financial boost to county governments.

The county fee bill is similar in most respects to a bill passed by the 1957 Legislature but vetoed by former Gov. C. William O'Neill.

Both Houses were scheduled to start their weekend recesses after brief sessions today.

The fair employment practices (FEP) bill weathered the Senate storm only after majority Democrats rode rough-shod over 28 Republican amendments. Proposing the amendments were Sens. Gordon Renner and Fred Hoffman, Cincinnati Republicans. Not a single amendment was approved after one of the bill's sponsors, Sen. Charles J. Carney (D-Mahoning), warned against what he called crippling amendments.

Whites and Negroes—about 50-50—jammed the Senate galleries during the long debate which ended in the first Senate vote on an FEP measure in a decade.

The bill's other sponsor, Sen. Ed Witmer (D-Stark) called it an historic day and Senate Majority Leader Frank W. King told the Senate: "This is one of the happiest days of my life."

One of the bill's chief critics, Sen. William H. Deddens (R-Hamilton), objected that the measure contains no guarantee of a jury trial for persons against whom FEP commission orders might be issued.

The FEP bill sets up a five-member commission to enforce anti-discrimination orders, through the courts if need be. The operation would be run by a $12,000-a-year executive director. Commission members would be paid $5,000 a year.

The county fee bill, according to sponsors, raises some fees which haven't been changed since 1887, even though costs have risen and services have been expanded. One co-sponsor, Rep. Thomas L. Thomas (D-Summit), said fees paid for only half of the $1,400,000 cost in 1957 of operating county offices.

Scheduled for introduction today is a bill to liberalize workmen's compensation benefits. I will propose:

Compensation payments to equal two-thirds of an injured workmen's average wage and death benefits of $18,000 instead of $12,000.

Compensation for loss of hearing above 10 per cent, instead of full loss under present law, and for loss of sight in excess of 10 per cent instead of 25 per cent loss under present law.

Among another rash of bills introduced yesterday were measures to:

Require employers to provide pay check cashing facilities.

Abolish gambling at both running and harness horse race tracks.

Create subdistricts in senatorial districts electing two or more senators.

Permit school principals to suspend students for a maximum of 10 days.

Envoy Talks To Avert War

U.S. Leaders Confident Of Accord in Berlin

WASHINGTON (AP) — In spite of talk about a shooting war over Berlin, U.S. officials expressed confidence today that a conflict can be avoided by diplomatic negotiation.

There is considerable belief in high quarters here, however, that Soviet Premier Nikita S. Khrushchev may try to substitute a summit conference for the foreign ministers meeting proposed this week by the Western powers.

Some U.S. authorities expect that Krushchev will issue a call for a heads of government session to be held in the near future.

There is some speculation that he would like to get a conference before Secretary of State John Foster Dulles is well enough to attend. Khrushchev and other Soviet leaders have often denounced Dulles and sometimes contend they could not do business with him.

Dulles is hospitalized for an indefinite period, recovering from a hernia operation and preparing to undergo treatment of cancer.

Present indications are that the United States, Britain and France would be prepared to go into a summit meeting only if it were preceded by a foreign ministers conference in which there was substantial progress toward East-West agreement on outstanding German problems, including Berlin.

The Soviet government has said that it intends to turn over its occupation authority in East Berlin to the East German Communist government. The Western powers do not recognize this regime and have so far refused to do business with it. They therefore anticipate difficulties if the East Germans try to exercise control over their access routes from West Germany to Berlin.

22 Negroes, No Whites Enter School

FRONT ROYAL, Va. (AP)—Classes began today for 22 Negro pupils in the newly reopened Warren County High School, integrated in theory but segregated in fact.

The 22 were the only pupils to appear at the previously all-white school of 1,000.

Less than a dozen townspeople gathered at the school this morning but there was no disturbance. Policemen still patrolled the area. The Negro children arrived in autos as they had Wednesday to register.

School officials said they were convinced no white pupils would enroll.

The white children are either attending classes being operated by a private foundation, or have gone to other schools.

The school had been closed since September under state anti-integration laws. Nearly 800 white pupils have been attending private classes.

Until Wednesday the county had no high school for Negroes.

Principal James Duff said, "Practically all courses the students require will be offered" despite the small registration. There will be no extracurricular activities, however, unless more pupils enroll. The school cafeteria will be closed.

A white faculty of 10 will teach at the 40-classroom high school.

Chairman Selected

COLUMBUS, Ohio (AP) — Mrs James B. Patton of Columbus is the new chairman of the Ohio Lincoln Sesquicentennial Committee.

Gov. Michael V. DiSalle today announced her elevation from the vice chairmanship of the committee to succeed Earl W. Wiley of Columbus, who was designated chairman emeritus.

Good Example Of Bird Brain

DETROIT (AP) — A sparrow, dallying over a meal of bread crumbs, found its feet frozen in a puddle.

Cass Kulsea, a bird watcher, noticed its predicament.

Kulsea said he chipped the bird loose with his pocket knife but there was so much ice around its feet it couldn't move.

Kulsea took the bird in his home, held it under a faucet and ran warm water over the ice until it melted. Then he released the sparrow and it promptly went back to the bread crumbs.

$105 Million To Be Spent On Satellites

Air Force Planning 2 Efforts To Reach Planet Venus in June

WASHINGTON (AP)—The government unveiled spending plans today for a space program that will include half a dozen rocket shots into outer space and launching of an inflatable communications satellite twice the width of a basketball court.

These are among 105 million dollars of projected 1959 spending for which contract awards were announced by the National Aeronautics and Space Administration.

Included in this year's spending plans is 17 million dollars earmarked for equipment for eventual manned space flight—a goal not expected to be achieved this year.

Other major awards for 1959 projects included:

1. $8,990,000 to the Air Force for deep space probes—shots toward Venus and other planets.

2. $7,120,000 to the Air Force for Thor-Able rocket boosters to launch satellites and $8,540,000 to the Army for Juno II satellite boosters.

3. $2,110,000 to the Army, two million to the Air Force and $200,000 to the Navy for moon probe projects in addition to the five previously taken over from the Defense Department.

4. $2,150,000 to the Army Ordnance Missile Command for launching a 100-foot inflatable sphere to be used as a communications satellite.

5. 23½ million to the Office of Naval Research for the Vanguard II weather eye satellite launched Tuesday and for three remaining satellite launchings.

6. $1,900,000 to the Atomic Energy Commission for its program to develop a nuclear rocket engine.

NASA said 10 million dollars will be spent this year on its 102-million-dollar contract to develop a million-pound thrust single-chamber rocket engine. This contract, announced previously, was awarded to the Rocketdyne Division of North American Aviation, Inc.

The Air Force is planning two satellite shots at the planet Venus in June.

Informed sources said Wednesday the probes will be attempted with two-stage Atlas and Thor missiles.

The shooting dates will come midway through June when the earth and Venus are in the best position for the launchings.

Atlas-Able, which later will be the carrier for reconnaissance satellites weighing several tons, will be a two-stage vehicle using the powerful Atlas ICBM as the booster.

Thor-Able, using the Air Force's intermediate range ballistic missile as the first stage, already has been launched seven times with varying degrees of success.

One of the shots probably will be an attempt to circle Venus with a satellite while the other probe may be fired past the planet into outer space, it was learned.

Meanwhile, the future spaceman may get an answer to the question "where am I?" from the computing system now cranking out orbit data for America's new weather satellite.

The answer will be vital. For a space voyager must know how high he is and how fast he is traveling in order to plan his return.

The prediction that the Vanguard computing center here will be able to provide the answer came today from Dr. Evelyn Boyd and Chester Raker, two of the mathematician programmers.

The new Vanguard continued to slice through space today, sending back weather information from its orbit.

Although the orbit of Vanguard II was not announced until a couple of hours after it was launched, Raker said today the center was sure of an orbit within 15 to 30 minutes after launching.

Immediately after the launching Tuesday at Cape Canaveral, Fla., a new computer at the launching site — fed by radar sightings — started pouring out predictions at the rate of 10 a second.

These forecast for Canaveral's range safety officer the place where the rocket would fall if its power failed.

4. $2,150,000 to the Army Ordnance Missile Command for launching a 100-foot inflatable sphere to be used as a communications satellite.

5. 23½ million to the Office of Naval Research for the Vanguard II weather eye satellite launched Tuesday and for three remaining satellite launchings.

6. $1,900,000 to the Atomic Energy Commission for its program to develop a nuclear rocket engine.

NASA said 10 million dollars will be spent this year on its 102-million-dollar contract to develop a million-pound thrust single-chamber rocket engine. This contract, announced previously, was awarded to the Rocketdyne Division of North American Aviation, Inc.

The Air Force is planning two satellite shots at the planet Venus in June.

Informed sources said Wednesday the probes will be attempted with two-stage Atlas and Thor missiles.

The shooting dates will come midway through June when the earth and Venus are in the best position for the launchings.

Atlas-Able, which later will be the carrier for reconnaissance satellites weighing several tons, will be a two-stage vehicle using the powerful Atlas ICBM as the booster.

Thor-Able, using the Air Force's intermediate range ballistic missile as the first stage, already has been launched seven times with varying degrees of success.

One of the shots probably will be an attempt to circle Venus with a satellite while the other probe may be fired past the planet into outer space, it was learned.

Meanwhile, the future spaceman may get an answer to the question "where am I?" from the computing system now cranking out orbit data for America's new weather satellite.

The answer will be vital. For a space voyager must know how high he is and how fast he is traveling in order to plan his return.

The prediction that the Vanguard computing center here will be able to provide the answer came today from Dr. Evelyn Boyd and Chester Raker, two of the mathematician programmers.

The new Vanguard continued to slice through space today, sending back weather information from its orbit.

Although the orbit of Vanguard II was not announced until a couple of hours after it was launched, Raker said today the center was sure of an orbit within 15 to 30 minutes after launching.

Immediately after the launching Tuesday at Cape Canaveral, Fla., a new computer at the launching site — fed by radar sightings — started pouring out predictions at the rate of 10 a second.

These forecast for Canaveral's range safety officer the place where the rocket would fall if its power failed.

Neighborhood Canvass Slated By Heart Fund Group Sunday

Local volunteers will be joining those in 10,000 communities throughout the country on Sunday for the Heart Sunday door-to-door canvas which enables all local residents to invest in the nationwide campaign against heart disease conducted by the American Heart Assn.

Mrs. Stanley Spring and Mrs. William Speakman are co-chairmen for the local drive which is being conducted by Circleville Junior Woman's Club.

Of the funds collected, 75 percent will stay in Central and Southern Ohio area to support heart research, community service and education programs. The Central Ohio Heart Assn. currently is supporting 25 Ohio research projects to secure more knowledge about hardening of the arteries, high blood pressure and rheumatic heart disease. In the past decade nearly $700,000 has been invested in heart research by the Ohio association.

Area captains named from the membership of Circleville Junior Woman's Club for the Heart Sunday canvass are Mrs. Charles Felkey, Mrs. Robert Christy, Mrs. Merle Turner, Jr., Mrs. Frank Wirth, Mrs. Harold Whitmore, Mrs. Dwight Rector, Mrs. Richard Pen, Mrs. Ted Wolfe, Mrs. Carl Weaver, Mrs. Harry Turner, Mrs. Ray Sapp, Mrs. Richard Pettit, Mrs. Gordon Walters, Mrs. Harold Miller and Mrs. Richard Farmar.

Panama City Chiefs Rapped

Commentator Beaten After Voicing Charge

PANAMA (AP) — Several thousand demonstrators seized City Hall in the Panamanian capital Wednesday night after the beating of a radio commentator who had charged municipal funds were being mishandled.

The crowd — which swelled to 5,000 — demanded the ouster of the 15 city councilors and set up a rump council to run municipal affairs.

They kept control of the building until President Ernesto de La Guardia Jr. pledged that the regular councilors would be barred from their offices pending an investigation.

The president ordered the National Guard to leave the demonstrators alone.

The self-described "Revolutionary Municipal Junta" announced it was taking over administration of municipal affairs until the council was replaced. The group is headed by Guillermo Marquez Briceno, a lawyer who gained prominence in 1957 for successfully defending seven persons charged with the assassination of President Jose Antonio Remon.

The municipal junta began issuing sweeping ordinances but there was no indication how they would carry them out.

The march on City Hall was led by Ramon Pereira, a young radio commentator who had denounced the councilors at a rally Tuesday night. Bleeding from a head wound he charged that Councilman Mario Velasquez and five men invaded his radio station, fired revolvers, blackjacked him and attacked his wife and daughters. Radio listeners heard the sounds of the fight and gunfire.

Reuther Irked By Comment From Ike

SAN JUAN, Puerto Rico (AP)—President Eisenhower's comment about union leaders on the sunny beaches of Puerto Rico provoked Walter Reuther Wednesday night to a barbed reply citing the President's Acapulco visit and his golfing and hunting.

Eisenhower at his news conference Wednesday brushed off Reuther's call for a march of American unemployed on Washington. The chief executive expressed doubt that the AFL-CIO leaders—in San Juan for their annual winter meeting — would desert the sunny beaches to "march from there over to this foggy Washington."

Reuther, head of the United Auto Workers, retorted that he goes where he is obligated to attend meetings, just as Eisenhower was going to the sunny Mexican resort today to meet with President Adolfo Lopez Mateos.

"Mr. President," the red-haired union leader said in a hotly worded statement, "I have spent no time on the sunny beaches of Puerto Rico, nor have I been with you and your many big business friends on the golf courses, the duck blinds or the quail hunts."

Reuther has been urging the jobless march on Washington to dramatize the plight of America's unemployed, officially reported at 4,724,000 in January.

Conservancy District Fund Freeze Is Sought

COLUMBUS, Ohio (AP) — City Atty. Russell Leach said today he will ask for a restraining order to prevent distribution of the funds of the Scioto - Sandusky Conservancy District while an order to dissolve the district is being appealed. Common pleas courts in the 17-county district ordered it dissolved and $315,000 it had collected from property owners returned to the counties.

Hallsville Man Dies in Blaze

Ronald Rossiter Services Friday

Ronald E. Rossiter, 58, of near Hallsville, burned to death early yesterday when fire destroyed his seven-room log farmhouse.

A Circleville native, Forrest Knece, who was visiting Rossiter, fled the inferno and was unhurt.

Rossiter's body was found at about 2 p. m. yesterday, after burning embers prevented firemen from investigating for nearly 12 hours.

Knece leaped through a window seconds before the roof fell in. He related that he accompanied Rossiter to his home Tuesday evening.

Knece stated he fell asleep on a davenport and Rossiter in a chair. Shortly after 3:30 a. m. Wednesday, Knece awakened to find the two-story farmhouse filled with smoke. Without hesitation he leaped through a window to safety.

* * *

ROSSITER'S brother, Loris, who resided across the road, noticed the fire about the same time. He smashed in a door, but was driven back by the terrific heat and smoke. Rossiter's body was found near a door.

The Adelphi Fire Department was called to the scene, but the fire was raging out of control upon its arrival. Ross County deputies said the house had been wired recently and it was believed that a short in the wiring may have started the blaze.

Rossiter was a collector of antiques and had an estimated $1,000 worth of phonograph records in his home, which may have added to the intensity of the fire.

Rossiter, a farmer and a seasonal employe of the Esmeralda Canning Co. here for many years, was born May 22, 1900 near Hallsville, the son of Umpharey and Alice Miller Rossiter, near Hallsville, who survive.

Other survivors include a sister, Mrs. Mazie Wise, Chillicothe, and five brothers, Loris, Darwin and Cecil, near Hallsville, and Roland and Arlie, Adelphi.

Funeral services will be at 2 p. m. Friday in the L. E. Hill Funeral Home, Kingston. Burial will be in Hallsville Cemetery.

Friends may call at the funeral home after 6 p. m. today.

Washington C. H. NLRB Poll Slated

CINCINNATI (AP) — A collective bargaining representative election was ordered held Feb. 27 at Med-O-Pure Foods, Inc., Washington Court House, by the National Labor Relations Board today.

Local 379, Dairy, Bakery and Food Workers Union, has asked for the right to represent 35 production and maintenance workers in such bargaining.

Civil Strife Looms As Iraq Leans Red

BAGHDAD, Iraq (AP) — Premier Abdel Karim Kassem's split with the followers of U.A.R. President Nasser and his closer relations with Iraq's Communists are threatening to tear his revolutionary government apart and plunge the nation into fierce civil strife.

Kassem himself is still extremely popular, but there are many doubts arising about his entourage.

In short, the honeymoon is ending for the revolutionary forces which overthrew the pro-Western government of Nuri Said and assassinated young King Faisal last summer.

With the Nasserites evicted from the Cabinet, the men around Kassem now are dissipating popular enthusiasm for the republican regime by an increasingly stern effort to put Iraq into a quasi-Marxist doctrinal straitjacket through police state methods.

The result is a wave of privately-voiced criticism which would have been unthinkable a month ago.

The trend appears to be toward even more of a military dictatorship, with political inspiration coming from the far left.

The government's new direction stems from Kassem's stubborn determination to rival Nasser as a candidate for eventual leadership of all the Arabs.

To do this under present circumstances Kassem must play along with the Iraqi Communists, in effect giving the Soviets another potential bridgehead in the Middle East.

The underpopulated country is suddenly plagued with unaccustomed unemployment. Various construction projects are at a standstill while the cumbersome bureaucracy hunts for evidences of graft and corruption in pre-revolution contracts.

Merchants report business has never been so bad. People are beginning to feel the economic pinch.

Col. Abdel Salam Aref, who helped engineer the revolution which put Kassem in power and once was No. 2 man in the revolutionary government, has been sentenced to death for plotting against Kassem.

Uneasiness has been heightened by the resignation of six pro-Nasser Cabinet ministers early this month. Their replacements lean far to the left.

Mexico Hails Visit by Ike

Red Call for Rally Against U.S. Flops

ACAPULCO, Mexico (AP) — President Eisenhower flew into this tropical resort today to begin two days of talks with Mexico's President Adolfo Lopez Mateos.

Communist calls for anti-American demonstrations apparently were being ignored by thousands of holidaying Mexicans and others as the scrubbed and shining city readied its best holiday face for the chief executive from the north.

Communist pamphlets charged Eisenhower was coming to enslave Mexico as a satellite of the United States. But the pamphlets were not widely distributed.

U.S. Secret Service agents here to guard Eisenhower during his two-day visit showed no concern. Mexican police have chased about 150 potential troublemakers out of town.

President Eisenhower left Washington Wednesday in his plane, the Columbine III. He spent the night at Bergstrom Air Force Base, near Austin, Tex.

Eisenhower told his Washington news conference the primary purpose of his Mexican visit is to pay his respects to a great neighboring republic. He last met a Mexican president in March 1956, when Lopez Mateos' predecessor, Adolfo Ruiz Cortines, visited White Sulphur Springs, W.Va.

Among those accompanying Eisenhower were the President's youngest brother, Dr. Milton S. Eisenhower, president of Johns Hopkins University and a top adviser on Latin American affairs; the President's son John; Roy R. Rubotton, U.S. assistant secretary of state for inter-American affairs; and Mexico's ambassador to the United States, Antonio Carrillo Flores.

After the welcoming ceremonies, the two presidents were to talk this afternoon on the Mexican presidential yacht Sotavento.

Lopez Mateos was under leftwing pressure to make no concessions to Eisenhower which might infringe on Mexico's sovereignty.

'Old Lady' Bank Robber Faces Prison

NEW YORK (AP)—New York's "little old lady" bank robber faces a prison term of up to 10 years.

Vera Owen Wilson, 57, pleaded guilty in General Sessions Court Wednesday to a charge of third-degree robbery in a $3,420 bank holdup Dec. 3.

Mrs. Wilson obtained the money at a branch of the First National City Bank in Manhattan after threatening to throw acid in the face of a teller. She escaped but claimed she dropped the money on the street later and was afraid to reclaim it. It has never been recovered.

She was caught in a subsequent holdup attempt Jan. 2 as she tried to leave a nearby branch of the Industrial Bank of Commerce with $1,190 also obtained on a threat of flinging acid. In both cases the acid proved to be water.

Mrs. Wilson, a widow who said she staged the robberies because she was homeless and broke, originally was indicted on four different counts but was allowed to plead guilty to the single charge. She will be sentenced April 6.

22 Negroes, No Whites Enter School

FRONT ROYAL, Va. (AP)—Classes began today for 22 Negro pupils in the newly reopened Warren County High School, integrated in theory but segregated in fact.

The 22 were the only pupils to appear at the previously all-white school of 1,000.

Less than a dozen townspeople gathered at the school this morning but there was no disturbance. Policemen still patrolled the area. The Negro children arrived in autos as they had Wednesday to register.

School officials said they were convinced no white pupils would enroll.

The white children are either attending classes being operated by a private foundation, or have gone to other schools.

The school had been closed since September under state anti-integration laws. Nearly 800 white pupils have been attending private classes.

Until Wednesday the county had no high school for Negroes.

Principal James Duff said, "Practically all courses the students require will be offered" despite the small registration. There will be no extracurricular activities, however, unless more pupils enroll. The school cafeteria will be closed.

A white faculty of 10 will teach at the 40-classroom high school.

Chairman Selected

COLUMBUS, Ohio (AP) — Mrs James B. Patton of Columbus is the new chairman of the Ohio Lincoln Sesquicentennial Committee.

Gov. Michael V. DiSalle today announced her elevation from the vice chairmanship of the committee to succeed Earl W. Wiley of Columbus, who was designated chairman emeritus.

Envoy Talks To Avert War

U.S. Leaders Confident Of Accord in Berlin

WASHINGTON (AP) — In spite of talk about a shooting war over Berlin, U.S. officials expressed confidence today that a conflict can be avoided by diplomatic negotiation.

There is considerable belief in high quarters here, however, that Soviet Premier Nikita S. Khrushchev may try to substitute a summit conference for the foreign ministers meeting proposed this week by the Western powers.

Some U.S. authorities expect that Krushchev will issue a call for a heads of government session to be held in the near future.

There is some speculation that he would like to get a conference before Secretary of State John Foster Dulles is well enough to attend. Khrushchev and other Soviet leaders have often denounced Dulles and sometimes contend they could not do business with him.

Dulles is hospitalized for an indefinite period, recovering from a hernia operation and preparing to undergo treatment of cancer.

Present indications are that the United States, Britain and France would be prepared to go into a summit meeting only if it were preceded by a foreign ministers conference in which there was substantial progress toward East-West agreement on outstanding German problems, including Berlin.

The Soviet government has said that it intends to turn over its occupation authority in East Berlin to the East German Communist government. The Western powers do not recognize this regime and have so far refused to do business with it. They therefore anticipate difficulties if the East Germans try to exercise control over their access routes from West Germany to Berlin.

Good Example Of Bird Brain

DETROIT (AP) — A sparrow, dallying over a meal of bread crumbs, found its feet frozen in a puddle.

Cass Kulsea, a bird watcher, noticed its predicament.

Kulsea said he chipped the bird loose with his pocket knife but there was so much ice around its feet it couldn't move.

Kulsea took the bird in his home, held it under a faucet and ran warm water over the ice until it melted. Then he released the sparrow and it promptly went back to the bread crumbs.

Ashville Sets May Dates for Band Festival

Noted for their fine spring musicals, the Ashville Schools Music Departments plan to present something entirely new and different this year by presenting to the community a circus, fair, and musical all in one big package.

As in the past, plans for the annual event were started in November.

Dates and final arrangements were being set when an unexpected letter from New York notified the directors that despite previous arrangements, the original M.G.M. musical fantasy, "The Wizard of Oz" would not be available for their particular dates.

Thus plans were altered and the second presentation of the "Greatest Show On Earth" was decided upon. In previous years, "Vaudeville, U.S.A.", "Greatest Show On Earth", and "Around The World In 80 gdays", were themes.

* * *

THE 1959 "GREATEST Show on Earth", will vary from the 1957 version a great deal. Facilities of the Ashville high school auditorium, the two community shelters, and the community park have been booked for the 1959 show by the Ashville-Harrison Band Boosters.

This organization financially backs each annual show. Dates for the show have been set for May 15, 16 and 17.

Though plans are in the rough draft form and committees are just being organized, the show promises to be a community-type affair where everyone participates and in turn, finds something of specific interest.

Local businesses, citizens, clubs, churches and schools, will be encouraged to have displays, free of charge. Many displays of interest to old and young alike are being booked to round out the show. Prizes are to be awarded in a "fair-style" to outstanding exhibitors.

Two stage shows will be presented by the Ashville Concert Band. A few highlights of the show will be a "dog show", a "style-show", children's storyland presenting the "Three Bears" and "Three Pigs", and outstanding soloists. A band is being booked for free day-time concerts.

The 107 member Ashville-Harrison Band will present free concerts and a sacred concert presented by a 100 voice chorus with piano, organ, and instrumental accompaniment will end the community celebration.

Rep. Dan Reed, 83, Dies in Hospital

WASHINGTON (AP) — Rep. Daniel Alden Reed (R-NY) died today at Walter Reed Hospital where he had been receiving treatment for 14 weeks for an infected foot. He was 83.

The veteran congressman, born at Sheridan, N.Y., was elected to Congress Nov. 5, 1918 and has served continuously from New York's 43rd Congressional District since that time.

Reed was chairman of the tax-writing House Ways and Means Committee in the 83rd Congress when the Republicans were in the majority. He was ranking Republican on the group at the time of death.

U.S. Cuts Price Supports On 8 Crops by Half Billion

WASHINGTON (AP) — The potential producer value of eight crops has been reduced more than half a billion dollars by a cut in government price support levels.

The crops are rye, barley, grain sorghums, oats, soybeans, cottonseed, flaxseed and dry beans.

Secretary of Agriculture Benson announced Wednesday that his department will support prices of these crops at lower levels this year than last.

Should market prices adjust to the lower supports—as they are expected to do in view of the existing price-depressing surpluses—grower returns would be decreased correspondingly.

Likewise, the government's own outlay on supplies which it would take over under price support operations would be reduced also.

In the case of a ninth crop — corn—Benson set a new rate which probably will have little effect on the value of this crop.

Newly announced supports for this year compared with last year, respectively, included: Rye 90 cents a bushel this year $1.10 last; barley 77 cents and 93 cents; grain sorghums $1.52 and $1.83 a hundred pounds; oats 50 cents and 61 cents a bushel; soybeans $1.85 and $2.09; flaxseed $2.38 and $2.78; dry beans $5.35 and $6.18 a hundred pounds, and cottonseed $38 and $45 a ton for cottonseed stored on farms and $34 and $41 for cottonseed purchased by the government.

On the basis of crops of the size produced last year, these reductions in supports—if reflected in market prices—would reduce the value of these crops roughly as follows: Rye $6,400,000; barley 75 millions; grain sorghums 100 millions; oats 136 millions; soybeans 160 millions; flaxseed 16 millions; dry beans $3,400,000 and cottonseed 35 millions.

In the case of corn, Benson set the 1959 rate at a minimum of $1.12 a bushel. This compares with last year's dual rate of $1.36 for corn grown on farms complying with acreage allotments and $1.06 for corn grown on noncomplying farms.

Under a new program in effect this year, there will be no acreage allotments. Farmers will be free to produce all the corn they desire. But there will be a single rate of $1.12.

Ashville Band Boosters Give Instruments

William Pangburn, director of instrumental music at the Ashville, South Bloomfield and Duvall Schools announced that the Ashville-Harrison Band Boosters recently presented the departments with needed instruments and supplies.

They included one Conn electronic tuner; a bass clarinet; pair of concert cymbals, five tuba mouthpieces, and one tuba completely reconditioned.

One tuba is in the shop now for complete recondition and a cabinet for 70 music stands is on order.

Entrance fees for seven soloists and ensembles to the District 13 Ohio Musical Educators Competition Festival have been paid by the group and special contest music for the Concert Band has been secured.

Ashville-Harrison Band Booster officers are Joan Roby, president; Georgia Mallory, vice president, and Mearle Gulick, secretary-treasurer.

Bored Kid Is Held; Smashes Cops' Window

CANADAIGUA, N.Y. (AP)—As policemen gathered for a meeting of their benefit association at Police headquarters in this western New York community, a small jar crashed through the window. Inside was a note saying: "Dear sir, your window is broken."

They quickly caught the thrower, William Souier, 16, who explained: "There isn't much for a kid to do in this town, so I thought I would have a little excitement."

He was charged with malicious mischief.

2 Ohio Schools Ask for Hearings

COLUMBUS, Ohio (AP) — The high school at Moscow in Clermont County apparently will be the first to gain a hearing on a State Board of Education resolution revoking its temporary charter.

The board recently revoked temporary charters of 20 high schools which failed to meet minimum state standards.

The high schools were given 30 days to appeal.

Attorney Hugh E. Kirkwood of Columbus, who was appointed referee to conduct the hearings and make recommendations, said today that two schools have appealed, Moscow and Quincy in Logan County. He said Moscow will probably be first to have its appeal heard because it was the first to appeal. Both appeals were received Tuesday.

Mustering Out Benefits Ceased in '55

Questions of interest to ex-servicemen should be given to Pickaway County Veterans Service Officer, Jim Shea. His offices are in the basement of the Courthouse.

Q—I was drafted in the Army in January 1956. I will be discharged next month. Will I get any mustering-out pay?

A—You will not be eligible for mustering-out pay, as this benefit was restricted to Korean War Veterans with service between 1950 and 1955.

Q—Is a World War II veteran still eligible for schooling under the G. I. Bill?

A—World War II veterans were not entitled to any schooling after July 25, 1956, except for those who entered the service between Oct 6, 1945 and Oct. 6, 1946, in which case education benefits may be granted for nine years after discharge.

Q—Can the proceeds of GI Insurance paid to a beneficiary be attached by creditors?

A—NO IT CANNOT. Such proceeds are exempted by law from the claims of creditors. Such proceeds may not be seized or attached to pay debts of any kind.

Q—My husband, who was in World War II, recently died of complications from injuries received in the service. I wish to make an application for death compensation benefits. Will my present income have any bearing on my eligibility?

A—Your income will have no bearing whatsoever on your eligibility. If your husband died of complications caused by his service connected disability, and if you meet other requirements, you will receive death benefits, regardless of the amount of income you may have.

Q—Now that it is legally possible to convert my Korean G I term insurance to a permanent plan, I intend to do so. But what advantages are there on premanent G I Insurance? Will I be able to borrow on it?

A—Yes, provided your policy is in full force, under the law. The policy also will have other advantages of permanent plan insurance, such as a paid up and a cash surrender value, and, of course, a stable premium rate.

Q—Is it possible for a veteran to receive Total - Non - Service - Connected-Pension and Social Security before he reaches the age of 65?

A—If a veteran is found eligible for both benefits before he reaches the age of 65, he can draw both at the same time. The Pension will have no bearing on the Social Security, however, the Social Security will be counted as income toward the income limitation regarding the pension.

Southern Ohio OSPE Group Meets Here

Members of the Southern Ohio Chapter of the Ohio Society of Professional Engineers met at the Mecca Restaurant here recently to plan local activities for the nationally celebrated Engineers Week February 21-28.

The Southern Ohio Chapter of OSPE includes several Circleville residents as well as members from Chillicothe, Washington C. H., Wilmington, Hillsboro, Greenfield and other places near these cities. Thirty nine members were present at the meeting.

Circleville residents present at the meeting were Charles G. Smith, Henry T. McCrady, Phillip Hines, William Sullivan, Maynard W. Slack, James L. Sutton, Wendell G. Goodman, Winship W Story and Clayton T. Vaughan. Other Circleville members not present were Art McCoard, Dave Craven, Walter Yamarick and Frank Baum.

There are about 20,000 registered engineers in the state of Ohio. President Eisenhower has signed a proclamation for a national celebration of Engineers Week.

* * *

ACTIVITIES planned locally include use of posters and distribution of pamphlets in high schools in the area covered by the Southern Ohio Chapter.

Arthur S. Wells, a member from Chillicothe, presented a program on paper making following the business meeting. Formerly of Meade Paper Co., Chillicothe, he arranged for a talk and motion picture on this subject.

Senator Warns TV Industry

WASHINGTON (AP) — Sen. John Marshall Butler (R-Md) says television and TV advertisers must clean house or face the possibility of Congress doing it for them.

The networks, Butler said, are digging their own graves by offering programs which he contended are devoted to wholesale murder and commercials "geared to know-nothings."

Butler said commercial TV and TV advertisers appear to have adopted an attitude of the "public be darned."

Ashville Sets May Dates for Band Festival

Noted for their fine spring musicals, the Ashville Schools Music Departments plan to present something entirely new and different this year by presenting to the community a circus, fair, and musical all in one big package.

As in the past, plans for the annual event were started in November.

Dates and final arrangements were being set when an unexpected letter from New York notified the directors that despite previous arrangements, the original M.G.M. musical fantasy, "The Wizard of Oz" would not be available for their particular dates.

Thus plans were altered and the second presentation of the "Greatest Show On Earth" was decided upon. In previous years, "Vaudeville, U.S.A.", "Greatest Show On Earth", and "Around The World In 80 gdays", were themes.

* * *

THE 1959 "GREATEST Show on Earth", will vary from the 1957 version a great deal. Facilities of the Ashville high school auditorium, the two community shelters, and the community park have been booked for the 1959 show by the Ashville-Harrison Band Boosters.

This organization financially backs each annual show. Dates for the show have been set for May 15, 16 and 17.

Though plans are in the rough draft form and committees are just being organized, the show promises to be a community-type affair where everyone participates and in turn, finds something of specific interest.

Local businesses, citizens, clubs, churches and schools, will be encouraged to have displays, free of charge. Many displays of interest to old and young alike are being booked to round out the show. Prizes are to be awarded in a "fair-style" to outstanding exhibitors.

Two stage shows will be presented by the Ashville Concert Band. A few highlights of the show will be a "dog show", a "style-show", children's storyland presenting the "Three Bears" and "Three Pigs", and outstanding soloists. A band is being booked for free day-time concerts.

The 107 member Ashville-Harrison Band will present free concerts and a sacred concert presented by a 100 voice chorus with piano, organ, and instrumental accompaniment will end the community celebration.

Rep. Dan Reed, 83, Dies in Hospital

WASHINGTON (AP) — Rep. Daniel Alden Reed (R-NY) died today at Walter Reed Hospital where he had been receiving treatment for 14 weeks for an infected foot. He was 83.

The veteran congressman, born at Sheridan, N.Y., was elected to Congress Nov. 5, 1918 and has served continuously from New York's 43rd Congressional District since that time.

Reed was chairman of the tax-writing House Ways and Means Committee in the 83rd Congress when the Republicans were in the majority. He was ranking Republican on the group at the time of death.

U.S. Cuts Price Supports On 8 Crops by Half Billion

WASHINGTON (AP) — The potential producer value of eight crops has been reduced more than half a billion dollars by a cut in government price support levels.

The crops are rye, barley, grain sorghums, oats, soybeans, cottonseed, flaxseed and dry beans.

Secretary of Agriculture Benson announced Wednesday that his department will support prices of these crops at lower levels this year than last.

Should market prices adjust to the lower supports—as they are expected to do in view of the existing price-depressing surpluses—grower returns would be decreased correspondingly.

Likewise, the government's own outlay on supplies which it would take over under price support operations would be reduced also.

In the case of a ninth crop — corn—Benson set a new rate which probably will have little effect on the value of this crop.

Newly announced supports for this year compared with last year, respectively, included: Rye 90 cents a bushel this year $1.10 last; barley 77 cents and 93 cents; grain sorghums $1.52 and $1.83 a hundred pounds; oats 50 cents and 61 cents a bushel; soybeans $1.85 and $2.09; flaxseed $2.38 and $2.78; dry beans $5.35 and $6.18 a hundred pounds, and cottonseed $38 and $45 a ton for cottonseed stored on farms and $34 and $41 for cottonseed purchased by the government.

On the basis of crops of the size produced last year, these reductions in supports—if reflected in market prices—would reduce the value of these crops roughly as follows: Rye $6,400,000; barley 75 millions; grain sorghums 100 millions; oats 156 millions; soybeans 160 millions; flaxseed 16 millions; dry beans $3,400,000 and cottonseed 35 millions.

In the case of corn, Benson set the 1959 rate at a minimum of $1.12 a bushel. This compares with last year's dual rate of $1.36 for corn grown on farms complying with acreage allotments and $1.06 for corn grown on noncomplying farms.

Under a new program in effect this year, there will be no acreage allotments. Farmers will be free to produce all the corn they desire. But there will be a single rate of $1.12.

Ashville Band Boosters Give Instruments

William Pangburn, director of instrumental music at the Ashville, South Bloomfield and Duvall Schools announced that the Ashville-Harrison Band Boosters recently presented the departments with needed instruments and supplies.

They included one Conn electronic tuner; a bass clarinet; pair of concert cymbals, five tuba mouthpieces, and one tuba completely reconditioned.

One tuba is in the shop now for complete recondition and a cabinet for 70 music stands is on order.

Entrance fees for seven soloists and ensembles to the District 13 Ohio Musical Educators Competition Festival have been paid by the group and special contest music for the Concert Band has been secured.

Ashville-Harrison Band Booster officers are Joan Roby, president; Georgia Mallory, vice president, and Mearle Gulick, secretary-treasurer.

2 Ohio Schools Ask for Hearings

COLUMBUS, Ohio (AP) — The high school at Moscow in Clermont County apparently will be the first to gain a hearing on a State Board of Education resolution revoking its temporary charter.

The board recently revoked temporary charters of 20 high schools which failed to meet minimum state standards.

The high schools were given 30 days to appeal.

Attorney Hugh E. Kirkwood of Columbus, who was appointed referee to conduct the hearings and make recommendations, said today that two schools have appealed, Moscow and Quincy in Logan County. He said Moscow will probably be first to have its appeal heard because it was the first to appeal. Both appeals were received Tuesday.

Mustering Out Benefits Ceased in '55

Questions of interest to ex-servicemen should be given to Pickaway County Veterans Service Officer, Jim Shea. His offices are in the basement of the Courthouse.

Q—I was drafted in the Army in January 1956. I will be discharged next month. Will I get any mustering-out pay?

A—You will not be eligible for mustering-out pay, as this benefit was restricted to Korean War Veterans with service between 1950 and 1955.

Q—Is a World War II veteran still eligible for schooling under the G. I. Bill?

A—World War II veterans were not entitled to any schooling after July 25, 1956, except for those who entered the service between Oct. 6, 1945 and Oct. 6, 1946, in which case education benefits may be granted for nine years after discharge.

Q—Can the proceeds of GI Insurance paid to a beneficiary be attached by creditors?

A—NO IT CANNOT. Such proceeds are exempted by law from the claims of creditors. Such proceeds may not be seized or attached to pay debts of any kind.

Q—My husband, who was in World War II, recently died of complications from injuries received in the service. I wish to make an application for death compensation benefits. Will my present income have any bearing on my eligibility?

A—Your income will have no bearing whatsoever on your eligibility. If your husband died of complications caused by his service connected disability, and if you meet other requirements, you will receive death benefits, regardless of the amount of income you may have.

Q—Now that it is legally possible to convert my Korean G I term insurance to a permanent plan, I intend to do so. But what advantages are there on premanent G I Insurance? Will I be able to borrow on it?

A—Yes, provided your policy is in full force, under the law. The policy also will have other advantages of permanent plan insurance, such as a paid up and a cash surrender value, and, of course, a stable premium rate.

Q—Is it possible for a veteran to receive Total - Non - Service - Connected-Pension and Social Security before he reaches the age of 65?

A—If a veteran is found eligible for both benefits before he reaches the age of 65, he can draw both at the same time. The Pension will have no bearing on the Social Security, however, the Social Security will be counted as income toward the income limitation regarding the pension.

Friends may call at the funeral home.

RUSSELL J. KELLER

Mr. Russell J. (Dick) Keller, 64, Williamsport, died at 11:30 p. m. yesterday in Berger Hospital following a brief illness.

He was born Feb. 20, 1894 in Ross County, the son of Joseph and Ella Gray Keller.

He was a painter and decorator, veteran of World War I and a member of the New Holland Legion.

He is survived by his wife, Donna Wright Keller.

Other survivors include: five sons, Eugene, Grove City, Kenneth, 541 E. Main St., Curtis, Williamsport, Dale, Route 2, Williamsport and Bobby, of the home; a daughter, Mrs. Margaret Morrison, Williamsport; two brothers, Roy Keller, Kingston and Donald Keller, Columbus; three sisters, Mrs. Gladys Russell, Route 2, Mrs. Ethel Root and Mrs. Grace Figlestahler, both of Columbus.

Funeral services will be held at 2 p. m. Saturday in the Hill Funeral Home, Williamsport, with the Rev. William McOmber officiating. Burial will be in Springlawn Cemetery, Williamsport.

Friends may call in the funeral home.

Southern Ohio OSPE Group Meets Here

Members of the Southern Ohio Chapter of the Ohio Society of Professional Engineers met at the Mecca Restaurant here recently to plan local activities for the nationally celebrated Engineers Week February 21-28.

The Southern Ohio Chapter of OSPE includes several Circleville residents as well as members from Chillicothe, Washington C. H., Wilmington, Hillsboro, Greenfield and other places near these cities. Thirty nine members were present at the meeting.

Circleville residents present at the meeting were Charles G. Smith, Henry T. McCrady, Phillip Hines, William Sullivan, Maynard W. Slack, James L. Sutton, Wendell G. Goodman, Winship W Story and Clayton T. Vaughan. Other Circleville members not present were Art McCoard, Dave Craven, Walter Yamarick and Frank Baum.

There are about 20,000 registered engineers in the state of Ohio. President Eisenhower has signed a proclamation for a national celebration of Engineers Week.

* * *

ACTIVITIES planned locally include use of posters and distribution of pamphlets in high schools in the area covered by the Southern Ohio Chapter.

Arthur S. Wells, a member from Chillicothe, presented a program on paper making following the business meeting. Formerly of Meade Paper Co., Chillicothe, he arranged for a talk and motion picture on this subject.

Senator Warns TV Industry

WASHINGTON (AP) — Sen. John Marshall Butler (R-Md) says television and TV advertisers must clean house or face the possibility of Congress doing it for them.

The networks, Butler said, are digging their own graves by offering programs which he contended are devoted to wholesale murder and commercials "geared to know-nothings."

Butler said commercial TV and TV advertisers appear to have adopted an attitude of the "public be damned."

Eliminate Those U.S. Jobs!

It is not surprising to note the large number of state capitals keeping the federal government company in its losing battle with budgets, when one realizes there are now 11 million, or one out of six working Americans, on the payroll of some level of government.

Employment in private industry has increased 660 per cent since this century began, but the federal government has increased its payroll to 12 times the 1900 figure. Local and state governments have grown even faster, their payrolls now outnumbering federal employes by more than 900,000.

What services do these 11 million persons perform for the public? Sixty per cent are engaged in two occupations: military (35 per cent) and education (25 per cent). Others which occupy large segments of the government working force are health services, postal operations, and highway construction and maintenance. Others perform such non-government type duties as embalming, blowing glass and classifying cotton.

Interestingly — although tragically indicative of the manner in which an unbridled public payroll soon spills over into non-government activities — significant is the fact that only about one-third of the 11 million actually are engaged in the type of activities generally considered the business of government. This third includes the 2.6 million in the armed forces, the police and fire departments of the nation and a scattering of other "service" personnel.

It is not healthful for a country opposed to socialism to reduce its productive force to five-sixths of its working population. In addition to the high taxation resulting therefrom, the natural growth tendencies of established government bureaus becomes more difficult to control.

In the next decade the ratio of government employes will continue to grow unless there is a concerted effort by all levels of government to remove themselves from all areas not legitimately assigned to them.

Bathroom Waterfall Is Best

By Hal Boyle

NEW YORK (AP)—We have a new morning ritual in our home.

The other morning I was in the bathroom and shaving when my young daughter, Tracy Ann, entered carrying Lady Dottie, her cat.

Without saying a word Tracy walked over and flushed the toilet three times, while the cat, held aloft in her arms, watched with an eager intensity.

As they started to march out, I asked: "What's the big idea?"

"Nothing, daddy. Lady Dottie just likes to watch waterfalls."

"Well, take her out in the kitchen and turn on the faucet there," I told her crossly.

"I can't."

"Why not?"

"It's not the same thing," said Tracy with that air of exaggerated patience children adopt when explaining something to their ignorant elders. "Lady Dottie doesn't like to watch kitchen waterfalls. She likes bathroom waterfalls."

Now, every morning, whether I'm late to work or not, all operations in my bathroom halt while Lady Dottie watches her quota of three waterfalls. We have another bathroom but for some reason Lady Dottie doesn't like to watch waterfalls in it.

I cite this incident only to show how a cat that comes into a house as a guest stays to become its boss. Four months ago when Lady Dottie arrived as a mewing kitten, I was one of the dog-lovingest, cat-disdainest husbands in America.

Now I find my life is surrounded by four white paws. So are the lives of the rest of our family.

We spend most of our time now pleasing Lady Dottie. Her whims are getting more imperial every day.

I can remember when Lady Dottie was overjoyed to get a can of cat food. Not now. The other night I arrived home and smelled a turkey roasting in the oven.

"Who's coming to dinner—President Eisenhower?" I asked.

"No," said my wife, Frances. "I just thought Lady Dottie was getting tired of beef liver. The turkey will make her feel better."

I thought of observing that if I had asked for turkey it would have been granted only as a deathbed request. But I held my peace. A husband who openly admits he is jealous of a cat has already lost his battlefield. This attitude paid off. Lady Dottie let me have a fair share of the turkey.

'Fixer' Menace to Our System

By George Sokolsky

One often hears of the fellow behind the fellow who made the great man great, who thinks his thoughts, who directs his actions, who got him where he is today.

It must occur to many to ask, why if he could do so much for another fellow, he can't do anything for himself? There is the run-down-at-the-heel speechwriter who pens the great thoughts of the great man; and yet when asked to say a few words, this press agent flutters and splutters and ends with some bar-room joke to get a laugh.

In business circles, this is particularly current. "Who is he? Why he just had all the luck. I came in and straightened out all the mistakes he made on the way up. Sure he's got the dough, but that's luck." They used to say about Edison that he swiped other men's work, but the "other men" did not step forward to make the claim.

I suppose it is human nature for some who know a man who knows a man to say that he can stick a line of type in somebody's work or slant a position or who, after something has appeared, can go about bragging of his influence.

Politicians suffer from this disease more than any other group. The fellow who is "close to. . ." is particularly menacing, for he usually takes money to do what he cannot deliver and when he has failed, the enmity is directed not to the fixer who failed but to the political figure who does not even know he was being delivered. Not everybody, however, does this for money. Much of it might be called "Big Shotism," a strictly American disease.

In a country where status is recognized, a man's position is clearly determined. In Great Britain, those who are entitled to be present at the Coronation, for instance, know that they are and no pushing and shoving will dislodge them. Maybe our way is more democratic, but some pretty awful people push to the front only because they sold a few more bananas than somebody else.

It is this desire to push to the front, without qualifications, that produces the disease of "Big Shotism." It may start with such a simple statement as "I'm a friend of the Mayor," when the cop writes out a ticket.

But it moves along to greater lengths, like a fellow who claims that everybody is his friend.

I have had the experience of seeing a fellow come up to a leading and responsible public official, talk to him in a most intimate manner, call the official by his first name, let his friends see how close they are, and then have the official turn to an assistant or a newspaperman and whisper, "Who is he?"

The prowling intimate has probably made a deal out of it. By giving the impression of intimacy, he has convinced some onlooker that it is possible to do business with the public official through him. He knows everybody. He has contacts. He can deliver. And if it should so happen that what is finally done is what his clients asked him to do, he can say: "Look, what a great guy am I" and gets paid off.

Such connivers are usually strictly on their own, playing a game in which it is impossible for the victims to discover the truth, and if discovery is made, nothing can be done but to slap the fellow down. They work all sides of the street often not so much for a living as for the joy of fixing. This is not strictly a racket; it is a pathological disease. The fixer is one of the most dangerous developments in a system in which status is not recognized.

We might as well accept it that the fellow who makes the grade in whatever walk of life did it on his own ability and that while he may have had assistance on the road, the fellow who claims that "he made him what he is today," is in all probability only somebody who stood by and picked up a crumb.

If a fellow has to announce what a Big Shot he is, the likelihood is that he is just the Water Boy to the man who knows how to do things in his own field. The fixer, like the speech-writer, comes a dime a dozen.

Diet for Tired Executives

By Herman N. Bundesen, M.D.

I wrote a column a short time ago about how many executives become tired and lose much of their drive and ambition simply because they eat inadequate meals, particularly breakfast and lunches.

Since then a number of harried businessmen have asked me just what they should eat.

Well, that put me on the spot.

I looked around for a special diet for the tired executive — and I found one. Several years ago three Chicago physicians undertook some extensive research on "Exhaustion in the Young Business Executive" and came up with a special diet.

So here is a "Suggested Diet for Fatigued Executives" as recommended by Drs. Sidney Portis, Irving Zitman and Charles Lawrence in a report in the Journal of the American Medical Association:

Foods to Include Daily:

Cereal and bread: whole grain or enriched, four or more servings.

Meat, poultry or fish: Two servings or more.

Eggs: At least three a week.

Vegetables: At least two servings a day; one serving or more should be of a green or yellow vegetable.

Potatoes: At least one serving.

Fruits: At ltast two servings; one serving should be of citrus fruit or melon; avoid the syrup of canned fruits.

Milk: One pint or more.

Water: Six to eight glasses (this may include coffee or tea).

Desserts: Fruit as specified, simple puddings, fruit gelatin, simple cakes (pound or sponge cake without icing), simple cookies.

Fast: As needed and desired.

Now here is a sample daily menu using these foods:

Breakfast: Orange juice, oatmeal, poached egg, toast, butter, coffee (no sugar).

Lunch: Tomato juice, broiled trout, asparagus, combination salad with dressing, bread, fruit cup, butter, tea or coffee (no sugar).

Dinner: Chicken broth with rice, broiled lamp chops, baked potato, julienne carrots, salad, bread, butter, baked custard, tea or coffee (again, no sugar).

In addition to this, you should drink a 6 ounce glass of milk at 10 a. m., another at 3 p. m. and a third before bedtime. For the bedtime snack you can also have crackers, cereal or toast and some fruit.

And there you have it—a day's meal for the tired executive.

Question and Answer

R.T.: What is the cause of warts on the bottom of the feet, and what is the best and quickest way to remove them?

Answer: These are called plantar warts, the cause of which is unknown. They may be very stubborn, and various treatments have been used, including local medication, freezing, radiation and surgical removal.

Doctor Says Dulles Should Go To Work

MILWAUKEE, Wis. (AP) — Dr Gunnar Gundersen of La Crosse, president of the American Medical Assn., says that if he were Secretary of State John Foster Dulles he would keep on working "to the bitter end."

Dr. Gundersen was interviewed Sunday on a local television show. Dulles' name was not mentioned but the question put to the AMA president obviously referred to the secretary of state who was found Saturday to be suffering from a recurrence of cancer.

The World Today

By James Marlow

WASHINGTON (AP) — In full health Secretary of State John Foster Dulles was criticized, but in this moment of his serious illness he is eulogized and is even spoken of as indispensable. Why?

For perhaps these two reasons:

1. His critics at home have fully differed with him not on his basic foreign policy but only on his handling of individual situations.

2. He has so completely dominated foreign policy that he represents it and it is hard to think of anyone else coping with the crisis coming up in Germany.

The policy followed by Dulles and President Eisenhower was the one laid down by President Truman and Secretary of State Dean Acheson.

This was to surround the Soviet Union and Red China with military bases and alliances and make no concessions, or very few.

At the root of this policy there has always, perhaps, been a certain amount of wishful thinking that if a ring could be kept tight around the Communist world, in time it might weaken, suffer drastic internal changes, or perhaps disintegrate.

It's a wish that hasn't come true. The man credited with being the author o this containment policy back in Acheson's day, George Kenan, who was then head of the State Department planning staff, is having second thoughts now.

He's not the only one. There is talk nowadays of being flexible with the Soviet Union. Being flexible can mean giving concessions, with or without concessions in return.

While Dulles has been pretty much as one with the rest of the country on his basic policy of containment, there have been times when his wisdom on individual decisions within the broad policy has been questioned.

He has been criticized, for example, for his handling of President Nasser of Eyypt, for his use of big-sounding phrases, like "massive retaliation" and "brink of war and for his disproven optimism about the results of the 1955 summit conference.

But through it all he was a sturdy, unyielding antagonist of world communism.

Because he ran foreign policy almost by himself and made his job such a one-man operation, both his critics and his admirers have difficulty now in seeing anything but a vacuum if he should not be able to return to his desk.

It's possible Dulles will for some time have a strong hand not only in current problems but in foreign affairs in general.

Nevertheless, as a matter of reality, the Eisenhower administration must be thinking in terms of a successor just in case the cancer-stricken secretary, despite his extraordinary endurance, can't come back.

There's a good, immediate reason for the need of such forethought.

The United States and its Allies face an upcoming crisis over Germany, created by the Soviet Union which wants the Allies out of West Berlin and threatens to turn control of access to the city over to the East Germans by May 27.

Newest Moon Only First Of U.S. Series

WASHINGTON (AP) — The new, orbiting Vanguard II may signal the start of a banner period for American satellites.

Roy W. Johnson, director of the Pentagon's Advanced Research Projects Agency, said Tuesday so many satellites may be shooting through the sky soon that it may be difficult to keep track of them.

Testifying before the House Space Committee, Johnson gave this picture of the United States' future traffic boom in space:

By the middle of this year, another weather satellite, checking on clouds, will be launched. More weather satellites will follow.

Before the year is up, the first of a new series will be launched. The purpose of this project is to develop a system of navigation based on satellites.

In 1960, satellites will be used to try to start a communications network based in space. Atlas, the talking satellite that broadcast President Eisenhower's Christmas message to the world, was a forerunner of the project.

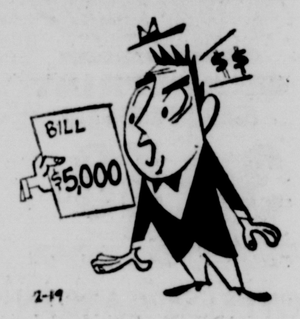

Eventually, Johnson added, spaceships, tracking down enemy space vehicles, will go up to defend the nation.

Try and Stop Me

BEN SONNENBERG, famed publicist, admits, "No client should even think of me unless he can afford to pay $5,000 a month!" He has an understandable fondness for millionaires.

"Before I met the late Albert Lasker," he recalls, I was always seen with beautiful blondes. After I met Albert Lasker, I was always seen with Albert Lasker."

Sonnenberg handles the press with magnificent ease. When a reporter calls to inquire about some scheme Ben has dressed up for a client, Sonnenberg often feigns surprise, and murmurs, "You amaze me! I thought you were calling to say you had quit your job so I can take you on at triple your old salary!"

Eliminate Those U.S. Jobs!

It is not surprising to note the large number of state capitals keeping the federal government company in its losing battle with budgets, when one realizes there are now 11 million, or one out of six working Americans, on the payroll of some level of government.

Employment in private industry has increased 660 per cent since this century began, but the federal government has increased its payroll to 12 times the 1900 figure. Local and state governments have grown even faster, their payrolls now outnumbering federal employes by more than 900,000.

What services do these 11 million persons perform for the public? Sixty per cent are engaged in two occupations: military (35 per cent) and education (25 per cent). Others which occupy large segments of the government working force are health services, postal operations, and highway construction and maintenance. Others perform such non-government type duties as embalming, blowing glass and classifying cotton.

Interestingly — although tragically indicative of the manner in which an unbridled public payroll soon spills over into non-government activities — significant is the fact that only about one-third of the 11 million actually are engaged in the type of activities generally considered the business of government. This third includes the 2.6 million in the armed forces, the police and fire departments of the nation and a scattering of other "service" personnel.

It is not healthful for a country opposed to socialism to reduce its productive force to five-sixths of its working population. In addition to the high taxation resulting therefrom, the natural growth tendencies of established government bureaus becomes more difficult to control.

In the next decade the ratio of government employes will continue to grow unless there is a concerted effort by all levels of government to remove themselves from all areas not legitimately assigned to them.

LAFF-A-DAY

"This must be the place."

The World Today

By James Marlow

WASHINGTON (AP) — In full health Secretary of State John Foster Dulles was criticized, but in this moment of his serious illness he is eulogized and is even spoken of as indispensable. Why?

For perhaps these two reasons:

1. His critics at home have fully differed with him not on his basic foreign policy but only on his handling of individual situations.

2. He has so completely dominated foreign policy that he represents it and it is hard to think of anyone else coping with the crisis coming up in Germany.

The policy followed by Dulles and President Eisenhower was the one laid down by President Truman and Secretary of State Dean Acheson.

This was to surround the Soviet Union and Red China with military bases and alliances and make no concessions, or very few.

At the root of this policy there has always, perhaps, been a certain amount of wishful thinking that if a ring could be kept tight around the Communist world, in time it might weaken, suffer drastic internal changes, or perhaps disintegrate.

It's a wish that hasn't come true. The man credited with being the author o this containment policy back in Acheson's day, George Kenan, who was then head of the State Department planning staff, is having second thoughts now.

He's not the only one. There is talk nowadays of being flexible with the Soviet Union. Being flexible can mean giving concessions, with or without concessions in return.

While Dulles has been pretty much as one with the rest of the country on his basic policy of containment, there have been times when his wisdom on individual decisions within the broad policy has been questioned.

He has been criticized, for example, for his handling of President Nasser of Eyypt, for his use of big-sounding phrases, like "massive retaliation" and "brink of war and for his disproven optimism about the results of the 1955 summit conference.

But through it all he was a sturdy, unyielding antagonist of world communism.

Because he ran foreign policy almost by himself and made his job such a one-man operation, both his critics and his admirers have difficulty now in seeing anything but a vacuum if he should not be able to return to his desk.

It's possible Dulles will for some time have a strong hand not only in current problems but in foreign affairs in general.

Nevertheless, as a matter of reality, the Eisenhower administration must be thinking in terms of a successor just in case the cancer-stricken secretary, despite his extraordinary endurance, can't come back.

There's a good, immediate reason for the need of such forethought.

The United States and its Allies face an upcoming crisis over Germany, created by the Soviet Union which wants the Allies out of West Berlin and threatens to turn control of access to the city over to the East Germans by May 27.

Newest Moon Only First Of U.S. Series

WASHINGTON (AP) — The new, orbiting Vanguard II may signal the start of a banner period for American satellites.

Roy W. Johnson, director of the Pentagon's Advanced Research Projects Agency, said Tuesday so many satellites may be shooting through the sky soon that it may be difficult to keep track of them.

Testifying before the House Space Committee, Johnson gave this picture of the United States' future traffic boom in space:

By the middle of this year, another weather satellite, checking on clouds, will be launched. More weather satellites will follow.

Before the year is up, the first of a new series will be launched. The purpose of this project is to develop a system of navigation based on satellites.

In 1960, satellites will be used to try to start a communications network based in space. Atlas, the talking satellite that broadcast President Eisenhower's Christmas message to the world, was a forerunner of the project.

Eventually, Johnson added, spaceships, tracking down enemy space vehicles, will go up to defend the nation.

Bathroom Waterfall Is Best

By Hal Boyle

NEW YORK (AP)—We have a new morning ritual in our home.

The other morning I was in the bathroom and shaving when my young daughter, Tracy Ann, entered carrying Lady Dottie, her cat.

Without saying a word Tracy walked over and flushed the toilet three times, while the cat, held aloft in her arms, watched with an eager intensity.

As they started to march out, I asked: "What's the big idea?"

"Nothing, daddy. Lady Dottie just likes to watch waterfalls."

"Well, take her out in the kitchen and turn on the faucet there," I told her crossly.

"I can't."

"Why not?"

"It's not the same thing," said Tracy with that air of exaggerated patience children adopt when explaining something to their ignorant elders. "Lady Dottie doesn't like to watch kitchen waterfalls. She likes bathroom waterfalls."

Now, every morning, whether I'm late to work or not, all operations in my bathroom halt while Lady Dottie watches her quota of three waterfalls. We have another bathroom but for some reason Lady Dottie doesn't like to watch waterfalls in it.

I cite this incident only to show how a cat that comes into a house as a guest stays to become its boss. Four months ago when Lady Dottie arrived as a mewing kitten, I was one of the dog-lovingest, cat-disdaingest husbands in America.

Now I find my life is surrounded by four white paws. So are the lives of the rest of our family.

We spend most of our time now pleasing Lady Dottie. Her whims are getting more imperial every day.

I can remember when Lady Dottie was overjoyed to get a can of cat food. Not now. The other night I arrived home and smelled a turkey roasting in the oven.

"Who's coming to dinner—President Eisenhower?" I asked.

"No," said my wife, Frances. "I just thought Lady Dottie was getting tired of beef liver. The turkey will make her feel better."

I thought of observing that if I had asked for turkey it would have been granted only as a deathbed request. But I held my peace. A husband who openly admits he is jealous of a cat has already lost his battlefield. This attitude paid off. Lady Dottie let me have a fair share of the turkey.

'Fixer' Menace to Our System

By George Sokolsky

One often hears of the fellow behind the fellow who made the great man great, who thinks his thoughts, who directs his actions, who got him where he is today.

It must occur to many to ask, why if he could do so much for another fellow, he can't do anything for himself? There is the run-down-at-the-heel speechwriter who pens the great thoughts of the great man; and yet when asked to say a few words, this press agent flutters and splutters and ends with some bar-room joke to get a laugh.

In business circles, this is particularly current. "Who is he? Why he just had all the luck. I came in and straightened out all the mistakes he made on the way up. Sure he's got the dough, but that's luck." They used to say about Edison that he swiped other men's work, but the "other men" did not step forward to make the claim.

I suppose it is human nature for some who know a man who knows a man to say that he can stick a line of type in somebody's work or slant a position or who, after something has appeared, can go about bragging of his influence.

Politicians suffer from this disease more than any other group. The fellow who is "close to, . ." is particularly menacing, for he usually takes money to do what he cannot deliver and when he has failed, the enmity is directed not to the fixer who failed but to the political figure who does not even know he was being delivered. Not everybody, however, does this for money. Much of it might be called "Big Shotism," a strictly American disease.

In a country where status is recognized, a man's position is clearly determined. In Great Britain, those who are entitled to be present at the Coronation, for instance, know that they are and no pushing and shoving will dislodge them. Maybe our way is more democratic, but some pretty awful people push to the front only because they sold a few more bananas than somebody else.

It is this desire to push to the front, without qualifications, that produces the disease of "Big Shotism." It may start with such a simple statement as "I'm a friend of the Mayor," when the cop writes out a ticket. But it moves along to greater lengths, like a fellow who claims that everybody is his friend.

I have had the experience of seeing a fellow come up to a leading and responsible public official, talk to him in a most intimate manner, call the official by his first name, let his friends see how close they are, and then have the official turn to an assistant or a newspaperman and whisper, "Who is he?"

The prowling intimate has probably made a deal out of it. By giving the impression of intimacy, he has convinced some onlooker that it is possible to do business with the public official through him. He knows everybody. He has contacts. He can deliver. And if it should so happen that what is finally done is what his clients asked him to do, he can say: "Look, what a great guy am I" and gets paid off.

Such connivers are usually strictly on their own, playing a game in which it is impossible for the victims to discover the truth, and if discovery is made, nothing can be done but to slap the fellow down. They work all sides of the street often not so much for a living as for the joy of fixing. This is not strictly a racket; it is a pathological disease. The fixer is one of the most dangerous developments in a system in which status is not recognized.

We might as well accept it that the fellow who makes the grade in whatever walk of life did it on his own ability and that while he may have had assistance on the road, the fellow who claims that "he made him what he is today," is in all probability only somebody who stood by and picked up a crumb.

If a fellow has to announce what a Big Shot he is, the likelihood is that he is just the Water Boy to the man who knows how to do things in his own field. The fixer, like the speech-writer, comes a dime a dozen.

COMEBACK—A top-salaried movie star in the "Our Gang" comedies when he was 10, and unable to get a show business job when he was 20, at 30 Spanky McFarland is trying for a comeback in TV. He is shown in a Detroit studio, appearing on a children's program.

Diet for Tired Executives

By Herman N. Bundesen, M.D.

I wrote a column a short time ago about how many executives become tired and lose much of their drive and ambition simply because they eat inadequate meals, particularly breakfast and lunches.

Since then a number of harried businessmen have asked me just what they should eat.

Well, that put me on the spot. I looked around for a special diet for the tired executive — and I found one. Several years ago three Chicago physicians undertook some extensive research on "Exhaustion in the Young Business Executive" and came up with a special diet.

So here is a "Suggested Diet for Fatigued Executives" as recommended by Drs. Sidney Portis, Irving Zitman and Charles Lawrence in a report in the Journal of the American Medical Association:

Foods to Include Daily:

Cereal and bread: whole grain or enriched, four or more servings.

Meat, poultry or fish: Two servings or more.

Eggs: At least three a week.

Vegetables: At least two servings a day; one serving or more should be of a green or yellow vegetable.

Potatoes: At least one serving.

Fruits: At ltast two servings; one serving should be of citrus fruit or melon; avoid the syrup of canned fruits.

Milk: One pint or more.

Water: Six to eight glasses (this may include coffee or tea).

Desserts: Fruit as specified, simple puddings, fruit gelatin, simple cakes (pound or sponge cake without icing), simple cookies.

Fast: As needed and desired.

Now here is a sample daily menu using these foods:

Breakfast: Orange juice, oatmeal, poached egg, toast, butter, coffee (no sugar).

Lunch: Tomato juice, broiled trout, asparagus, combination salad with dressing, bread, fruit cup, butter, tea or coffee (no sugar).

Dinner: Chicken broth with rice, broiled lamp chops, baked potato, julienne carrots, salad, bread, butter, baked custard, tea or coffee (again, no sugar).

In addition to this, you should drink a 6 ounce glass of milk at 10 a. m., another at 3 p. m. and a third before bedtime. For the bedtime snack you can also have crackers, cereal or toast and some fruit.

And there you have it—a day's meal for the tired executive.

Question and Answer

R.T.: What is the cause of warts on the bottom of the feet, and what is the best and quickest way to remove them?

Answer: These are called plantar warts, the cause of which is unknown. They may be very stubborn, and various treatments have been used, including local medication, freezing, radiation and surgical removal.

Doctor Says Dulles Should Go To Work

MILWAUKEE, Wis. (AP) — Dr Gunnar Gundersen of La Crosse, president of the American Medical Assn., says that if he were Secretary of State John Foster Dulles he would keep on working "to the bitter end."

Dr. Gundersen was interviewed Sunday on a local television show. Dulles' name was not mentioned but the question put to the AMA president obviously referred to the secretary of state who was found Saturday to be suffering from a recurrence of cancer.

Try and Stop Me

BEN SONNENBERG, famed publicist, admits, "No client should even think of me unless he can afford to pay $5,000 a month!" He has an understandable fondness for millionaires. "Before I met the late Albert Lasker," he recalls, I was always seen with beautiful blondes. After I met Albert Lasker, I was always seen with Albert Lasker."

Sonnenberg handles the press with magnificent ease. When a reporter calls to inquire about some scheme Ben has dressed up for a client, Sonnenberg often feigns surprise, and murmurs, "You amaze me! I thought you were calling to say you had quit your job so I can take you on at triple your old salary!"

Newsmen May Be Aided By New Law

COLUMBUS, Ohio (AP)—A bill introduced in the Ohio House would put newspapermen in a special class along with lawyers, doctors and clergymen who are exempt by law from testifying about professional communications.

Newspaper reporters already are exempt by Ohio law from disclosing the source of their news.

But the bill by Rep. William J. Reilly (D-Hamilton) would give them the added protection of declining to testify in court as to the nature of their discussion in securing the news.

The bill, submitted Wednesday, also would include radio and television newsmen in the present law allowing newspaper people to withhold naming their sources of information.

But it does not propose including radio and TV newsmen in the special class allowed to withhold professional communication.

Under the proposal, newspapermen could testify on privileged communications only with "the expressed consent of the personal source, or if the personal source be decreased, by the expressed consent of the surviving spouse or the executor or administrator of the (estate of the) deceased source."

Debbie Heads For Court to Divorce Eddie

LOS ANGELES (AP) — Debbie Reynolds goes to Superior Court today for a divorce that will cost singer Eddie Fisher $40,000 a year alimony plus a $135,000 house and a bundle of other community property.

A source close to the principals disclosed those details of a property settlement signed within the last week. Under terms of the agreement, the 26-year-old actress will get custody of Carrie Frances, 2, and Todd Emanuel, 1, with reasonable visitation rights for Fisher.

Fisher will not appear in court to contest the suit.

That could mean that the name of Elizabeth Taylor will not be mentioned in Debbie's testimony.

In her suit, Debbie accused Fisher of extreme cruelty but made no mention of Miss Taylor.

That was an anti-climax to the sensational charges Debbie hurled last year at the raven-haired star.

Miss Reynolds charged then that her marriage had been happy until her husband consoled the young widow of showman Mike Todd with a tour of New York nightclubs.

Fisher and Miss Taylor are constant companions now.

'Flying Auto' Reports Heard On Turnpike

CLEVELAND (AP)—Ohio Turnpike officials have been getting queries about flying automobiles.

That's right, flying automobiles.

Some people owning certain 1959 models have inquired about reports their cars are banned because they take off at high speeds.

C. W. Hartford, Turnpike executive director, said he has heard the reports and to his knowledge the stories are completely without foundation. No cars, 1959 or otherwise, have been known to take off while cruising on the Turnpike.

Lt. John L. Bishop of the Ohio Turnpike Patrol said he had received inquiries about flying autos, but he was unable to say what might have prompted the rumors.

One story supposedly concerns an accident in which a wing-tailed auto is said to have flown into the side of a big tractor-trailer.

One expert in aerodynamics, in answer to a reporter's question, said a fast-moving auto could be drawn toward a speeding truck-trailer because of low pressure or suction, but this could happen to any make or model car.

Old Revenue

WAUSAU, Wis. (AP) — Mayor Ben C. Schuck is not only Wausau's chief executive, he's pretty good at collecting old bills—for the city.

When he took office Schuck found a stack of old bills nobody had bothered to collect. Most of the money was due for paving improvements, some of them made in 1953.

The mayor said that in some cases residents had not paid because they felt the jobs weren't completed. "In such cases we did the work and collected the bills," he said.

"My office has collected $4,343 in old bills," he declared.

Small Ford To Be Offered In Autumn

NEW YORK (AP) — The Ford Motor Co. will mass produce a small Ford to sell for less than $2,000 in the fall, it was reported today.

In addition, it was said, the company will produce a second, slightly larger compact car under the Edsel name in 1960.

The New York Times, which reported the plans, said:

"Ford's decision to enter the small car field marks the first break in the ranks of the industry's Big Three. They have been reluctant to make a final commitment, although they have been studying the situation for 18 months.

"General Motors and Chrysler are now expected to announce their own small car plans quickly. . . ."

There was no official comment on the Times story by Ford in Detroit.

The Times story said in part: The president of the company Henry Ford II, will assure Edsel dealers in a confidential letter today that the Edsel name will survive even if the full-sized Edsels are discontinued.

The new Ford will be a six passenger model. A complete description of the new car was withheld, but informed sources said it will be similar to the English-built Ford Zephyr, with slightly more rear-end overhang for additional trunk space.

Production dies have been ordered and pilot-plant tests for the final assembly line are under way.

Most of the activity is at the Ford plants in Lorain, Ohio, and Kansas City, Mo., where most of the small cars will be assembled.

3 Tiffin Area Bridges Collapse After Floods

TIFFIN, Ohio (AP) — Three bridges weakened by recent floods have collapsed in Seneca County this week. The Honey Creek Bridge on Ohio 231 and a bridge on Wank Road over a small creek about five miles southwest of here collapsed Wednesday. No vehicles were on the bridges at the time. A school bus carrying nearly 40 children barely managed to get across a Morrison Road bridge that collapsed Tuesday.

Newsmen May Be Aided By New Law

COLUMBUS, Ohio (AP)—A bill introduced in the Ohio House would put newspapermen in a special class along with lawyers, doctors and clergymen who are exempt by law from testifying about professional communications.

Newspaper reporters already are exempt by Ohio law from disclosing the source of their news.

But the bill by Rep. William J. Reilly (D-Hamilton) would give them the added protection of declining to testify in court as to the nature of their discussion in securing the news.

The bill, submitted Wednesday, also would include radio and television newsmen in the present law allowing newspaper people to withhold naming their sources of information.

But it does not propose including radio and TV newsmen in the special class allowed to withhold professional communication.

Under the proposal, newspapermen could testify on privileged communications only with "the expressed consent of the personal source, or if the personal source be decreased, by the expressed consent of the surviving spouse or the executor or administrator of the (estate of the) deceased source."

Debbie Heads For Court to Divorce Eddie

LOS ANGELES (AP) — Debbie Reynolds goes to Superior Court today for a divorce that will cost singer Eddie Fisher $40,000 a year alimony plus a $135,000 house and a bundle of other community property.

A source close to the principals disclosed those details of a property settlement signed within the last week. Under terms of the agreement, the 26-year-old actress will get custody of Carrie Frances, 2, and Todd Emanuel, 1, with reasonable visitation rights for Fisher.

Fisher will not appear in court to contest the suit.

That could mean that the name of Elizabeth Taylor will not be mentioned in Debbie's testimony.

In her suit, Debbie accused Fisher of extreme cruelty but made no mention of Miss Taylor.

That was an anti-climax to the sensational charges Debbie hurled last year at the raven-haired star.

Miss Reynolds charged then that her marriage had been happy until her husband consoled the young widow of showman Mike Todd with a tour of New York nightclubs.

Fisher and Miss Taylor are constant companions now.

'Flying Auto' Reports Heard On Turnpike

CLEVELAND (AP)—Ohio Turnpike officials have been getting queries about flying automobiles.

That's right, flying automobiles.

Some people owning certain 1959 models have inquired about reports their cars are banned because they take off at high speeds.

C. W. Hartford, Turnpike executive director, said he has heard the reports and to his knowledge the stories are completely without foundation. No cars, 1959 or otherwise, have been known to take off while cruising on the Turnpike.

Lt. John L. Bishop of the Ohio Turnpike Patrol said he had received inquiries about flying autos, but he was unable to say what might have prompted the rumors.

One story supposedly concerns an accident in which a wing-tailed auto is said to have flown into the side of a big tractor-trailer.

One expert in aerodynamics, in answer to a reporter's question, said a fast-moving auto could be drawn toward a speeding truck-trailer because of low pressure or suction, but this could happen to any make or model car.

STRANGLED HER MOTHER—Mrs. Lydia Tarasidis, 54, calmly smokes in her Milwaukee, Wis., home as she is questioned about the strangle killing of her mother, Mrs. Marie Saar, 85. Mrs. Tarasidis admitted strangling her with a scarf. She said they had bickered for 35 years.

Old Revenue

WAUSAU, Wis. (AP — Mayor Ben C. Schuck is not only Wausau's chief executive, he's pretty good at collecting old bills—for the city.

When he took office Schuck found a stack of old bills nobody had bothered to collect. Most of the money was due for paving improvements, some of them made in 1953.

The mayor said that in some cases residents had not paid because they felt the jobs weren't completed. "In such cases we did the work and collected the bills," he said.

"My office has collected $4,343 in old bills," he declared.

Small Ford To Be Offered In Autumn

NEW YORK (AP) — The Ford Motor Co. will mass produce a small Ford to sell for less than $2,000 in the fall, it was reported today.

In addition, it was said, the company will produce a second, slightly larger compact car under the Edsel name in 1960.

The New York Times, which reported the plans, said:

"Ford's decision to enter the small car field marks the first break in the ranks of the industry's Big Three. They have been reluctant to make a final commitment, although they have been studying the situation for 18 months.

"General Motors and Chrysler are now expected to announce their own small car plans quickly. . . ."

There was no official comment on the Times story by Ford in Detroit.

The Times story said in part: The president of the company Henry Ford II, will assure Edsel dealers in a confidential letter today that the Edsel name will survive even if the full-sized Edsels are discontinued.

The new Ford will be a six passenger model. A complete description of the new car was withheld, but informed sources said it will be similar to the English-built Ford Zephyr, with slightly more rear-end overhang for additional trunk space.

Production dies have been ordered and pilot-plant tests for the final assembly line are under way.

Most of the activity is at the Ford plants in Lorain, Ohio, and Kansas City, Mo., where most of the small cars will be assembled.

3 Tiffin Area Bridges Collapse After Floods

TIFFIN, Ohio (AP) — Three bridges weakened by recent floods have collapsed in Seneca County this week. The Honey Creek Bridge on Ohio 231 and a bridge on Wank Road over a small creek about five miles southwest of here collapsed Wednesday. No vehicles were on the bridges at the time. A school bus carrying nearly 40 children barely managed to get across a Morrison Road bridge that collapsed Tuesday.

Old Gun

ARDMORE, Okla. (AP — Fifty years ago Buck Garrett, sheriff of Carter County, left a .45 revolver with Polk Anderson, then a bank president. The weapon still is on display at the bank. It last was fired Nov. 11, 1918 — the first World War Armistice.

President's Wives Program For Annual DAR Tea Tuesday

Approximately 82 members and guest of the Pickaway Plains Chapter, Daughters of the American Revolution were present at the Presbyterian Church Tuesday afternoon to acclaim the achievements of several young people in the community and to enjoy the program of Mrs. H. Newell Stevenson.

Mrs. R. R. Bales, regent, opened the meeting by reading greetings from the president-general and state regent. The ritual was conducted by Miss Florence Brown and the regent, joined by the assembly. Salute to the flag was led by Mrs. Clarence McAbee and the singing of the National Anthem was accompanied by Mrs. Martin Cromley and Mrs. James Moffitt. Mrs. W. Emerson Downing read an eulogy to George Washington contained in the DAR Press Digest.

Miss Eliabeth Stevenson asked for articles to be sent to her for sale at the Junior Bazaar in Columbus during State Conference. Articles should be priced, but unwrapped.

Mrs. Richard Hedges, secretary, read recommendations of the board to reimburse committee expenses and to institute a Junior Leadership Honor Award replacing the chapter's former sponsorship of youths to forestry camp.

Mrs. McClelland Newhouse reported the work of her Sales Tax committee and delivered a check to the chapter for the amount received.

Miss Ellen K. Snyder, Ashville, was presented an award for her essay on Theodore Roosevelt. Good Citizenship Pins, awarded annually to Senior High School girls who have been judged by their classmates and faculty to possess qualities of service, leadership, dependability, and patriotism, were earned this year by Barbara Hamilton, Harriet McCoy, Bonnie Duddleson and Barbara Sieverts.

In recognition of superior work in 4-H clubs, Ohio Society DAR certificates were awarded to Sylvia Smith, Page Miller, Marilyn Hay, Sharon Sharrett, Velma Kuhn and Janet Grissom. Miss Smith received her certificate for efficiency and good management while the latter were for garment construction, junior and senior divisions.

The regent introduced Mrs. H. N. Stevenson who read her paper on the presidents' wives. So much is written of our famous chief executives that one may tend to overlook the influence of their ladies on history and social patterns.

Mrs. Jefferson, Mrs. Jackson and Mrs. Van Buren never lived to see their husbands take the oath of office, thus their social duties were handled by close relatives.

The letters of Mrs. John Adams to her husband have been preserved and are regarded as wonderful commentaries on the exciting times in which she lived. Dolly Madison is credited with saving the portrait of George Washington from destruction when the government was forced to flee the English during the War of 1812.

Mrs. James Monroe, preferring to remain in the background, allowed her daughter to manage the social functions. Mrs. John Q. Adams was a niece of one of the signers of the Declaration if Independence and was fond of keeping silkworms. Mrs. James Polk was the first college educated first-lady. Mrs. Zachary Taylor was an aged invalid and lived in seclusion, her daughter attending to the social graces.

Mrs. Millard Fillmore may have been the one who insisted on a few touches of refinement that graced the mansion about 1850. If the old saying of getting ahead by marrying the boss' daughter was in vogue at this time, Franklin Pierce probably heard it for his wife was the daughter of the president of the college he attended.

Harriet Lane was the beautiful niece of James Buchanan, the bachelor president, and the duties of White House hostess became hers.

It was the tragic fate of Mary Todd Lincoln to receive the severest criticism of any first-lady. Mrs. Andrew Johnson was an invalid and her duties devolved upon her daughter.

Mrs. Rutherford Hayes actively supported women's suffrage and WCTU projects. The marriage of Grover Cleveland was the only presidential marriage in the White House.

Caroline Scott Harrison, first wife of Benjamin Harrison, was the founder and first president general of the NSDAR.

Mrs. William H. Taft was responsible for the planting of the Japanese Cherry Trees and the first wife to ride at her husband's side in the presidential inaugural parade.

The second Mrs. Woodrow Wilson was accused of being president of the country when her husband was seriously ill during the critical fight for the League of Nations. Mrs. Calvin Coolidge crocheted a lace spread for the bed of the famous Lincoln room and Mrs. Herbert Hoover was said to set the best table of any White House hostess.

Mrs. Franklin Roosevelt was a niece of Theodore Roosevelt and is a well known traveler and writer which contrasts sharply with Mrs. Harry Truman who was never at ease in public. Mrs. Dwight Eisenhower has maintained 29 homes during her life with the General and is accustomed to the exigencies of being first-lady.

Miss Sharon Hull, accompanied by Miss Judy Barnhill at the piano, closed the session by singing "Christopher Robbin" and "Tammy".

The tea table was served by the regent and Miss Marie Hamilton. Mrs. Emerson Spicer was chairman of her committee: Mrs. James Moffitt, Miss Martha Warner, Mrs. Christian Schwarz, Miss Mary Heffner, Mrs. George Roth, Mrs. Ned Bell, Mrs. O. J. Towers, Miss Mary Spangler, Mrs. Walter Duvendeck, Mrs. Harry Stoker, Mrs. Elliot Miller, Miss Florence Hoffman, Mrs. Ella Hornbeck, Mrs. Eldred Cayce, Mrs. Doyle Haas, Mrs. Henry Lewis.

WBC Plans Discussed by Nurses Assn.

The Registered and Graduate Nurses meeting was held Tuesday evening in the home of Mrs. Aaron Lumpe, N. Pickaway St., with 27 members present. Mrs. Pauline Kirkpatrick was the assisting hostess.

Mrs. Byron Gulick presided over the busniess meeting. Chairman of committees made their reports at this time.

Mrs. Kirkpatrick presented the Well Baby Conference Plans and invited the organization to work on the organization and setting up of the Conference as a project for the Association.

The project was unanimously accepted, a committee is to be appointed to work with the committee already appointed from the Pickaway County Medical Auxiliary. A volunteer list of assistants to help on Conference days was also completed.

Following the business meeting, a valentine dessert course was served by the hostesses.

The next meeting will be held at the home of Mrs. Charles Walters, Route 4.

Mrs. Hardy Has Program For Group A

Group A of the Presbyterian Church met in the home of Mrs. Lemuel Weldon, W. Union St., yesterday afternoon.

Mrs. Philip Hardy was in charge of the program. She reviewed chapter four of the study book. "Conversation on the Middle East." An open discussion followed.

The next meeting will be held March 18 with the meeting place to be announced later.

Refreshments were served to the 14 members present.

Husband's Night Enjoyed by Study Club

Members of the Child Study Club entertained their husbands to a carry-in dinner Monday evening in the basement of the BPO Elks Lodge.

The Rev. William Huber was the guest speaker. He gave a personality test with the members participating. Analyzing several of the papers and drawings, he told what it would mean to a psychiatrist.

Bingo was played following the speaker. The prize was awarded to Richard Funk.

Those present were: Mrs. Paul Brobst, Mrs. William Cook, Mr. and Mrs. Ned Dresbach, Mr. and Mrs. Funk, Mr. and Mrs. Henry Helwagen, Mr. and Mrs. Bernard Kathe, Mr. and Mrs. Charles Kirkpatrick, Mr. and Mrs. George Lawson, Mr. and Mrs. Harold Marshall,

Mr. and Mrs. Lloyd Meyer, Mrs. Francis McGinnis, Mr. and Mrs. Carl Purcell, Mrs. Malcolm Russell, Mr. and Mrs. Gladden Troutman, Mr. and Mrs. Vernon Weiler and Mr. and Mrs. Robert Wills.

The committee in charge of the evening's entertainment was Mrs. Purcell, Mrs. Troutman and Mrs. McGinnis.

The next meeting will be held at the home of Mrs. Dresbach, 1006 S. Pickaway St., on March 16. Mrs. Kathe will be the assisting hostess.

Mrs. Radcliff Honored with Stork Shower

Mrs. Dudley Radcliff was honored with a stork shower Tuesday evening given by Mrs. J. C. Timberlake, 119 Wilson Ave. Mrs. Tom Eveland was the assisting hostess.

Gifts were placed in an antique cradle. A stork was used in the decorations. A miniature madonna with an arrangement of fern and pink carnation flanked by lighted tapers was used on the refreshment table.

Games were presented with prizes being won by Mrs. Richard Koch and Mrs. Arnold Moats.

A dessert course was served buffet style to the following guests: Mrs. Richard Moon, Mrs. Carl Rihl, Mrs. James Moorehead, Mrs. Carl Radcliff Jr., Mrs. Carl Radcliff Sr., Mrs. Jane Stonerock, Mrs. Marcus Albright, Mrs. Koch, Mrs. Bill Dountz, Mrs. Moats, Kimberley Jo Timberlake and Freddie Eveland, all of Circleville;

Mrs. Earl Watkins, Groveport and Mrs. Hewitt Cromley and Mrs. Rodger Smith, Ashville.

Gifts were sent by Mrs. Albert Reid, Mrs. Leonard Morgan, Mrs. Paul Valentine and Mrs. Phil Heise.

Mrs. Funk Host For Forum Club

Mrs. Richard Funk, Circle Drive, will be hostess to the Circleville Forum Club at 1 p. m. Tuesday.

'The Rise of Empire, Arts' Program for Monday Club

Mrs. Bishop Given presided over the regular meeting of the Monday Club when it met in the Trustee's Room of Memorial Hall, Monday evening.

Mrs. Ione Reicheldorfer reported on the nominating committee's slate of officers for 1959-60. The following people were elected to office: president, Mrs. Harold Anderson; first vice-president, Mrs. Ralph Dunkel; second vice-president, Mrs. Frank Morrison; recording secretary, Mrs. Kenneth Robbins; corresponding secretary, Mrs. R. R. Bales; treasurer, Mrs. James Carr; member - at - large, Mrs. Barton Deming; historian, Mrs. Anna Chandler; program committee, Mrs. Kenneth Luna, chairman; Mrs. Milford Tassler; Mrs. Robert Doherty; Mrs. Robert Adkins.

Mrs. Clark Will announced that the county-wide meeting of the Sesqui-Centennial And Historical Society will be held at 8 p. m. Wednesday, March 11, in Common Pleas Court Room.

Miss Alice A. May stressed the need for blood and asked that members keep in mind the next visit of the Bloodmobile, March 3. Mrs. Robert Adkins announced the dinner meeting to be held at the Presbyterian Church, 6:30 p. m. March 2. Mrs. Paul Wachs was elected to active membership.

Letters stating the Monday Club members' opposition to House Bill No. 101 and support of Bill No. 271 were sent to Representative Ed Wallace and State Senators Robert Shaw and Thomas O'Shaunessy.

Mrs. Fred Tammany presented Mrs. Kenneth who had as her subject "The Rise of Empire and of Arts, In Painting and In Sculpture." "The century and a half succeeding the arrival of the colonists in the New World was spent in transplanting a deep-rooted culture to conditions at first quite primitive and adapting it to the needs of a culture with many different basic factors. By 1725 in the East the economic basis was firmly enough established to allow creative activity to come into play. One object found almost universally in these colonial homes was the portrait and soon there arose a demand for portrait painters. In Pre-Revolutionary times the most notable of the native-born painters were Benjamin West, John Singleton Copley, Charles Wilson Peale and Gilbert Stuart.

"The field of painting in the 19th century could hardly have been anything but confusion. The small demand was supplied by Thomas Sully and Samuel F. B. Morse.

"The first notable effort by American Sculptors came during the middle 1800's, but the misunderstanding of their form of art and lack of good stone with which to work drove the sculptors abroad.

"No specific year and no specific event marks culturally the passage of the 19th century into the 20th. The history of American painting is a discovery of what has flowered into a picturing of our own experience and mentality."

Mrs. Tammany then presented Mrs. Robert Doherty whose subject was "The Rise of Empire and of Arts, In Literature and in Drama." "A rich harvest of fame awaits the early authors of Ohio. Millions shall yet read their writings.

"The first library in the territory northwest of the Ohio was near Marietta. Now, years afterward, in 1956 President Eisenhower signed the Library Service Act which was designed to promote the development of public library services in rural areas.

"There is a new day dawning for the scholar with a manuscript. The Ford Foundation's gift of $1,725,000 over a period of five years, will provide for the publication of at least 250 scholarly books by the country's university presses.

"The notion that the American public's interest in reading, is diminishing because of radio and television is false. Movies also serve to stimulate sales of books.

"Before the end of the 18th century, amateur theatricals were known in Kentucky. Today there are more amateurs in drama in the United States than in any other country. Ustinov says they are too realistic. They make love to the heroine while reading 'The Handbook of Acting.'

"Since 1954 the State Department has sponsored the American National Theatre and Academy. Attractions have been sent to every continent. An All-American Chorus organized in 1956 is winning friends for the U. S., carrying their message of brotherhood to all nations. When Porgy and Bess went to Moscow, the cast of 80 received a greeting which lay somewhere between Geneva and adoration. A Russian critic said, "Porgy and Bess is an excellently performed production, colorful, full of movement and music. The performance broadens our concept of the art of contemporary America.'"

A vocal trio composed of Mrs. Harold Defenbaugh, Mrs. Ralph Dunkel and Mrs. James Hodges sang "Give Me Your Tired, Your Poor" by Irving Berlin, to conclude the program.

Club Changes Meeting Night During Lent

Beta Kappa Chapter of Sigma Phi Gamma Sorority held its business meeting at the home of Miss Agnes Jester, E. High St., recently with nine members present.

Mrs. Robert Walker presided over the short business meeting. It was decided to change the meeting night from every second and fourth Wednesday to every second and fourth Tuesday at 8 o'clock during the months of February and March due to the Lenten services.

Mrs. Jerald Easter passed out the study sheet for the annual examination which will be taken during the March 10 meeting.

The group made plans to have a carry-in supper for the social meeting of February 24. It will be held at the home of Mrs. Carl Rihl, E. Franklin St., at 6:30 p. m. Miss Marilyn Francis will be the cohostess. Each member is to bring a guest.

Mrs. Blen Stevenson won the door prize. Sales tax stamps were counted during the meeting.

Old Officers Reelected for Guild No. 16

Mrs. Herschel Hill, Northridge Road, was hostess yesterday afternoon to Berger Hospital Guild No. 16. Miss Marie Hamilton was the assisting hostess.

Mrs. Charles Fullen presided over the business meeting. Mrs. Fullen, Miss Marvene Howard, Miss Bess Fry and Miss Reba Lee gave a report on the General Guild meeting which was held recently. They explained the "Proposed Well Baby Clinic."

Last year's officers were retained for another year. The officers are: Mrs. Fullen, chairman; Miss Fry, co-chairman; Mrs. Herbert Southward, secretary and Miss Lee, treasurer.

During the social hour, canasta was played with prizes being won by Mrs. Dwight Steele and Miss Howard.

A dessert course was served to the 12 members present.

Mrs. Bachman Guest Speaker For Trinity Lutheran Women

Mrs. Robert Wills, newly-elected president, conducted the business meeting at the quarterly general meeting of the Trinity Lutheran Women of the Church, Tuesday evening in the parish house.

Mrs. Austin Dowden was appointed secretary to replace Mrs. James Franklin who resigned due to illness.

The meeting opened with an appropriate Lenten hymn, "There is a Green Hill Far Away" and excerpts from the Epistles of Paul, read by Mrs. Wills.

Plans for sewing for New Guinea Mission were announced for February 24-25 with Mrs. Noble Barr in charge.

Committees in charge of the South Columbus Group Convention were announced. This Convention will be held in Trinity Church Thursday, April 30. Mrs. Harold Anderson of Circleville is president of the South Columbus group.

Members were also reminded of the Ohio District Convention to be held in Cincinnati from October 28-30.

Mrs. Betsy Adler, program chairman, introduced the speaker for the evening, Mrs. Russell Bachman, who is the Missionary Education chairman for the South Columbus group. Mrs. Bachman urged all members to read the Book of Ephesians, on which our year's Bible Study is based.

She also described in an interesting manner how we can all become "alive in Christ" by being well - informed church members. This can be accomplished by diligent use of our Bibles, "The Outlook," "The Lutheran Standard," Mission Study classes and reading books from the approved list. Among the books she particularly recommended were "Bread for Her Day" by Eleanor Bockelman, wife of a Columbus pastor, "The Men Who Knew Jesus", "The Twelve Who Were Chosen" and a book about flowers, "Voiceless Lips".

Mrs. Bachman closed her talk with the statement that "If we should be able to discover some miracle medicine to stop the horror of death by cancer, we would shout it from the highest mountain. But we do have the power to save people from a worse death—death from sin—by telling everyone of Jesus and His sacrifice for us. But do we do it?"

During the social hour following, refreshments were served from a tea table decorated in patriotic colors. Circle No. 6 was in charge. Mrs. James Palm is chairman.

President's Wives Program For Annual DAR Tea Tuesday

Approximately 82 members and guest of the Pickaway Plains Chapter, Daughters of the American Revolution were present at the Presbyterian Church Tuesday afternoon to acclaim the achievements of several young people in the community and to enjoy the program of Mrs. H. Newell Stevenson.

Mrs. R. R. Bales, regent, opened the meeting by reading greetings from the president-general and state regent. The ritual was conducted by Miss Florence Brown and the regent, joined by the assembly. Salute to the flag was led by Mrs. Clarence McAbee and the singing of the National Anthem was accompanied by Mrs. Martin Cromley and Mrs. James Moffitt. Mrs. W. Emerson Downing read an eulogy to George Washington contained in the DAR Press Digest.

Miss Eliabeth Stevenson asked for articles to be sent to her for sale at the Junior Bazaar in Columbus during State Conference. Articles should be priced, but unwrapped.

Mrs. Richard Hedges, secretary, read recommendations of the board to reimburse committee expenses and to institute a Junior Leadership Honor Award replacing the chapter's former sponsorship of youths to forestry camp.

Mrs. McClelland Newhouse reported the work of her Sales Tax committee and delivered a check to the chapter for the amount received.

Miss Ellen K. Snyder, Ashville, was presented an award for her essay on Theodore Roosevelt. Good Citizenship Pins, awarded annually to Senior High School girls who have been judged by their classmates and faculty to possess qualities of service, leadership, dependability, and patriotism, were earned this year by Barbara Hamilton, Harriet McCoy, Bonnie Duddleson and Barbara Sieverts.

In recognition of superior work in 4-H clubs, Ohio Society DAR certificates were awarded to Sylvia Smith, Page Miller, Marilyn Hay, Sharon Sharrett, Velma Kuhn and Janet Grissom. Miss Smith received her certificate for efficiency and good management while the latter were for garment construction, junior and senior divisions.

The regent introduced Mrs. H. N. Stevenson who read her paper on the presidents' wives. So much is written of our famous chief executives that one may tend to overlook the influence of their ladies on history and social patterns.

Mrs. Jefferson, Mrs. Jackson and Mrs. Van Buren never lived to see their husbands take the oath of office, thus their social duties were handled by close relatives.

The letters of Mrs. John Adams to her husband have been preserved and are regarded as wonderful commentaries on the exciting times in which she lived. Dolly Madison is credited with saving the portrait of George Washington from destruction when the government was forced to flee the English during the War of 1812.

Mrs. James Monroe, preferring to remain in the background, allowed her daughter to manage the social functions. Mrs. John Q. Adams was a niece of one of the signers of the Declaration if Independence and was fond of keeping silkworms. Mrs. James Polk was the first college educated first-lady. Mrs. Zachary Taylor was an aged invalid and lived in seclusion, her daughter attending to the social graces.

Mrs. Millard Fillmore may have been the one who insisted on a few touches of refinement that graced the mansion about 1850. If the old saying of getting ahead by marrying the boss' daughter was in vogue at this time, Franklin Pierce probably heard it for his wife was the daughter of the president of the college he attended.

Harriet Lane was the beautiful niece of James Buchanan, the bachelor president, and the duties of White House hostess became hers.

It was the tragic fate of Mary Todd Lincoln to receive the severest criticism of any first-lady. Mrs. Andrew Johnson was an invalid and her duties devolved upon her daughter.

Mrs. Rutherford Hayes actively supported women's suffrage and WCTU projects. The marriage of Grover Cleveland was the only presidential marriage in the White House.

Caroline Scott Harrison, first wife of Benjamin Harrison, was the founder and first president general of the NSDAR.

Mrs. William H. Taft was responsible for the planting of the Japanese Cherry Trees and the first wife to ride at her husband's side in the presidential inaugural parade.

The second Mrs. Woodrow Wilson was accused of being president of the country when her husband was seriously ill during the critical fight for the League of Nations. Mrs. Calvin Coolidge crocheted a lace spread for the bed of the famous Lincoln room and Mrs. Herbert Hoover was said to set the best table of any White House hostess.

Mrs. Franklin Roosevelt was a niece of Theodore Roosevelt and is a well known traveler and writer which contrasts sharply with Mrs. Harry Truman who was never at ease in public. Mrs. Dwight Eisenhower has maintained 29 homes during her life with the General and is accustomed to the exigencies of being first-lady.

Miss Sharon Hull, accompanied by Miss Judy Barnhill at the piano, closed the session by singing "Christopher Robbin" and "Tammy".

The tea table was served by the regent and Miss Marie Hamilton. Mrs. Emerson Spicer was chairman of her committee: Mrs James Moffitt, Miss Martha Warner, Mrs. Christian Schwarz, Miss Mary Heffner, Mrs. George Roth, Mrs. Ned Bell, Mrs. O. J. Towers, Miss Mary Spangler, Mrs. Walter Duvendeck, Mrs. Harry Stoker, Mrs. Elliot Miller, Miss Florence Hoffman, Mrs. Ella Hornbeck, Mrs. Eldred Cayce, Mrs. Doyle Haas, Mrs. Henry Lewis.

WBC Plans Discussed by Nurses Assn.

The Registered and Graduate Nurses meeting was held Tuesday evening in the home of Mrs. Aaron Lumpe, N. Pickaway St., with 27 members present. Mrs. Pauline Kirkpatrick was the assisting hostess.

Mrs. Byron Gulick presided over the busniess meeting. Chairman of committees made their reports at this time.

Mrs. Kirkpatrick presented the Well Baby Conference Plans and invited the organization to work on the organization and setting up of the Conference as a project for the Association.

The project was unanimously accepted, a committee is to be appointed to work with the committee already appointed from the Pickaway County Medical Auxiliary. A volunteer list of assistants to help on Conference days was also completed.

Following the business meeting, a valentine dessert course was served by the hostesses.

The next meeting will be held at the home of Mrs. Charles Walters, Route 4.

Mrs. Hardy Has Program For Group A

Group A of the Presbyterian Church met in the home of Mrs. Lemuel Weldon, W. Union St., yesterday afternoon.

Mrs. Philip Hardy was in charge of the program. She reviewed chapter four of the study book. "Conversation on the Middle East." An open discussion followed.

The next meeting will be held March 18 with the meeting place to be announced later.

Refreshments were served to the 14 members present.

Husband's Night Enjoyed by Study Club

Members of the Child Study Club entertained their husbands to a carry-in dinner Monday evening in the basement of the BPO Elks Lodge.

The Rev. William Huber was the guest speaker. He gave a personality test with the members participating. Analyzing several of the papers and drawings, he told what it would mean to a psychiatrist.

Bingo was played following the speaker. The prize was awarded to Richard Funk.

Those present were: Mrs. Paul Brobst, Mrs. William Cook, Mr. and Mrs. Ned Dresbach, Mr. and Mrs. Funk, Mr. and Mrs. Henry Helwagen, Mr. and Mrs. Bernard Kathe, Mr. and Mrs. Charles Kirkpatrick, Mr. and Mrs. George Lawson, Mr. and Mrs. Harold Marshall,

Mr. and Mrs. Lloyd Meyer, Mrs. Francis McGinnis, Mr. and Mrs. Carl Purcell, Mrs. Malcolm Russell, Mr. and Mrs. Gladden Troutman, Mr. and Mrs. Vernon Weiler and Mr. and Mrs. Robert Wills.

The committee in charge of the evening's entertainment was Mrs. Purcell, Mrs. Troutman and Mrs. McGinnis.

The next meeting will be held at the home of Mrs. Dresbach, 1006 S. Pickaway St., on March 16. Mrs. Kathe will be the assisting hostess.

Mrs. Radcliff Honored with Stork Shower

Mrs. Dudley Radcliff was honored with a stork shower Tuesday evening given by Mrs. J. C. Timberlake, 119 Wilson Ave. Mrs. Tom Eveland was the assisting hostess.

Gifts were placed in an antique cradle. A stork was used in the decorations. A miniature madonna with an arrangement of fern and pink carnation flanked by lighted tapers was used on the refreshment table.

Games were presented with prizes being won by Mrs. Richard Koch and Mrs. Arnold Moats.

A dessert course was served buffet style to the following guests: Mrs. Richard Moon, Mrs. Carl Rihl, Mrs. James Moorehead, Mrs. Carl Radcliff Jr., Mrs. Carl Radcliff Sr., Mrs. Jane Stonerock, Mrs. Marcus Albright, Mrs. Koch, Mrs. Bill Dountz, Mrs. Moats, Kimberley Jo Timberlake and Freddie Eveland, all of Circleville;

Mrs. Earl Watkins, Groveport and Mrs. Hewitt Cromley and Mrs. Rodger Smith, Ashville.

Gifts were sent by Mrs. Albert Reid, Mrs. Leonard Morgan, Mrs. Paul Valentine and Mrs. Phil Heise.

Mrs. Funk Host For Forum Club

Mrs. Richard Funk, Circle Drive, will be hostess to the Circleville Forum Club at 1 p. m. Tuesday.

'The Rise of Empire, Arts' Program for Monday Club

Mrs. Bishop Given presided over the regular meeting of the Monday Club when it met in the Trustee's Room of Memorial Hall, Monday evening.

Mrs. Ione Reicheldorfer reported on the nominating committee's slate of officers for 1959-60. The following people were elected to office: president, Mrs. Harold Anderson; first vice-president, Mrs. Ralph Dunkel; second vice-president, Mrs. Frank Morrison; recording secretary, Mrs. Kenneth Robbins; corresponding secretary, Mrs. R. R. Bales; treasurer, Mrs. James Carr; member - at - large, Mrs. Barton Deming; historian, Mrs. Anna Chandler; program committee, Mrs. Kenneth Luna, chairman; Mrs. Milford Tassler; Mrs. Robert Doherty; Mrs. Robert Adkins.

Mrs. Clark Will announced that the county-wide meeting of the Sesqui-Centennial And Historical Society will be held at 8 p. m. Wednesday, March 11, in Common Pleas Court Room.

Miss Alice A. May stressed the need for blood and asked that members keep in mind the next visit of the Bloodmobile, March 3. Mrs. Robert Adkins announced the dinner meeting to be held at the Presbyterian Church, 6:30 p. m. March 2. Mrs. Paul Wachs was elected to active membership.

Letters stating the Monday Club members' opposition to House Bill No. 101 and support of Bill No. 271 were sent to Representative Ed Wallace and State Senators Robert Shaw and Thomas O'Shaunessy.

Mrs. Fred Tammany presented Mrs. Kenneth who had as her subject "The Rise of Empire and of Arts, In Painting and In Sculpture." "The century and a half succeeding the arrival of the colonists in the New World was spent in transplanting a deep-rooted culture to conditions at first quite primitive and adapting it to the needs of a culture with many different basic factors. By 1725 in the East the economic basis was firmly enough established to allow creative activity to come into play. One object found almost universally in these colonial homes was the portrait and soon there arose a demand for portrait painters. In Pre-Revolutionary times the most notable of the native-born painters were Benjamin West, John Singleton Copley, Charles Wilson Peale and Gilbert Stuart.

"The field of painting in the 19th century could hardly have been anything but confusion. The small demand was supplied by Thomas Sully and Samuel F. B. Morse.

"The first notable effort by American Sculptors came during the middle 1800's, but the misunderstanding of their form of art and lack of good stone with which to work drove the sculptors abroad.

"No specific year and no specific event marks culturally the passage of the 19th century into the 20th. The history of American painting is a discovery of what has flowered into a picturing of our own experience and mentality."

Mrs. Tammany then presented Mrs. Robert Doherty whose subject was "The Rise of Empire and of Arts, In Literature and in Drama." "A rich harvest of fame awaits the early authors of Ohio. Millions shall yet read their writings.

"The first library in the territory northwest of the Ohio was near Marietta. Now, years afterward, in 1956 President Eisenhower signed the Library Service Act which was designed to promote the development of public library services in rural areas.

"There is a new day dawning for the scholar with a manuscript. The Ford Foundation's gift of $1,725,000 over a period of five years, will provide for the publication of at least 250 scholarly books by the country's university presses.

"The notion that the American public's interest in reading, is diminishing because of radio and television is false. Movies also serve to stimulate sales of books.

"Before the end of the 18th century, amateur theatricals were known in Kentucky. Today there are more amateurs in drama in the United States than in any other country. Ustinov says they are too realistic. They make love to the heroine while reading 'The Handbook of Acting.'

"Since 1954 the State Department has sponsored the American National Theatre and Academy. Attractions have been sent to every continent. An All-American Chorus organized in 1956 is winning friends for the U. S., carrying their message of brotherhood to all nations. When Porgy and Bess went to Moscow, the cast of 80 received a greeting which lay somewhere between Geneva and adoration. A Russian critic said, "Porgy and Bess is an excellently performed production, colorful, full of movement and music. The performance broadens our concept of the art of contemporary America.'"

A vocal trio composed of Mrs. Harold Defenbaugh, Mrs. Ralph Dunkel and Mrs. James Hodges sang "Give Me Your Tired, Your Poor" by Irving Berlin, to conclude the program.

Club Changes Meeting Night During Lent

Beta Kappa Chapter of Sigma Phi Gamma Sorority held its business meeting at the quarterly general meeting of the Trinity Lutheran Women of the Church, Tuesday evening in the parish house.

Mrs. Austin Dowden was appointed secretary to replace Mrs. James Franklin who resigned due to illness.

The meeting opened with an appropriate Lenten hymn, "There is a Green Hill Far Away" and excerpts from the Epistles of Paul, read by Mrs. Wills.

Plans for sewing for New Guinea Mission were announced for February 24-25 with Mrs. Noble Barr in charge.

Committees in charge of the South Columbus Group Convention were announced. This Convention will be held in Trinity Church Thursday, April 30. Mrs. Harold Anderson of Circleville is president of the South Columbus group.

Members were also reminded of the Ohio District Convention to be held in Cincinnati from October 28-30.

Mrs. Betsy Adler, program chairman, introduced the speaker for the evening, Mrs. Russell Bachman, who is the Missionary Education chairman for the South Columbus group. Mrs. Bachman urged all members to read the Book of Ephesians, on which our year's Bible Study is based.

She also described in an interesting manner how we can all become "alive in Christ" by being well - informed church members. This can be accomplished by diligent use of our Bibles, "The Outlook," "The Lutheran Standard," Mission Study classes and reading books from the approved list. Among the books she particularly recommended were "Bread for Her Day" by Eleanor Bockelman, wife of a Columbus pastor, "The Men Who Knew Jesus", "The Twelve Who Were Chosen" and a book about flowers, "Voiceless Lips".

Mrs. Bachman closed her talk with the statement that "If we should be able to discover some miracle medicine to stop the horror of death by cancer, we would shout it from the highest mountain. But we do have the power to save people from a worse death—death from sin—by telling everyone of Jesus and His sacrifice for us. But do we do it?"

During the social hour following, refreshments were served from a tea table decorated in patriotic colors. Circle No. 6 was in charge. Mrs. James Palm is chairman.

Old Officers Reelected for Guild No. 16

Mrs. Herschel Hill, Northridge Road, was hostess yesterday afternoon to Berger Hospital Guild No. 16. Miss Marie Hamilton was the assisting hostess.

Mrs. Charles Fullen presided over the business meeting. Mrs. Fullen, Miss Marvene Howard, Miss Bess Fry and Miss Reba Lee gave a report on the General Guild meeting which was held recently. They explained the "Proposed Well Baby Clinic."

Last year's officers were retained for another year. The officers are: Mrs. Fullen, chairman; Miss Fry, co-chairman; Mrs. Herbert Southward, secretary and Miss Lee, treasurer.

During the social hour, canasta was played with prizes being won by Mrs. Dwight Steele and Miss Howard.

A dessert course was served to the 12 members present.

Mrs. Bachman Guest Speaker For Trinity Lutheran Women

Mrs. Robert Wills, newly-elected president, conducted the business meeting at the quarterly general meeting of the Trinity Lutheran Women of the Church, Tuesday evening in the parish house.

Mrs. Austin Dowden was appointed secretary to replace Mrs. James Franklin who resigned due to illness.

The meeting opened with an appropriate Lenten hymn, "There is a Green Hill Far Away" and excerpts from the Epistles of Paul, read by Mrs. Wills.

Bernstein Says His TV Shows Require Vast Preparations

NEW YORK (AP)—The success of Leonard Bernstein's monthly television concerts with the New York Philharmonic has prompted many viewers to suggest that he should present a weekly TV series, such as Walter Damrosch offered many years ago on radio.

The problems involved are insurmountable, Bernstein said. He had just finished rehearsing the Philharmonic for his Robert Saudek Associates-produced V program of next Sunday (CBS-TV, 4:30 P.M., EST) which has the theme of "The Infinite Variety of Music."

"I'm doing too much as it is," Bernstein said.

In addition to his regular concert schedule and his monthly TV series, he conducts the Philharmonic in a monthly Saturday series for children over CBS-TV; he is composing several musical works, and has many other commitments.

Both public and critics have received the Philharmonic's Sunday TV programs enthusiastically.

"But few people seem to realize what goes into one of these hours of television," Bernstein said. "They seem to think that the orchestra just automatically plays the way it does and that I say whatever comes to mind.

"It takes a full month to prepare for a one-hour TV program. It is easily forgotten that television is a visual medium, that a program has rigorous time limitations and that it must have a form — a carefully developed idea."

The idea behind Bernstein's program of next Sunday is fascinating. Taking the four familiar notes of "How Dry I am," he will illumine and dramatize "The Infinite Variety of Music" with the 104-man Philharmonic.

To illustrate the marvelous mutations of musical invention, Bernstein will play excerpts from the works of such composers as Handel, Beethoven, Brahms, Strauss, Smetana and Copland. The program will conclude with the orchestra playing the entire final movement of Shostakovich's Symphony No. 5 in order to show what the Russian composer did with those same four notes of "How Dry I am."

Dear Abby...

By Abigail VanBuren

They Need A Square Meal

DEAR ABBY: My wife has the reputation for being one of the best cooks in town. But the only time she'll cook is when we have company. I am not asking her to make anything fancy for me and the kids, but wouldn't you think she'd set the table and have a regular meal? She lets the kids eat standing up at the kitchen counter and tells me to "dig up" something. Any suggestions?

HUNGRY

DEAR HUNGRY: You're complaining to the wrong woman. Threaten to expose your wife by announcing at her next dinner party: "I'm so glad we have company because we never eat like this otherwise." And you'll have no problem getting a square meal.

DEAR ABBY: My 19-year-old daughter has lost her mind over a 36-year-old man who works where she works. They say they are getting married in July. She wants him to eat here three or four nights a week. I tell her I can't afford it (he has an enormous appetite.) Also on Saturday night he takes a bath here. His suit is left hanging in our closet. She wants me to take his shirt to the laundromat every week. His underclothes she gives me with her laundry to wash. I think that this is being too familiar. What do you think?

UPSET

DEAR UPSET: I think what you think.

DEAR ABBY: My husband and I have been married for three years. Five months ago we were blessed with twin boys. Abby, my husband has no patience and he has made up his mind that these babies will be trained to obey. When one baby awakens and start to cry, naturally the other one wakes up and they both cry. My husband goes to their cribs and whips them with his belt. It breaks my heart, but I can't do anything about it. My husband is so big and strong and ill-tempered. Sometimes there are marks on their little backs and bottoms. Abby, should I take my babies and go to my mother's? I am so ashamed and heart-broken. Please guide me right.

YOUNG MOTHER

DEAR MOTHER: A man who will whip babies with a belt as they lie in their cribs is sick in the head. If he refuses to see a doctor, pack up the babies and go to your mother's until he does.

DEAR ABBY: A friend of mine said that another friend of mine started a rumor about me. This friend who was supposed to have said this about me is not the type to say what this other friend of mine said she said. In fact, what was said sounds more like it was said by this friend who said the other friend said it. Do you think I should call up the friend who was supposed to have said it and ask her to hear it from the horse's mouth?

SUSPICIOUS

DEAR SUSPICIOUS: Let it go. In tracking down a rumor, the only thing you can hope to get from the horse's mouth is a horse laugh.

CONFIDENTIAL TO Al C. at the Hospital: You've got High Blonde Pressure. Relax!

Youth Held After Slaying Of Parents

CHICAGO (AP) — A slender youth, hunted for nearly a year in connection with the slaying of his parents and brother, returns to Springfield, Mass., today to face charges of murder.

Robert Clifford Jr., 18, who surrendered to police Tuesday, has been indicted for the murders of three of his family in their home in Hampden, Mass., last March 3. He told police the shootings followed refusal by his parents to let him buy a car.

Clifford, cold, hungry and broke, said he had roamed the country since the rifle slayings and came to Chicago last Sunday from Los Angeles, where he had been working as a truck driver under the name of John Hart.

Clifford waived extradition at a hearing in Criminal Court.

Two Springfield detectives, Sgts. Edward M. Dunn and James J. Fitzgibbon of the staff of Prosecuting Attorney Matthew J. Ryan, of Springfield, took a statement from the Clifford boy. They said it agreed with one Clifford had given earlier to Chicago detectives.

In both statements, Clifford said he shot his mother, Marie, 44; his father, Robert Clifford Sr., 47, an unemployed factory foreman, and then his brother, Ronald, 14, with a semi-automatic .22 caliber rifle, and then fled in his father's 1953 model auto after taking $700 from his father's wallet.

Hoosier Accused In Dayton Holdup

DAYTON, Ohio (AP)—A Richmond, Ind., man accused in New York of violating the Mann Act will be charged with the Jan. 3, 1958 holdup of a Winters National Bank branch here.

H. Donald Hawkins, assistant U.S. attorney, said he has asked the FBI to file the charge against Donald Allen Kiger, 28.

Hawkins, praising the FBI for its work in linking Kiger with the holdup, said the federal officers told him that Kiger had spent the $27,168 obtained in the robbery in "high living" about the country.

When Kiger was arrested in New York on the Mann Act charge he was accompanied by a 16-year-old Richmond girl, Hawkins said.

Birthplace of Herbert Hoover was a tiny cottage in West Branch, Iowa. His residence now is in the Waldorf-Astoria Towers on Park Avenue, New York City.

New County Near Fostoria Being Talked

FOSTORIA, Ohio (AP)—Fostoria City Council is considering a study of the possibility of forming a new county in this area.

There has been no new county former in Ohio since 1865.

The idea was put forth by Dr. Harvey Walker, professor of political science at Ohio State University, who has been retained as a consultant for a 15-member charter commission.

The commission is preparing a charter for a city manager form of government to submit to the voters in the May primary.

While studying the charter proposal, Dr Walker conceived the idea of a new county.

He said it would require at least 400 square miles of territory, a provision that adjoining counties retain at least a similar amount of territory, and approval by the Ohio General Assembly.

For years many residents here have complained the area suffers because it is divided between three counties — Wood, Hancock and Seneca.

Some feel this results in lack of political consideration from each county seat and slow county services.

A portion of Sandusky County also may be considered in studying the feasibility of a new county.

Development Firm Plans Changes

COLUMBUS, Ohio (AP) — Murray D. Lincoln, president of the Peoples Development Co. of Columbus, Wednesday announced a major reorganization of the firm.

Principal changes include naming Edward F. Wagner of Columbus as vice president, and changing the firm's name to the Nationwide Development Co.

The company, one of the largest land owners in the state, also is on the brink of an extensive expansion program. Lincoln said that in addition to entering the suburban hotel business the company is developing a new concept in the area of low cost housing.

The name of the Peoples Mortgage Co., an affiliate of the development firm, also is being changed to the Nationwide Mortgage Co.

Boy, 11, Still Alive After 17-Story Plunge

NEW YORK (AP)—An 11-year-old boy is alive after falling 17 stories from an apartment window. He landed in a low bush on a soggy lawn Tuesday.

The boy, James Bell, a Negro, suffered two broken wrists, two broken elbows, a black eye and internal injuries.

Inside Red China Today --

Highly-Organized Commune Controls All Facets of Life

Editor's Note — Life in a Chinese people's commune is organized to the last detail, and production is rationalized, but what happens to the individual? Dr. Sripati Chandrasekhar tells about the strange social experiment he studied first-hand during his travels in Red China. This is the fourth of five articles on his trip.

By Dr. Sripati Chandrasekhar
Copyright, 1959,
By THE ASSOCIATED PRESS

Communist Chinese officials are very proud of their latest development in agricultural production and ownership, the communes, for here they have gone one step beyond the Soviet Union.

During my six-week trip through Red China, I visited four communes. The one which was best organized from the official point of view—a kind of showpiece—appeared to control every conceivable aspect of human life from morning to night, from birth to death.

The Chili Yin people's commune is located about 80 miles north of Chingchow in Honan Province.

This commune was to set the pattern for the whole country, and was organized in the upsurge of the "big leap forward" in agriculture.

Chairman Mao Tse-tung of the Chinese Communist party happened to visit this place to see the agricultural cooperatives and all the peasants met him and declared they wanted real communism. But the cadres (the officials) were lukewarm.

Mao agreed with the peasants on the need for communes and pointed out that they were more progressive than their officials. And the next day, July 20, 1958, the people's commune came into being. That's what the director told me.

This commune was made up of 68 villages. The houses, the land, the implements, the cottage industries and the kitchen utensils were all owned by the commune. It also owned and ran a few iron smelters (steel production is becoming a cottage industry), repairing mills, wheat flour mills, tailors' establishments, tile and brick kilns, fertilizer plants, etc.

The commune managed 228 public canteens where all adults ate in hotel-type dining halls. There were 135 public nurseries where babies from a week to four years old were taken care of. There were 130 kindergartens where children from 4 to 6 years old were housed and taught.

There were also two middle schools where 1,450 students between 7 and 18 years received some instruction. There were 36 Red and expert schools (Socialist, professional and technical schools.

The commune also ran two large rural hospitals with 14 outpatient departments which administered traditional Chinese medicine (like herbs and skinpuncture). The adult population was distributed over 146 productive teams to work in rice, vegetable and cotton fields, small industries, canteens, public nurseries, schools, hospitals and so on.

All the village houses were owned by the commune, and there was not an empty room anywhere.

I visited two of the 24 "happy homes for the aged," The old people were housed in former landlords' homes. They were in the 65-70 age group and appeared to be happy.

What is the working day like in this commune?

Men and women wake up in the morning to the blare of loudspeakers in the streets. After half an hour of exercise in the open air—there is tremendous emphasis on physical fitness—they go off to the canteens for a communal breakfast.

Then they break up to form different production teams based on the individual's ability and aptitude for work. Husbands and wives, parents and grown-up children are not necessarily on the same team.

The teams go off to their allotted tasks in the fields and factories. They reassemble at noon in the various canteens for a simple lunch of rice, cabbage and sweet potato and occasionally a little pork. Lunch over, they march off again to their appointed tasks.

Senator, 34, Jibed About Youthfulness

WASHINGTON (AP)—Senators like to kid their youngest colleague, Sen. Frank Church (D Idaho), about his age. Recently Church, 34, was discussing the surgery of another senator.

"I'm sure he'll recover," Church said. "In fact, I had the same operation 10 years ago."

"You're confused, Frank," Sen Norris Cotton (R-NH) said. "That was no operation 10 years ago—that was the severance of your umbilical cord."

AEC Sets Up Plans For Piqua A-Reactor

WASHINGTON (AP) — The Atomic Energy Commissions says it will build a steam-generating atomic plant at a new site in Piqua, Ohio. The city will run the plant for five years and derive its power supply from it.

The original site was rejected for safety reasons. The alternate site is on the east bank of the Miami River, 700 feet across-stream from Piqua's mumicipal power plant.

Idlewild Airport Due For $250,000 Chapel

NEW YORK (AP)—The Protestant Council of New York has announced plans to build what it describes as the nation's first Protestant chapel at an airport.

The interdenominational council said it will be a $250,000 air-conditioned Gothic style chapel at Idlewild Airport, near a Roman Catholic chapel and the site of a proposed synogogue.

Dear Abby...

By Abigail VanBuren

They Need A Square Meal

DEAR ABBY: My wife has the reputation for being one of the best cooks in town. But the only time she'll cook is when we have company. I am not asking her to make anything fancy for me and the kids, but wouldn't you think she'd set the table and have a regular meal? She lets the kids eat standing up at the kitchen counter and tells me to "dig up" something. Any suggestions?

HUNGRY

DEAR HUNGRY: You're complaining to the wrong woman. Threaten to expose your wife by announcing at her next dinner party: "I'm so glad we have company because we never eat like this otherwise." And you'll have no problem getting a square meal.

DEAR ABBY: My 19-year-old daughter has lost her mind over a 36-year-old man who works where she works. They say they are getting married in July. She wants him to eat here three or four nights a week. I tell her I can't afford it (he has an enormous appetite.) Also on Saturday night he takes a bath here. His suit is left hanging in our closet. She wants me to take his shirt to the laundromat every week. His underclothes she gives me with her laundry to wash. I think that this is being too familiar. What do you think?

UPSET

DEAR UPSET: I think what you think.

DEAR ABBY: My husband and I have been married for three years. Five months ago we were blessed with twin boys. Abby, my husband has no patience and he has made up his mind that these babies will be trained to obey. When one baby awakens and start to cry, naturally the other one wakes up and they both cry. My husband goes to their cribs and whips them with his belt. It breaks my heart, but I can't do anything about it. My husband is so big and strong and ill-tempered. Sometimes there are marks on their little backs and bottoms. Abby, should I take my babies and go to my mother's? I am so ashamed and heart-broken. Please guide me right.

YOUNG MOTHER

DEAR MOTHER: A man who will whip babies with a belt as they lie in their cribs is sick in the head. If he refuses to see a doctor, pack up the babies and go to your mother's until he does.

DEAR ABBY: A friend of mine said that another friend of mine started a rumor about me. This friend who was supposed to have said this about me is not the type to say what this other friend of mine said she said. In fact, what was said sounds more like it was said by this friend who said the other friend said it. Do you think I should call up the friend who was supposed to have said it and ask her to hear it from the horse's mouth?

SUSPICIOUS

DEAR SUSPICIOUS: Let it go. In tracking down a rumor, the only thing you can hope to get from the horse's mouth is a horse laugh.

CONFIDENTIAL TO Al C. at the Hospital: You've got High Blonde Pressure. Relax!

Youth Held After Slaying Of Parents

CHICAGO (AP) — A slender youth, hunted for nearly a year in connection with the slaying of his parents and brother, returns to Springfield, Mass., today to face charges of murder.

Robert Clifford Jr., 18, who surrendered to police Tuesday, has been indicted for the murders of three of his family in their home in Hampden, Mass., last March 3. He told police the shootings followed refusal by his parents to let him buy a car.

Clifford, cold, hungry and broke, said he had roamed the country since the rifle slayings and came to Chicago last Sunday from Los Angeles, where he had been working as a truck driver under the name of John Hart.

Clifford waived extradition at a hearing in Criminal Court.

Two Springfield detectives, Sgts. Edward M. Dunn and James J. Fitzgibbon of the staff of Prosecuting Attorney Matthew J. Ryan, of Springfield, took a statement from the Clifford boy. They said it agreed with one Clifford had given earlier to Chicago detectives.

In both statements, Clifford said he shot his mother, Marie, 44; his father, Robert Clifford Sr., 47, an unemployed factory foreman, and then his brother, Ronald, 14, with a semi-automatic .22 caliber rifle, and then fled in his father's 1953 model auto after taking $700 from his father's wallet.

Hoosier Accused In Dayton Holdup

DAYTON, Ohio (AP)—A Richmond, Ind., man accused in New York of violating the Mann Act will be charged with the Jan. 3, 1958 holdup of a Winters National Bank branch here.

H. Donald Hawkins, assistant U.S. attorney, said he has asked the FBI to file the charge against Donald Allen Kiger, 28.

Hawkins, praising the FBI for its work in linking Kiger with the holdup, said the federal officers told him that Kiger had spent the $27,168 obtained in the robbery in "high living" about the country.

When Kiger was arrested in New York on the Mann Act charge he was accompanied by a 16-year-old Richmond girl, Hawkins said.

Birthplace of Herbert Hoover was a tiny cottage in West Branch, Iowa. His residence now is in the Waldorf-Astoria Towers on Park Avenue, New York City.

New County Near Fostoria Being Talked

FOSTORIA, Ohio (AP)—Fostoria City Council is considering a study of the possibility of forming a new county in this area.

There has been no new county former in Ohio since 1865.

The idea was put forth by Dr. Harvey Walker, professor of political science at Ohio State University, who has been retained as a consultant for a 15-member charter commission.

The commission is preparing a charter for a city manager form of government to submit to the voters in the May primary.

While studying the charter proposal, Dr Walker conceived the idea of a new county.

He said it would require at least 400 square miles of territory, a provision that adjoining counties retain at least a similar amount of territory, and approval by the Ohio General Assembly.

For years many residents here have complained the area suffers because it is divided between three counties — Wood, Hancock and Seneca.

Some feel this results in lack of political consideration from each county seat and slow county services.

A portion of Sandusky County also may be considered in studying the feasibility of a new county.

Development Firm Plans Changes

COLUMBUS, Ohio (AP) — Murray D. Lincoln, president of the Peoples Development Co. of Columbus, Wednesday announced a major reorganization of the firm.

Principal changes include naming Edward F. Wagner of Columbus as vice president, and changing the firm's name to the Nationwide Development Co.

The company, one of the largest land owners in the state, also is on the brink of an extensive expansion program. Lincoln said that in addition to entering the suburban hotel business the company is developing a new concept in the area of low cost housing.

The name of the Peoples Mortgage Co., an affiliate of the development firm, also is being changed to the Nationwide Mortgage Co.

Boy, 11, Still Alive After 17-Story Plunge

NEW YORK (AP)—An 11-year-old boy is alive after falling 17 stories from an apartment window. He landed in a low bush on a soggy lawn Tuesday.

The boy, James Bell, a Negro, suffered two broken wrists, two broken elbows, a black eye and internal injuries.

Inside Red China Today --

Highly-Organized Commune Controls All Facets of Life

Editor's Note — Life in a Chinese people's commune is organized to the last detail, and production is rationalized, but what happens to the individual? Dr. Sripati Chandrasekhar tells about the strange social experiment he studied first-hand during his travels in Red China. This is the fourth of five articles on his trip.

By Dr. Sripati Chandrasekhar

Communist Chinese officials are very proud of their latest development in agricultural production and ownership, the communes, for here they have gone one step beyond the Soviet Union.

During my six-week trip through Red China, I visited four communes. The one which was best organized from the official point of view—a kind of showpiece—appeared to control every conceivable aspect of human life from morning to night, from birth to death.

Prejudices Against Women Doctors Said To Be Ended

TOLEDO, Ohio (AP)—There's a definite place for women in medicine! And ever since the Renaissance, when women doctors were attached to reigning courts, women have been known to fill a certain vacuum in the medical world.

This is the opinion of Dr. Marian Rejent of the pediatric clinic at the Toledo Health Center. She believes the day of prejudices against women in medical schools is over.

Dr. Rejent backs up her statements with a survey made by the American Medical Assn. as to how many women attended medical eschool and the number who are still active. The survey showed that more than 50 per cent are still practicing.

She discounts the theory that medical education of women is a social and economic loss.

A large percentage of women, she said, are putting to practice their medical education, in addition to being housewife and mother.

"It's true," she added, "that they drop out temporarily for pregnancy and children, but then they return to the medical field—filling jobs that male physicians do not want."

In this capacity, the woman physician closes the gap for muchneeded salaried workers in hospitals, medical schools, industry, government and public health.

Specialties most favored by women doctors, however, are pediatrics, with psychiatry and neurology second on the list, obstetrics and gynecology next, then internal medicine and anesthesiology.

Preference of women physicians for pediatrics is borne out by statistics. Of the 5,000 members of the American Academy of Pediatrics, 1,500 are women.

Dr. Rejent points out that regardless of the impressive advancement and mounting ranks of women physicians, the road to a medical career is not an easy one.

It includes four years of high school, four years of college, graduating with a bachelor of arts or bachelor of science degree, and four years of medical school.

Of the latter, Dr. Rejent advises prospective students to obtain bulletins from the various medical schools, because the subjects vary.

There's also a hitch insofar as medical schools are concerned. Aptitude tests are now being given to pre-medical students in their sophomore years to determine if she, or he, is fitted for that particular field.

Dr. Rejent issued a few warning notes to girls and women thinking of enterng the medical profession.

"Men in this field," she said, "recognize you for what you know. A woman doctor is treated on an equal basis with men. They're cooperative and expect the same cooperation."

Too many women in medical schools, she explained, attempt to compete with men physicians, and such competition is almost impossible in certain medical phases.

For example she said few women can take up surgery because of the physical limitations—such as withstanding the rigors of a four or five-hour operation.

Maj. Blanco Directs Own Death Squad

HAVANA (AP) — Maj. Jesus Sosa Blanco died before a firing squad today, calmly giving the order to fire.

Convicted a second time as a major war criminal, the 51-year-old career officer had one last request—that he be given the right to give the orders to his executioners.

Army sources gave this account of the major's execution in the early morning hours at La Cabana Fortress:

Sosa Blanco was led from his cell into the courtyard where the firing squad waited.

"I forgive you, muchachos (boys), and you will forgive me," he said, then calmly: "Get ready. Aim. Fire!"

Prime Minister Fidel Castro had branded Sosa Blanco a mass murderer and virtually demanded his death. The unofficial total of executions carried out by the revolutionary regime now is 303.

Sosa Blanco got a fleeting lease on life—and a second trial—after the carnival atmosphere of his first trial Jan. 23 brought adverse criticism from abroad. The same three-man tribunal tried him again, this time in a quiet courtroom, and came up Tuesday with the same guilty verdict.

On the diplomatic front, Cuba directly challenged three Latin American countries which Castro charges are oppressed by dictatorships.

Foreign Minister Roberto Agramonte said that Cuba would withdraw from the Organization of American States if Paraguay, Nicaragua and the Dominican Republic remain members.

Municipal Sidewalk Liability Limited

COLUMBUS, Ohio (AP)—Municipalities are not liable for pedestrian injuries caused by minor sidewalk variations, the Ohio Supreme Court held today.

The unanimous decision upheld appellate court reversal of a $3,000 award to Catherine Gallagher of Toledo, by common pleas court.

The librarian at St. Ursula's Academy High School tripped over a 1½-2 inch variation in sidewalk slabs Oct. 9, 1954. She sued the city to recover for injuries received.

$100 Million Building Planned for Gohtam

NEW YORK (AP)—Work is expected to start later this year on the world's largest commercial office building.

The structure, to be called "Grand Central City," will tower 55 stories just north of Grand Central Terminal.

Builder Erwin S. Wolfson estimated the building will cost about 100 million dollars.

Con Is Stabbed By Cellmate

MANSFIELD, Ohio (AP)—Darrow Dean Sapp, 19, was fatally stabbed with a pair of scissors in the Mansfield Reformatory tailor shop Tuesday.

The acting reformatory superintendant, George J. Allarding, said Sapp's cellmate, Joseph Edward Komlosi, 17, wielded the scissors.

Komlosi, serving a 1-8 year term for armed robbery, was questioned about his motive, but it was not disclosed, Allarding said.

Sapp was committed to the reformatory in January 1957 from Cuyahoga County on a charge of assault with intent to rob. Komlosi came to the prison last April from Montgomery County.

New Idle Pay Claims Decline

COLUMBUS, Ohio (AP) — The number of new claims for unemployment compensation dropped for the third week in a row, the Ohio Bureau of Unemployment Compensation reported today.

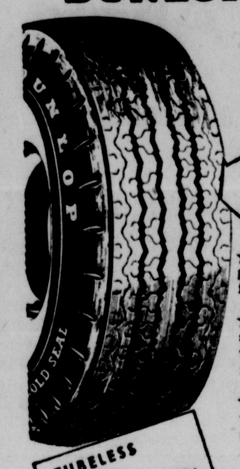

The total for the week ended Feb. 14 was 13,026 compared with 15,610 for the week ended Feb. 7, and 17,815 for the week ended Jan. 31.

Continuing claims of those unemployed one week or more totaled 109,818 for the week ended Feb. 14, down from the 114,746 the previous week.

WHAT'S MY LINE?—Indianapolis fireman Richard VanSant was splotched with black paint when a two-alarm blaze at a truck body plant caused paint to explode. Several other firemen were hospitalized with paint-sprayed eyes.

Of the latter, Dr. Rejent advises prospective students to obtain bulletins from the various medical schools, because the subjects vary.

There's also a hitch insofar as medical schools are concerned. Aptitude tests are now being given to pre-medical students in their sophomore years to determine if she, or he, is fitted for that particular field.

Dr. Rejent issued a few warning notes to girls and women thinking of enterng the medical profession.

"Men in this field," she said, "recognize you for what you know. A woman doctor is treated on an equal basis with men. They're cooperative and expect the same cooperation."

Too many women in medical schools, she explained, attempt to compete with men physicians, and such competition is almost impossible in certain medical phases.

For example she said few women can take up surgery because of the physical limitations—such as withstanding the rigors of a four or five-hour operation.

Maj. Blanco Directs Own Death Squad

HAVANA (AP) — Maj. Jesus Sosa Blanco died before a firing squad today, calmly giving the order to fire.

Convicted a second time as a major war criminal, the 51-year-old career officer had one last request—that he be given the right to give the orders to his executioners.

Army sources gave this account of the major's execution in the early morning hours at La Cabana Fortress:

Sosa Blanco was led from his cell into the courtyard where the firing squad waited.

"I forgive you, muchachos (boys), and you will forgive me," he said, then calmly: "Get ready. Aim. Fire!"

Prime Minister Fidel Castro had branded Sosa Blanco a mass murderer and virtually demanded his death. The unofficial total of executions carried out by the revolutionary regime now is 303.

Sosa Blanco got a fleeting lease on life—and a second trial—after the carnival atmosphere of his first trial Jan. 23 brought adverse criticism from abroad. The same three-man tribunal tried him again, this time in a quiet courtroom, and came up Tuesday with the same guilty verdict.

On the diplomatic front, Cuba directly challenged three Latin American countries which Castro charges are oppressed by dictatorships.

Foreign Minister Roberto Agramonte said that Cuba would withdraw from the Organization of American States if Paraguay, Nicaragua and the Dominican Republic remain members.

Municipal Sidewalk Liability Limited

COLUMBUS, Ohio (AP)—Municipalities are not liable for pedestrian injuries caused by minor sidewalk variations, the Ohio Supreme Court held today.

The unanimous decision upheld appellate court reversal of a $3,000 award to Catherine Gallagher of Toledo, by common pleas court.

The librarian at St. Ursula's Academy High School tripped over a 1½-2 inch variation in sidewalk slabs Oct. 9, 1954. She sued the city to recover for injuries received.

$100 Million Building Planned for Gohtam

NEW YORK (AP)—Work is expected to start later this year on the world's largest commercial office building.

The structure, to be called "Grand Central City," will tower 55 stories just north of Grand Central Terminal.

Builder Erwin S. Wolfson estimated the building will cost about 100 million dollars.

Con Is Stabbed By Cellmate

MANSFIELD, Ohio (AP)—Darrow Dean Sapp, 19, was fatally stabbed with a pair of scissors in the Mansfield Reformatory tailor shop Tuesday.

The acting reformatory superintendant, George J. Allarding, said Sapp's cellmate, Joseph Edward Komlosi, 17, wielded the scissors.

Komlosi, serving a 1-8 year term for armed robbery, was questioned about his motive, but it was not disclosed, Allarding said.

Sapp was committed to the reformatory in January 1957 from Cuyahoga County on a charge of assault with intent to rob. Komlosi came to the prison last April from Montgomery County.

New Idle Pay Claims Decline

COLUMBUS, Ohio (AP) — The number of new claims for unemployment compensation dropped for the third week in a row, the Ohio Bureau of Unemployment Compensation reported today.

The total for the week ended Feb. 14 was 13,026 compared with 15,610 for the week ended Feb. 7, and 17,815 for the week ended Jan. 31.

Continuing claims of those unemployed one week or more totaled 109,818 for the week ended Feb. 14, down from the 114,746 the previous week.

WHAT'S MY LINE?—Indianapolis fireman Richard VanSant was splotched with black paint when a two-alarm blaze at a truck body plant caused paint to explode. Several other firemen were hospitalized with paint-sprayed eyes.

Juvenile Detention Home Studied by News Reporter

By FRANK LECJAKS
Cleveland News Writer

CLEVELAND (AP)—His name was Charles. He was 16 and a runaway from home.

He took his time to get up from the floor in the day room where he had been sitting, reading a comic book. Through the intercom system came the noisy blare of a rock 'n' roll tune.

"I don't like it here. I'm bored to death and this place drives me nuts," Charles said when I asked him how he felt about being in the detention home.

"What hurts me most," he continued, "is that they don't let you smoke. Man, I'm sick for a smoke."

Charles was one of 68 boys and 31 girls who were confined in the detention home at 2209 Central Ave. when I toured the institution. It was built 26 years ago to accommodate 100 juveniles but has averaged 115 youngsters daily since 1957.

Operated by Cuyahoga County, the detention home has a staff of 92, including 20 part - time employes. More space is badly needed.

To the juveniles confined there, crowded conditions are not important. They are only concerned about the date when they will be released.

"When do I get out? I want to go home," were the words most frequently shot at Carl Goettler, assistant superintendent, with whom I made the rounds.

Many in the home became delinquent because of broken homes. Their delinquencies ranged from running away and incorrigibility to auto theft and immofality, the latter especially among the girls.

Some are mad at society and blame everyone but themselves for being held in the detention home. Delinquents are detained there temporarily until further placement. The hardened ones are held in the home prior to court appearance.

There is Joyce, 16, who ran away from a school for girls, where she had been placed for rehabilitation.

Her statement to me wasn't pretty: "My father is dead, my mother not fit to be a mother. She is an alcoholic and doesn't treat me like a daughter. That's why I ran away from home five times."

With an afterthought she added: "I like it better here than with her. But don't get me wrong. I want to get out of here just the same."

Her friends Jean, 15, and Lucille 14, who escaped from the same school, said they didn't like being locked up in the home.

"Why did we leave the school? We got sick of praying from morning to night, and doing the chores," they said.

Jean said her troubles began when she ran away from home to marry an 18-year-old.

"Now I don't like him any more and want to go home. I would be so good," she said.

I could see why the home maintains three psychiatrists and three psychologists to help these troubled youngsters.

In the boys' dayroom, with its old and beaten up furniture, I came across Sam, an 11-year-old freckle-faced boy who had a forlorn look in his eyes. He watched the others play table tennis.

"I want to go to a place like Parmadale (a Catholic orphanage). Maybe it's fun there," he said. He ran away from home "because my father said he would send me to a reform school. He said I stole money from the piggy bank. My mother blamed me for taking a $50 bond.

"They both lied," Sam said. "I didn't take the money and my mother told me to cash the bond but not to tell my dad."

There is no physical punishment, Goettler said. He showed me the small, drab-looking single room where real behavior problem children are placed, anywhere from 10 minutes to several days. The usual sleeping places are the dormitories. There are four such single rooms with just a bed and toilet facilities. They are also used for medical isolation.

What irks the youngsters most is that they can't do as they please.

"I don't like to obey orders and I don't like the single rooms," a 15-year-old boy said. The delinquents dislike being kept in a place where there are a dozen locked doors and heavy screens over the windows.

A group of tired-looking boys were playing volley ball in the gym. They were supposed to loosen up their muscles, let out some of their teen-age energy. I noted they simply weren't interested in what they were doing.

Later that day, I watched the girls take to the gym. At least the girls showed pep and excitement while playing for 45 minutes.

Playing ball is one of the recreations offered to the juveniles, who ranged in age from 9 to 17. But there isn't very much else they can do.

Since there was no school that day due to mid-term changes, this may have accounted for their lazy behavior. However, Goettler admitted that even on school days the youngsters get bored.

School is held from 9 to 11:15 a. m. and from 1 to 3:15 p. m. The IQ of those in the home varies from borderline defectiveness to brainy.

There aren't enough teachers and classrooms are inadequate. There should be at least seven classrooms instead of four, said Goettler. The equipment—especially the desks—looked medieval.

In the afternoon I attended a religious class conducted by the Rev. Bernhard A. Leschen, a Lutheran minister. I was surprised to see a relatively heavy attendance of 20 boys. They were all eyes and ears.

Boredom seems to be the major headache. I found teenagers sleeping on the floors in the day rooms or slumped in old chairs, listening to their favorite records.

But even Elvis Presley appears to have lost his appeal with some of the young rock 'n' roll lovers. Said a 17-year-old boy: "Can't they get any better records?"

Ohio Bank Robbed Of About $8,000

CANTON, Ohio (AP)—A gunman robbed the Dimes Savings Bank today and got away with an estimated $8,000.

Bank officials said the man handed a note to Wendell Way, a teller, and asked for the money in his drawer. He drew a gun from his pocket.

The robbery took place shortly before 10 a.m. at the bank, which is on Tuscarawas street, only one block from the heart of downtown.

Last month, two men robbed the Citizens Savings Bank in Canton of about $13,000.

Capital Boys Report $13½ Billion More Now Than Year Ago

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — Do you have more money to spend today than you had a year ago?

Possibly you yourself don't. But the sliderule boys down in Washington say Americans as a whole have. Some 13½ billion dollars more.

Once a month they add up all the data they can get on personal income from various sources. Their figures are closely watched by merchants and manufacturers alike, since the statistics give them some idea of how much money is available to be tapped for sale of the goods they stock or make.

The Commerce Department says that in January personal income, on a seasonally adjusted annual rate, hit a record of nearly 362½ billion dollars.

What goes into this figure?

Wages and salaries are the biggest item. This January they came to 244½ billion dollars, up 9½ billion from the previous year.

The department's statisticians also gather data as best they can on what the professional man and the small business man makes for himself. It adds what landlords take in as rent, what stockholders get as dividends, and what individuals get as interest on bonds, saving accounts and the like.

Estimates of farm income are included and also benefits paid to the unemployed, to veterans, to Social Security pensioners.

From the total the department then deducts what workers contribute toward Social Security.

What can Americans do with all this 362 billion dollars? First they can pay taxes. With what's left they can pay higher prices for some goods and for many services. Then they can pay all the bills connected with the steadily rising standards of living of Americans as a whole.

In 1939 a man with a wife and two children, and with an income of $5,000, paid $59 in taxes and had $4,941 left to spend on what he needed or wanted.

Today to buy the same items and services, the man must make $11,140.

'More Realistic' Fee For Marriages Sought

NEW YORK (AP)—The city has asked the state to authorize an increase to $3 from $2 the fee charged by the city clerk for marriages performed in the municipal building.

The purpose of the increase, said City Clerk Herman Kat who performed 8,548 marriages last year, is not to raise revenue but to make the fee "more realistic."

Weeky Food Review

By THE ASSOCIATED PRESS

Chances are you'll be eating smoked ham or turkey Sunday if the food shopper in your house goes for the current bargains.

Supplies of both meats are plentiful.

Ham isn't the only pork product featured. Some stores are putting on special prices for bacon, and pork chops are down 9 cents and more a pound in some areas.

Beef prices are mixed while fryers and leg of lamb are up a few pennies in scattered locations.

Potatoes remain the outstanding vegetable bargain in most stores.

Other best bets include fall cabbage, root crops, sweet potatoes, endive and escarole. The first North Carolina cooking greens are in the markets at bargain levels.

Lettuce, carrots, pascal celery, new cabbage, onions and spinach also are good buys. Eggplant, snap beans and peppers are more expensive.

Once again apples and Florida citrus rank as the top bargains on fruit counters. Apple prices firmed this week, however, as storage rooms started to grow empty, and supplies of tangerines also are growing light. Bananas, limes, California navel oranges, Puerto Rican coconuts, lemons and avocados also are good buys.

Did Cop Pocket Pig Sale Price?

FOSTORIA, Ohio (AP) — City Council is investigating a report that $42 from the sale of a stray pig went into a patrolman's pocket instead of the police and fire department pension fund.

The pig had been found roaming loose here. It went unclaimed and police sold it with the idea of putting the proceeds in the pension fund.

Council president Harry Swart ordered the investigation after hearing detailed reports from three patrolmen.

The patrolman who allegedly appropriated the money was not named.

Industrial Fumes Blamed for 'Drunk'

GRAND RAPIDS, Mich. (AP)—A teetotaler asked the health department to help him find out why he was getting a jag on at work.

He told W. B. Prothro, the health officer, he felt tipsy when he finished his job each day. He said things were getting so bad that his wife had threatened to leave him and his boss had accused him of tippling.

The health department discovered the man worked with trichlorethylene, an industrial solvent, and the fumes were making him wooy.

Ventilation, Prothro said, sobered him up.

School is held from 9 to 11:15 a. m. and from 1 to 3:15 p. m. The IQ of those in the home varies from borderline defectiveness to brainy.

There aren't enough teachers and classrooms are inadequate. There should be at least seven classrooms instead of four, said Goettler. The equipment—especially the desks—looked medieval.

In the afternoon I attended a religious class conducted by the Rev. Bernhard A. Leschen, a Lutheran minister. I was surprised to see a relatively heavy attendance of 20 boys. They were all eyes and ears.

Boredom seems to be the major headache. I found teenagers sleeping on the floors in the day rooms or slumped in old chairs, listening to their favorite records.

But even Elvis Presley appears to have lost his appeal with some of the young rock 'n' roll lovers. Said a 17-year-old boy: "Can't they get any better records?"

Ohio Bank Robbed Of About $8,000

CANTON, Ohio (AP)—A gunman robbed the Dimes Savings Bank today and got away with an estimated $8,000.

Bank officials said the man handed a note to Wendell Way, a teller, and asked for the money in his drawer. He drew a gun from his pocket.

The robbery took place shortly before 10 a.m. at the bank, which is on Tuscarawas street, only one block from the heart of downtown.

Last month, two men robbed the Citizens Savings Bank in Canton of about $13,000.

RESOLUTION NO. 8-59

Be it Resolved by the Council of the City of Circleville, State of Ohio, three-fourths of all member elected thereto concurring:

Section 1. That it is necessary to improve Nicholas Drive street, from the sewer line situated in U. S. Route 22 to the first alley that enters into Nicholas Drive street from the east by constructing a sewer within the confines of said Nicholas Drive street.

Section 2. That the grade of said street as improved shall be as shown by the engineer's plans and profiles which are made a part hereof.

Section 3. That the plans specifications, estimates and profiles of the proposed improvement heretofore prepared by the engineering firm of Burgess and Nipple at the special instance and request of the service director and now on file in the office of the service director be, and the same hereby are, approved.

Section 4. That the whole cost of said improvement less one - fifth (1-5th) thereof and the cost of intersections, shall be assessed in proportion to the benefits which may result from the improvement upon all lots and lands bounding and abutting upon the proposed improvement, which said lots and lands are hereby determine to be specifically benefited by said improvement; and the cost of said improvement shall include the expense of the preliminary and other surveys and of printing and publishing the notices, resolutions and ordinance required, and the serving of said notices, the cost of construction together with interest on notes and bonds issued in anticipation of the collection of deferred assessments, and other necessary expenditures.

Section 5. That the assessments so to be levied shall be paid in ten (10) annual installments, with interest on deferred payments at the same rate as shall borne by the bonds to be issued in anticipation of the collection thereof; provided that the owner of any property assessed may, at his option, pay such assessment on cash within thirty days after the passage of the assessing ordinance.

Section 6. That the bond of the city shall be issued in anticipation of the collection of assessments by installments and in an amount equal thereto, and notes of said city shall be issued in anticipation of the issued of such bonds.

Section 7. That the remainder of the entire cost of said improvement, not specially assessed, including the cost of intersections, together with the cost of any real estate or interest therein, purchased or appropriated, and the costs and expenses of any appropriation proceeding therefore, and the damages awarded any owner of adjoining lands and interest thereon, and the costs and expenses of any such award, shall be paid out of the General Revenue Fund of the City of Circleville, Ohio.

Section 8. This resolution is hereby declared to be an emergency measure for the preservation and protection of the public health, safety and welfare, and for the further reason that the Nicholas Drive Street Sewer is necessary to provide proper sanitary facilities for persons residing on said street, and it shall take effect immediately upon its passage and approval.

DiSalle Calls for Mature Plan in Ohio Development

COLUMBUS, Ohio (AP)—Gov. Michael V. DiSalle says the people of Ohio "had better get interested in an aggressive, intelligent, mature effort to develop the state's economic potential."

"In Ohio," he adds, "things are not going as well as we'd like to see them go."

The governor addressed about 490 representatives of industry and public utilities, businessmen and community leaders at the State Fairgrounds at an industrial conference Wednesday.

For the most part, they gave a warm welcome to a proposed State Department of Economic and Industrial Development, which DiSalle hopes to have operating by July 1.

The governor, who called the conference, cited a double-barreled threat to the state's economic security: 1. A rapidly increasing population which will need jobs. 2. Strong efforts by sister states to attract industry.

Hugo Young of Loudonville promised that the Ohio Chamber of Commerce, of which he is president, will "freely and fully give cooperation to Gov. DiSalle in the plan for industrial expansion in Ohio."

Michael J. Lyden of Youngstown, president of the state AFL-CIO Council, said the labor movement also welcomes the idea "and will do everything it can to see that the department is a success."

Edwin C. Higbee, field office manager for the U. S. Department of Commerce, offered the department's services to the governor, to which DiSalle quipped: "One government printing service we'd like to have is the Bureau of Engraving."

The governor said money to operate the new department during the initial months might be obtained from the $260,000 spent each year to run the existing Economic Development and Publicity Commission, which would be absorbed by the new department; money set aside for the office of the State Coordinator of Atomic Development, which also would be absorbed; plus about $250,000 in new funds.

DiSalle said the state might also use the Bureau of Unemployment Compensation's administrative fund to finance advertising and other related efforts.

The measure to create the department probably will be submitted to the Legislature in the next week or so, he said.

A. N. Prentice, who heads the Ohio Chamber's 10-year-plan for developing the state's economic potential, said his committee would be "delighted to review the bill and make recommendations."

Prentice is vice president and general manager of Ohio Power Co. in Canton.

Robert C. Hienton, vice president for marketing for Cleveland Electric Illuminating Co., said an economic development program is badly needed. "It will be easier to sell a state than it is to sell an area," he said.

However, DiSalle remarked that he does not foresee the proposed department "being used as a kind of 'buy Ohio' program."

The governor called establishment of such a department "the most important single step that Ohio will take in many years to come."

Fred E. Merrell, president of the Chamber of Commerce Executives of Ohio, urged that the director and staff of the proposed department "be assured of a tenure of service to safeguard and permit stability to the organization."

Merrell is executive director of the Development Committee of Zanesville and Muskingum County, Inc.

Robert L. Wolf, president of the Great Lakes States Industrial Development Council, said the new department "is not going to mean the state is assured of prospects flocking to our doors. An industry locates only where it can make a profit."

Wolf also is director of area development for Ohio Power Co. in Canton.

Ocean Floor Said Rich in Fine Minerals

SAN FRANCISCO (AP) — The ocean bottoms are strewn with deposits of manganese and cobalt so rich they probably could break the world market in those metals if they were mined on even a modest scale, a scientist reported today.

The metals are contained in black rock-like formations about the size of billiard balls and are pretty uniformly scattered over the ocean floors, he said.

Existence of these formations has been known for 75 years, but their abundance and the amount of metals they contain were determined only recently, said Dr. Roger R. Revelle, director of the Scripps Institution of Oceanography.

Dr. Revelle gave an evaluation of the deposits as made by investigators at Scripps and the University of California at Berkeley.

The assays indicated, Dr. Revelle said, that if these formations were dredged up from the depths at the rate of 5,000 tons a day and processed, they would yield enough metal to augment the U.S. manganese supply by 25 per cent and the cobalt supply by 125 per cent. The U.S. produces only 10 per cent of its manganese needs. The rest comes from imports.

Manganese is much used as an ingredient to make steel tough and is widely utilized as a component of many alloys. Cobalt is used in making special steels and in glass and as a coloring material.

Wife's Curiosity Nets Jail Term for Juror

AKRON, Ohio (AP) — John C. Ress was in jail today as a result of his wife's curiosity. Prior to recess in municipal court Wednesday Judge Thomas Powers cautioned a jury, of which Ress was a member, against talking with any one about the case, which involved a motorist charged with driving while intoxicated. In the corridor, Ress's wife approached him and asked how it was going. A bailiff who heard the remark told the judge, who sentenced Ress to five days in jail and fined him $50 for contempt of court.

State Aide Sounds Insurance Warning

COLUMBUS, Ohio (AP) — The state superintendent of insurance has warned Ohio residents against dealing with insurance firms not licensed by Ohio.

Edward A. Stowell reported that Prudential Life & Casualty Insurance Co. of Oklahoma City, Okla., has been soliciting policies by direct mail in the Akron area. The company is not licensed to do business in Ohio.

Stowell said the department can protect residents only when a firm is licensed to do business in Ohio.

Ohio code requires licensed insurance firms to be financially stable, stipulates uniform policies and prohibits any misrepresentation of benefits policies.

DiSalle Calls for Mature Plan in Ohio Development

COLUMBUS, Ohio (AP)—Gov. Michael V. DiSalle says the people of Ohio "had better get interested in an aggressive, intelligent, mature effort to develop the state's economic potential."

"In Ohio," he adds, "things are not going as well as we'd like to see them go."

The governor addressed about 490 representatives of industry and public utilities, businessmen and community leaders at the State Fairgrounds at an industrial conference Wednesday.

For the most part, they gave a warm welcome to a proposed State Department of Economic and Industrial Development, which DiSalle hopes to have operating by July 1.

The governor, who called the conference, cited a double-barreled threat to the state's economic security: 1. A rapidly increasing population which will need jobs. 2. Strong efforts by sister states to attract industry.

Hugo Young of Loudonville promised that the Ohio Chamber of Commerce, of which he is president, will "freely and fully give cooperation to Gov. DiSalle in the plan for industrial expansion in Ohio."

Michael J. Lyden of Youngstown, president of the state AFL-CIO Council, said the labor movement also welcomes the idea "and will do everything it can to see that the department is a success."

Edwin C. Higbee, field office manager for the U. S. Department of Commerce, offered the department's services to the governor, to which DiSalle quipped: "One government printing service we'd like to have is the Bureau of Engraving."

The governor said money to operate the new department during the initial months might be obtained from the $260,000 spent each year to run the existing Economic Development and Publicity Commission, which would be absorbed by the new department; money set aside for the office of the State Coordinator of Atomic Development, which also would be absorbed; plus about $250,000 in new funds.

DiSalle said the state might also use the Bureau of Unemployment Compensation's administrative fund to finance advertising and other related efforts.

The measure to create the department probably will be submitted to the Legislature in the next week or so, he said.

A. N. Prentice, who heads the Ohio Chamber's 10-year-plan for developing the state's economic potential, said his committee would be "delighted to review the bill and make recommendations."

Prentice is vice president and general manager of Ohio Power Co. in Canton.

Robert C. Hienton, vice president for marketing for Cleveland Electric Illuminating Co., said an economic development program is badly needed. "It will be easier to sell a state than it is to sell an area," he said.

However, DiSalle remarked that he does not foresee the proposed department "being used as a kind of 'buy Ohio' program."

The governor called establishment of such a department 'the most important single step that Ohio will take in many years to come."

Fred E. Merrell, president of the Chamber of Commerce Executives of Ohio, urged that the director and staff of the proposed department "be assured of a tenure of service to safeguard and permit stability to the organization."

Merrell is executive director of the Development Committee of Zanesville and Muskingum County, Inc.

Robert L. Wolf, president of the Great Lakes States Industrial Development Council, said the new department "is not going to mean the state is assured of prospects flocking to our doors. An industry locates only where it can make a profit."

Wolf also is director of area development for Ohio Power Co. in Canton.

Ocean Floor Said Rich in Fine Minerals

SAN FRANCISCO (AP) — The ocean bottoms are strewn with deposits of manganese and cobalt so rich they probably could break the world market in those metals if they were mined on even a modest scale, a scientist reported today.

The metals are contained in black rock-like formations about the size of billiard balls and are pretty uniformly scattered over the ocean floors, he said.

Existence of these formations has been known for 75 years, but their abundance and the amount of metals they contain were determined only recently, said Dr. Roger R. Revelle, director of the Scripps Institution of Oceanography.

Dr. Revelle gave an evaluation of the deposits as made by investigators at Scripps and the University of California at Berkeley.

The assays indicated, Dr. Revelle said, that if these formations were dredged up from the depths at the rate of 5,000 tons a day and processed, they would yield enough metal to augment the U.S. manganese supply by 25 per cent and the cobalt supply by 125 per cent. The U.S. produces only 10 per cent of its manganese needs. The rest comes from imports.

Manganese is much used as an ingredient to make steel tough and is widely utilized as a component of many alloys. Cobalt is used in making special steels and in glass and as a coloring material.

Wife's Curiosity Nets Jail Term for Juror

AKRON, Ohio (AP) — John C. Ress was in jail today as a result of his wife's curiosity. Prior to recess in municipal court Wednesday Judge Thomas Powers cautioned a jury, of which Ress was a member, against talking with any one about the case, which involved a motorist charged with driving while intoxicated. In the corridor, Ress's wife approached him and asked how it was going. A bailiff who heard the remark told the judge, who sentenced Ress to five days in jail and fined him $50 for contempt of court.

State Aide Sounds Insurance Warning

COLUMBUS, Ohio (AP) — The state superintendent of insurance has warned Ohio residents against dealing with insurance firms not licensed by Ohio.

Edward A. Stowell reported that Prudential Life & Casualty Insurance Co. of Oklahoma City, Okla., has been soliciting policies by direct mail in the Akron area. The company is not licensed to do business in Ohio.

Stowell said the department can protect residents only when a firm is licensed to do business in Ohio.

Ohio code requires licensed insurance firms to be financially stable, stipulates uniform policies and prohibits any misrepresentation of benefits policies.

game for its 14th win against seven defeats.

The battle started slowly as both squads were nervous over the outcome of this all-important game and were therefore trying too hard. The winner (Williamsport) automatically goes to the Central Ohio district at Otterbein.

The lead changed hands twice in this quarter with Scioto holding the edge at the buzzer, 9-7. Terry Little's two swishes from the side led the Buffalo scoring with four, followed by Milburn with three points.

* * *

STONEROCK let is be known early that he was out to win this one with six points on a variety of field goals.

Williamsport went with a 3-2 zone defense the entire game while Scioto started with a four-man zone and T. Little guarding Myers, man-to-man, which certainly proved effective.

The second period was a reverse of the first as both quintets hit a torrid streak. Williamsport tallied 22 points to Scioto's 18 for a Deercreek halftime lead, 29-27.

Though Scioto dominated the bankboards, Williamsport was connecting on the first shot, eliminating the necessity of a rebound.

Myers scored his first points late in the period, hitting on four straight free throws. He racked up six consecutive for the evening. Stonerock rolled for 10 points on offensive bankboard play.

The Buffaloes found a scoring threat in Sanders, who dented Deercreek from the side with seven points. Dick Kaiser, who replaced 6-5 Jim Sealock, notched five markers.

* * *

STONEROCK started the quarter with a three-point play to give Williamsport the lead, 10-9. What followed had the crowd absorbing stiff necks from trying to keep up with the action.

Each team caught fire and the "tennis match" was on. The lead changed hands 11 times and the game was tied seven times, after being knotted three times in the initial quarter.

For the first half, Scioto hit for 29 per cent, dunking 11 of 37. Williamsport countered with 11 of 32 for 34 per cent. Myers started handling the ball after being bottled up in the corner and the side in the first period.

The Deers opened up the Scioto middle with Myers and teammates passing into Stonerock for deadly two-pointers, Scioto banged away from the sides to damage Williamsport.

The third period turned into a nightmare for both squads. Williamsport didn't tally a field goal in this period, being outscored 9-5 for a Scioto lead, 36-34.

Neither team could hit "the broad side of a barn". Williamsport was limited to one shot and Scioto was rebounding, but missing.

* * *

KENNETH STARKEY delivered four of Williamsport's five points from the charity line. Scioto got scoring from Ronnie Little, Sanders, Milburn, Terry Little and Sealock.

The Buffaloes increased their margin to four points to start the fourth period, 38-34. Then Stonerock and Starkey hit for successive buckets to tie the score and Bill Smith gave the Deers the lead, 40-38 on a corner set shot.

Donald Steinhauser, a freshman, came off the bench at this point to sizzle two quick field goals from the corner to keep the Deers in the lead.

Sealock, meanwhile, was hitting for two straight free throws and a tip-in while Melvin hung up his four charity tosses to tie the score at 45-all, and then take the lead, 46-45.

Stonerock fouled out at this point and it was up to Myers to hold Scioto's Milburn in check. Scioto twice pilfered the ball on a Steinhauser pass but was unable to capitalize.

Myers hit for two straight to regain the lead for Williamsport. Starkey chipped in with a free throw before Scioto tied the score at 50-50 on two straight tip-ins by Kerschner and Milburn.

* * *

THIS MARKED THE fourth game of seven to be decided in the final minute of play in this "wild and wooly' county tournament.

Neither team flourished from the field in the second half. Scioto chalked up eight of 39 for 20 per cent and Williamsport, eight of 31 **of 23 for 52 per cent.**

For the game, the Deers shot 30 per cent from the floor, connecting on 19 of 63. Scioto shot a meager 25 per cent, notching 19 of 76.

The charity line gave Deercreek its margin as Williamsport tallied 16 of 25 attempts for 64 per cent. Scioto was held to 12 of 23 for 52 per cent.

A total of 34 fouls were called, 16 on Scioto and 18 on the Deers. Turnovers numbered 23. Scioto committed nine and Deercreek, 12. The lead changed hands 17 times and the score was knotted 15 times.

Stonerock was high for the game with 18, followed by Myers with 12. Teammates Smith, Starkey and Anderson chipped in with six apiece.

* * *

FOLLOWING SCIOTO'S Milburn and Sanders were Terry Little, with eight, and Sealock with seven. The Buffaloes meet Pickaway

Laurelville Dropped by Union Furnace

Laurelville lost a heartbreaking Hocking County semi-final contest last night at Logan High School gymnasium as nemesis Union Furnace ended Wildcat hopes of entering sectional play with a 61-60 sudden death defeat.

The Furnace Warriors notched a field goal after the Wildcats had tallied on a free throw in the sudden death and held on for three minutes to hand Laurelville its ninth loss against 10 wins.

The Wildcats played their best game of the season, outscoring the Warriors, 27-25, from the field, but had few chances at the charity line. UF dropped in 11 of 19 free tosses for 58 per cent and a deciding edge.

The Wildcats capitalized at every free throw opportunity, cashing in on six for six. A total of 21 fouls were called, 15 on Laurelville and six on the Warriors. Laurelville never had the chance for a one-and-one situation.

* * *

THE WILDCATS led at the end of the first period, 17-15, behind the stellar play of Max Young and Tommy Wiggins. Union Furnace's Walters came to the front in the second stanza to take a one point halftime lead, 33-32.

The Warriors dominated the bankboards during the first half, but Laurelville controlled them in the last two periods.

The Wildcats went ahead by as much as five points in the third quarter, holding a 41-40 lead at the buzzer. UF tied the score at the end of regulation time and both squads tallied six points in the first overtime.

Each quintet was hitting well throughout the contest, playing "race horse" ball. Wiggins led all scorers with 24 points from out front. UF's Walters connected on 21 points on jump shots.

Laurelville's Max Young chipped in with 19 markers and Mickey Young, 12. Laurelville will meet Rockbridge in the consolation game Saturday night.

South Bloomingville handed Rockbridge a 67-56 defeat in the other semifinal affair. Only two teams represent Hocking County in district play.

Laurelville has beaten Rockbridge twice during league play, 84-54 and 82-54. It had split with UF, losing the first, 34-55, and winning the second, 45-43.

Laurelville — Ebert 2-0-4; Young, Max 9-1-19; Young, Mick 4-4-12; Wiggins 12-9-24; Smith 0-1-1; Totals 27-6-60.

Trojans . . .

(Continued from Page One)

margin dwindle to 25-23 as the half ended.

With the thought of an upset in mind, Coach Charlie Baxter's Pirates stormed back in the third quarter to match the Trojans basket for basket, with the period ending, 35-33, in favor of Darby.

Tension was felt throughout the Coliseum when the Pirates took a lead for the first time, 37-35, as Lee cut loose with two straight baskets to open the final chapter. This spark soon led to a 41-35 Pickaway lead as Dwight Newhouse collected a foul shot and Lee a bucket from the side along with a charity toss.

It was about this time that smooth sailing Tommy Walters of Darby went into action. The Trojans workhorse served notice that Darby was far from finished as he nailed three quick jump shots to lead his squad back into a 44-43 advantage with about three minutes remaining on the clock.

Pirate Nathan Wilson knotted the count a few seconds later with a foul shot, but Darby bounced ahead again when Dave Musselman pilfered a pass from underneath and dropped in two points. With only seconds left, Lee arched one straight and true from the side to shoot the contest into an overtime.

* * *

COX broke the 46-46 deadlock for Darby in the first three-minute overtime by sinking a jump shot for a two-point lead which held until only four seconds remained in the extra period.

With the meager four seconds to go, the Pirates had possession out of bounds at about mid-court. They passed into Lee who made a jumping desperation shot. The ball, in the air as the buzzer sounded, touched nothing but the netting and the crowd went wild as the scoreboard clicked up, 48-48.

In the sudden death, Pickaway lost a possible opportunity when Lee missed his first attempt on a one-and-one foul situation. Seconds later Cox of Darby found himself in the same situation.

A noticeable calm prevailed in the Coliseum as the Trojans forward confidently stepped to the line to sink his first try. With the pressure on, he repeated on the second attempt and the game was over.

Both teams gave fans an exhibition of tough basketball. Each squad performed well under pressure, never losing poise during the critical points of the contest.

Lee of Pickaway established himself as a deadly shot and able rebounder. His 28 points were high for the evening. One of his 11 buckets knotted the count at the end of regulation play and another brilliant shot tied the score in the first overtime.

* * *

COX'S two winning foul shots gave him a total of 13 for the evening. Walters, scoring when points were critically needed, also had 13 to share honors for Darby. Musselman and Tommy Liff carried their portion of the Trojan burden with 10 each.

Wilson and Dave Petty were Lee's chief Pirate scoring assistants with six markers apiece.

Darby's effort was the result of a 37.5 per cent shooting average from the field. The Trojans fired 56 times, making good on 21 of the attempts. Pickaway took 58 shots and netted 20 of them for a 34.4 average.

Both teams showed identical records in the foul shooting department, each collecting eight of 17 chances.

Pickaway County Tournament Brackets

Tourney Finals Set for Friday

The finals of the interesting and thrilling Pickaway County Tournament will take place tomorrow night in the County Fairgrounds' Coliseum with Williamsport battling Darby for the title.

This will be the second year in a row that the Trojans meet in the finals, losing out last year to Ashville, in an overtime, 63-59.

The consolation game, which will start the battling evening of basketball, will begin at 7:30 p. m. between Scioto and Pickaway. The finals will follow at 9 p. m.

The Trojans will carry one of the best records ever into the coliseum Friday night, 19-1, against the Deers' 14-7 slate. Both Darby and Williamsport won "hair-raising" contests last night.

* * *

THE TROJANS were sudden death victors over the surprising Pirates, 50-48, and Deercreek downed a game but "frigid" Scioto, 54-50.

The Trojans edged Williamsport during league play on the Deercreek court, 70-64, and will be favored to cop the tourney crown. Both teams are automatically in the central Ohio district at Otterbein.

Williamsport will place its chances in the capable hands of Nick Stonerock and David Myers, two fine rebounders and scorers. Of course, the Deers will need the repeat support it received last night from such men as Kenny Starkey, Donny Steinhauser and Bill Smith.

The Trojans will rely on the solid play of 6-5 pivot man, John Drummond, and guards Tommy Liff and Tommy Walters. Dave Musselman will provide Drummond with rebounding support and fifth man, Alvin Cox, is deadly from the sides and corners on one-handed jumps.

The Scioto-Pickaway encounter pits ace scorer Harry Lee of Pickaway against Scioto's Dickie Melvin and Ernie Milburn.

Only Lee and Milburn have hit their strides in the tourney. Lee gave Darby fits last night with 28 points and Milburn contributed to Atlanta's downfall with 20 markers Friday night.

* * *

MELVIN has tallied a total of 20 points in two tournament frays, three points under his per game average during the season.

Scioto edged the Pirates in league play, 57-54, but has not shown its Darby-upset ball playing thus far in the tournament. The game is rated a toss-up by observers.

The winner of the consolation game will go to the Central Ohio District at Otterbein as the third representative. This is due to the league tie between Scioto and Darby, forcing the tourney to decide the three teams which will continue the county's basketball wars in state competition.

SPORTS BRIEFS

SQUAW VALLEY, Calif. (AP)— Cussing the weather was the favorite sport at Squaw Valley today as heavy snow fell steadily on ski courses where pre-Olympic tests are scheduled this weekend. More than 18 inches of snow fell Wednesday and was continuing.

SAN ANTONIO, Tex. (AP) — The Texas Open started its thirty-second run today with Gene Littler favored to win it and become the first golfer since 1952 to capture three tournaments in a row.

DALLAS (AP) — Ernie Banks, the Chicago Cubs' clubbing shortstop, says when he reports for spring training all he'll have in his hand out for is pop flies—he's satisfied with his pay.

Johansson Due To Bring Kin To Title Fight

STOCKLHOM, Sweden (AP) — Ingemar Johansson is not going to take any chances of getting homesick while working out for his title fight with heavyweight champion Floyd Patterson.

The Swedish heavyweight said today he will take his parents, brother Rolf, a few more relatives and his girl friend with him to the United States. The date and site of the fight have not been announced but it is expected to be held late in June in either Los Angeles or New York.

"I want to feel at home when I am preparing myself for a fight," Johannson said. "I get homesick if I don't have my folks around."

The 26-year-old fair-haired Swede, who got his impressive biceps by paving streets and now runs a highly motorized contracting firm to do similar jobs, is fairly confident he'll beat Patterson.

"If I beat Floyd in both fights—as you know I am going to meet him again within 90 days of the first bout — I am not going to shelve my gloves. I will meet any contender picked for me. I will fight as long as I feel I am strong."

He added, however, that he is so well off financially now that he can stop the "day it pleases me."

Tar Heels Set Atlantic Coast League Pace

N.C. State Defeated But Other Tough Assignments Ahead

By THE ASSOCIATED PRESS

North Carolina is the proven class of Atlantic Coast Conference basketball but the Tar Heels still have to go through two more weeks of "Russian roulette" before they can attempt another nation championship.

Russian roulette is Coach Frank McGuire's term for an ACC system that junks a full season of competition and orders a post-season tournament to determine the conference representative in the National Collegiate championships.

With an 11-0 conference slate, owned by the Tar Heels after Wednesday night's 74-67 victory over arch rival North Carolina State, most teams could start firming plans for the NCAA. Especially with only three second-division teams still to be met during the regular season and runner-up N.C. State ineligible because of NCAA probation.

But McGuire and the Tar Heels will have to keep spinning the cylinder and hope that luck does not run out during the ACC tournament at Raleigh March 5-7. The jittery bystander is the NCAA itself which would like to have the team currently rated the nation's best in The Associated Press poll.

North Carolina (17-1) nailed its second clutch decision over State by sinking 26 of 30 free throws in the feature of a class-packed Wednesday program. In other big ones, Eastern Kentucky wrapped up the Ohio Valley Conference and an NCAA berth with a 72-70 victory over Western Kentucky; Kentucky kept in the Southeastern chase with a revenge 83-71 triumph over Vanderbilt; Texas Christian moved closer to the Southwest Conference title in a 68-64 decision over Rice, and West Virginia — which also plays a tournament to get into a tournament — battered Pitt 90-69.

Tournament hopefuls St. Joseph's (Pa), La Salle, Navy and St. Francis (Pa) won again, and NIT entries Villanova and Fordham fattened their records.

Tigers To End Season Play Friday Night

A finale for the regular season will be written Friday night when the Circleville cage Tigers travel to Logan for a battle with the Chieftains.

The Tigers will take a 9-8 record to Logan, their latest win being an impressive 63-49 verdict over Wilmington Tuesday night. The Chieftains enter the test with an 8-8 slate.

Two mainstays for Logan are guard George Stump and Forward Mike Brown. Stump is rated as an excellent shot and playmaker, while Brown takes up the slack on rebounding and shots from underneath.

Logan ended in sixth place in the tough Southeastern Ohio League with a 5-8 record.

* * *

CIRCLEVILLE may have the services of Forward Bob Shadley who has been sidelined since the Chillicothe game with a chipped bone in the left elbow. The 6-3 Tiger reported for practice this week and may be pressed into service if needed.

Tiger starting assignments probably will go to Guards Don Rowland and Cal Ellis, Center Larry Hannahs and Forwards Asa Elsea and Jake Bailey. Available for immediate replacement duty will be Joe Adkins, Walt Arledge and Bill Purcell.

Saturday night the Tigers will travel to the State Fairgrounds in Columbus to take on the Raiders of London in a Central District Class AA contest. The London outfit currently owns a 12-4 record.

The locals are slated to play the third contest of the evening. The first game starts at 5 p. m., indicating that the Circleville-London test probably will start about 8 p. m.

game for its 14th win against seven defeats.

The battle started slowly as both squads were nervous over the outcome of this all-important game and were therefore trying too hard. The winner (Williamsport) automatically goes to the Central Ohio district at Otterbein.

The lead changed hands twice in this quarter with Scioto holding the edge at the buzzer, 9-7. Terry Little's two swishes from the side led the Buffalo scoring with four, followed by Milburn with three points.

* * *

STONEROCK let is be known early that he was out to win this one with six points on a variety of field goals.

Williamsport went with a 3-2 zone defense the entire game while Scioto started with a four-man zone and T. Little guarding Myers, man-to-man, which certainly proved effective.

The second period was a reverse of the first as both quintets hit a torrid streak. Williamsport tallied 22 points to Scioto's 18 for a Deercreek halftime lead, 29-27.

Though Scioto dominated the bankboards, Williamsport was connecting on the first shot, eliminating the necessity of a rebound.

Myers scored his first points late in the period, hitting on four straight free throws. He racked up six consecutive for the evening. Stonerock rolled for 10 points on offensive bankboard play.

The Buffaloes found a scoring threat in Sanders, who dented Deercreek from the side with seven points. Dick Kaiser, who replaced 6-5 Jim Sealock, notched five markers.

* * *

STONEROCK started the quarter with a three-point play to give Williamsport the lead, 10-9. What followed had the crowd absorbing stiff necks from trying to keep up with the action.

Each team caught fire and the "tennis match" was on. The lead changed hands 11 times and the game was tied seven times, after being knotted three times in the initial quarter.

For the first half, Scioto hit for 29 per cent, dunking 11 of 37. Williamsport countered with 11 of 32 for 34 per cent. Myers started handling the ball after being bottled up in the corner and the side in the first period.

The Deers opened up the Scioto middle with Myers and teammates passing into Stonerock for deadly two-pointers, Scioto banged away from the sides to damage Williamsport.

The third period turned into a nightmare for both squads. Williamsport didn't tally a field goal in this period, being outscored 9-5 for a Scioto lead, 36-34.

Neither team could hit "the broad side of a barn". Williamsport was limited to one shot and Scioto was rebounding, but missing.

* * *

KENNETH STARKEY delivered four of Williamsport's five points from the charity line. Scioto got scoring from Ronnie Little, Sanders, Milburn, Terry Little and Sealock.

The Buffaloes increased their margin to four points to start the fourth period, 38-34. Then Stonerock and Starkey hit for successive buckets to tie the score and Bill Smith gave the Deers the lead, 40-38 on a corner set shot.

Donald Steinhauser, a freshman, came off the bench at this point to sizzle two quick field goals from the corner to keep the Deers in the lead.

Sealock, meanwhile, was hitting for two straight free throws and a tip-in while Melvin hung up his four charity tosses to tie the score at 45-all, and then take the lead, 46-45.

Stonerock fouled out at this point and it was up to Myers to hold Scioto's Milburn in check. Scioto twice pilfered the ball on a Steinhauser pass but was unable to capitalize.

Myers hit for two straight to regain the lead for Williamsport. Starkey chipped in with a free throw before Scioto tied the score at 50-50 on two straight tip-ins by Kerschner and Milburn.

* * *

THIS MARKED THE fourth game of seven to be decided in the final minute of play in this "wild and wooly' county tournament.

Neither team flourished from the field in the second half. Scioto chalked up eight of 39 for 20 per cent and Williamsport, eight of 31 **of 23 for 52 per cent.**

For the game, the Deers shot 30 per cent from the floor, connecting on 19 of 63. Scioto shot a meager 25 per cent, notching 19 of 76.

The charity line gave Deercreek its margin as Williamsport tallied 16 of 25 attempts for 64 per cent. Scioto was held to 12 of 23 for 52 per cent.

A total of 34 fouls were called, 16 on Scioto and 18 on the Deers. Turnovers numbered 23. Scioto committed nine and Deercreek, 12. The lead changed hands 17 times and the score was knotted 15 times.

Stonerock was high for the game with 18, followed by Myers with 12. Teammates Smith, Starkey and Anderson chipped in with six apiece.

* * *

FOLLOWING SCIOTO'S Milburn and Sanders were Terry Little, with eight, and Sealock with seven. The Buffaloes meet Pickaway in the consolation game Friday night. This was only their fourth loss against 14 wins.

By the book, Williamsport was supposed to win last night's encounter, by reason of its 77-54 drubbing of the Buffaloes during league play.

But with a jammed packed crowd watching each play and every game possibly being a team's last for the year, the odds are even and anything can happen.

Laurelville Dropped by Union Furnace

Laurelville lost a heartbreaking Hocking County semi-final contest last night at Logan High School gymnasium as nemesis Union Furnace ended Wildcat hopes of entering sectional play with a 61-60 sudden death defeat.

The Furnace Warriors notched a field goal after the Wildcats had tallied on a free throw in the sudden death and held on for three minutes to hand Laurelville its ninth loss against 10 wins.

The Wildcats played their best game of the season, outscoring the Warriors, 27-25, from the field, but had few chances at the charity line. UF dropped in 11 of 19 free tosses for 58 per cent and a deciding edge.

The Wildcats capitalized at every free throw opportunity, cashing in on six for six. A total of 21 fouls were called, 15 on Laurelville and six on the Warriors. Laurelville never had the chance for a one-and-one situation.

* * *

THE WILDCATS led at the end of the first period, 17-15, behind the stellar play of Max Young and Tommy Wiggins. Union Furnace's Walters came to the front in the second stanza to take a one point halftime lead, 33-32.

The Warriors dominated the bankboards during the first half, but Laurelville controlled them in the last two periods.

The Wildcats went ahead by as much as five points in the third quarter, holding a 41-40 lead at the buzzer. UF tied the score at the end of regulation time and both squads tallied six points in the first overtime.

Each quintet was hitting well throughout the contest, playing "race horse" ball. Wiggins led all scorers with 24 points from out front. UF's Walters connected on 21 points on jump shots.

Laurelville's Max Young chipped in with 19 markers and Mickey Young, 12. Laurelville will meet Rockbridge in the consolation game Saturday night.

South Bloomingville handed Rockbridge a 67-56 defeat in the other semifinal affair. Only two teams represent Hocking County in district play.

Laurelville has beaten Rockbridge twice during league play, 84-54 and 82-54. It had split with UF, losing the first, 34-55, and winning the second, 45-43.

margin dwindle to 25-23 as the half ended.

With the thought of an upset in mind, Coach Charlie Baxter's Pirates stormed back in the third quarter to match the Trojans basket for basket, with the period ending, 35-33, in favor of Darby.

Tension was felt throughout the Coliseum when the Pirates took a lead for the first time, 37-35, as Lee cut loose with two straight baskets to open the final chapter. This spark soon led to a 41-35 Pickaway lead as Dwight Newhouse collected a foul shot and Lee a bucket from the side along with a charity toss.

It was about this time that smooth sailing Tommy Walters of Darby went into action. The Trojans workhorse served notice that Darby was far from finished as he nailed three quick jump shots to lead his squad back into a 44-43 advantage with about three minutes remaining on the clock.

Pirate Nathan Wilson knotted the count a few seconds later with a foul shot, but Darby bounced ahead again when Dave Musselman pilfered a pass from underneath and dropped in two points. With only seconds left, Lee arched one straight and true from the side to shoot the contest into an overtime.

* * *

COX broke the 46-46 deadlock for Darby in the first three-minute overtime by sinking a jump shot for a two-point lead which held until only four seconds remained in the extra period.

With the meager four seconds to go, the Pirates had possession out of bounds at about mid-court. They passed into Lee who made a jumping desperation shot. The ball, in the air as the buzzer sounded, touched nothing but the netting and the crowd went wild as the scoreboard clicked up, 48-48.

In the sudden death, Pickaway lost a possible opportunity when Lee missed his first attempt on a one-and-one foul situation. Seconds later Cox of Darby found himself in the same situation.

A noticeable calm prevailed in the Coliseum as the Trojans forward confidently stepped to the line to sink his first try. With the pressure on, he repeated on the second attempt and the game was over.

Both teams gave fans an exhibition of tough basketball. Each squad performed well under pressure, never losing poise during the critical points of the contest.

Lee of Pickaway established himself as a deadly shot and able rebounder. His 28 points were high for the evening. One of his 11 buckets knotted the count at the end of regulation play and another brilliant shot tied the score in the first overtime.

* * *

COX'S two winning foul shots gave him a total of 13 for the evening. Walters, scoring when points were critically needed, also had 13 to share honors for Darby. Musselman and Tommy Liff carried their portion of the Trojan burden with 10 each.

Wilson and Dave Petty were Lee's chief Pirate scoring assistants with six markers apiece.

Darby's effort was the result of a 37.5 per cent shooting average from the field. The Trojans fired 56 times, making good on 21 of the attempts. Pickaway took 58 shots and netted 20 of them for a 34.4 average.

Both teams showed identical records in the foul shooting department, each collecting eight of 17 chances.

Pickaway County Tournament Brackets

Tourney Finals Set for Friday

The finals of the interesting and thrilling Pickaway County Tournament will take place tomorrow night in the County Fairgrounds' Coliseum with Williamsport battling Darby for the title.

This will be the second year in a row that the Trojans meet in the finals, losing out last year to Ashville, in an overtime, 63-59.

The consolation game, which will start the battling evening of basketball, will begin at 7:30 p. m. between Scioto and Pickaway. The finals will follow at 9 p. m.

The Trojans will carry one of the best records ever into the coliseum Friday night, 19-1, against the Deers' 14-7 slate. Both Darby and Williamsport won "hair-raising" contests last night.

* * *

THE TROJANS were sudden death victors over the surprising Pirates, 50-48, and Deercreek downed a game but "frigid" Scioto, 54-50.

The Trojans edged Williamsport during league play on the Deercreek court, 70-64, and will be favored to cop the tourney crown. Both teams are automatically in the central Ohio district at Otterbein.

Williamsport will place its chances in the capable hands of Nick Stonerock and David Myers, two fine rebounders and scorers. Of course, the Deers will need the repeat support it received last night from such men as Kenny Starkey, Donny Steinhauser and Bill Smith.

The Trojans will rely on the solid play of 6-5 pivot man, John Drummond, and guards Tommy Liff and Tommy Walters. Dave Musselman will provide Drummond with rebounding support and fifth man, Alvin Cox, is deadly from the sides and corners on one-handed jumps.

The Scioto-Pickaway encounter pits ace scorer Harry Lee of Pickaway against Scioto's Dickie Melvin and Ernie Milburn.

Only Lee and Milburn have hit their strides in the tourney. Lee gave Darby fits last night with 28 points and Milburn contributed to Atlanta's downfall with 20 markers Friday night.

* * *

MELVIN has tallied a total of 20 points in two tournament frays, three points under his per game average during the season.

Scioto edged the Pirates in league play, 57-54, but has not shown its Darby-upset ball playing thus far in the tournament. The game is rated a toss-up by observers.

The winner of the consolation game will go to the Central Ohio District at Otterbein as the third representative. This is due to the league tie between Scioto and Darby, forcing the tourney to decide the three teams which will continue the county's basketball wars in state competition.

Tar Heels Set Atlantic Coast League Pace

N.C. State Defeated But Other Tough Assignments Ahead

By THE ASSOCIATED PRESS

North Carolina is the proven class of Atlantic Coast Conference basketball but the Tar Heels still have to go through two more weeks of "Russian roulette" before they can attempt another nation championship.

Russian roulette is Coach Frank McGuire's term for an ACC system that junks a full season of competition and orders a post-season tournament to determine the conference representative in the National Collegiate championships.

With an 11-0 conference slate, owned by the Tar Heels after Wednesday night's 74-67 victory over arch rival North Carolina State, most teams could start firming plans for the NCAA. Especially with only three second-division teams still to be met during the regular season and runner-up N.C. State ineligible because of NCAA probation.

But McGuire and the Tar Heels will have to keep spinning the cylinder and hope that luck does not run out during the ACC tournament at Raleigh March 5-7. The jittery bystander is the NCAA itself which would like to have the team currently rated the nation's best in The Associated Press poll.

North Carolina (17-1) nailed its second clutch decision over State by sinking 26 of 30 free throws in the feature of a class-packed Wednesday program. In other big ones, Eastern Kentucky wrapped up the Ohio Valley Conference and an NCAA berth with a 72-70 victory over Western Kentucky; Kentucky kept in the Southeastern chase with a revenge 83-71 triumph over Vanderbilt; Texas Christian moved closer to the Southwest Conference title in a 68-64 decision over Rice, and West Virginia — which also plays a tournament to get into a tournament — battered Pitt 90-69.

Tournament hopefuls St. Joseph's (Pa), La Salle, Navy and St. Francis (Pa) won again, and NIT entries Villanova and Fordham fattened their records.

Tigers To End Season Play Friday Night

A finale for the regular season will be written Friday night when the Circleville cage Tigers travel to Logan for a battle with the Chieftains.

The Tigers will take a 9-8 record to Logan, their latest win being an impressive 63-49 verdict over Wilmington Tuesday night. The Chieftains enter the test with an 8-8 slate.

Two mainstays for Logan are guard George Stump and Forward Mike Brown. Stump is rated as an excellent shot and playmaker, while Brown takes up the slack on rebounding and shots from underneath.

Logan ended in sixth place in the tough Southeastern Ohio League with a 5-8 record.

* * *

CIRCLEVILLE may have the services of Forward Bob Shadley who has been sidelined since the Chillicothe game with a chipped bone in the left elbow. The 6-3 Tiger reported for practice this week and may be pressed into service if needed.

Tiger starting assignments probably will go to Guards Don Rowland and Cal Ellis, Center Larry Hannahs and Forwards Asa Elsea and Jake Bailey. Available for immediate replacement duty will be Joe Adkins, Walt Ariedge and Bill Purcell.

Saturday night the Tigers will travel to the State Fairgrounds in Columbus to take on the Raiders of London in a Central District Class AA contest. The London outfit currently owns a 12-4 record.

The locals are slated to play the third contest of the evening. The first game starts at 5 p. m., indicating that the Circleville-London test probably will start about 8 p. m.

Local member, A. D. Ellis and his guest Mrs. Ellis, attended the meeting of Gen. Joshua W. Sill Chapter of the Civil War Round Table on Sunday afternoon in the probate court room, Chillicothe. Members of the William T. Sherman Chapter, Lancaster, were special guests of the Chillicothe unit.

Charles Jones of Columbus, who is an authority on Lincoln was the guest speaker, and made his theme the fact that Lincoln was never a failure.

More than 60 members and guests attended the meeting. New Lincoln pennies, showing a picture of the Lincoln Memorial instead of the wreath, were given to each one present.

Refreshments were served by members of the Board of Trustees.

Mrs. Elizabeth O. Bennett will be in Columbus Wednesday and Thursday of this week, attending the Ohio A.S.C. Conference at the Neil House. There will be office managers and county committeemen from each of the 88 counties in attendance. The banquet will be on Wednesday evening.

THE YOUTH RALLY held by the Church of Christ in Christian Union at the High School Auditorium Tuesday evening, Feb. 17, attracted a large crowd. Special music was furnished by the Young Men's Quartet from the Church of Christ in Christian Union of Circleville. The Rev. Paul Johnson of the Circleville Bible School was the speaker.

Mrs. W. R. Sunderland substituted two days this week for Mrs. Vera Miller who has been ill. Mrs. Miller teaches second grade at Pickaway Twp. School.

At the meeting of the Ladies Auxiliary of the American Legion at the Legion Home on Tuesday evening, plans were made to help with the March of Dimes.

Mrs. Francis Kelley gave a reading on Lincoln and Washington. A letter was written by the members present, to be sent to a member, Mrs. Charles Miller, who was ill and in Chillicothe Hospital. Mrs. Miller has now returned to her home, and is recovering nicely.

Mrs. Elizabeth O. Bennett was called to Circleville Sunday evening, Feb. 15, because of the illness of her daughter, Mrs. David Fullen. Mrs. Fullen was quite ill with a virus infection which seemed to settle in the region of the appendix, but after the use of modern powerful drugs, she is much improved.

All four churches on the Kingston charge of the Methodist Church were well represented at a joint meeting on Sunday evening at the Kingston church.

A congregational song-fest was enjoyed with Mr. William Russell at the organ. The choir also furnished special music, before the sermon by the pastor, the Rev. H. G. Cowdrick.

This is the first of a series of Sunday evening Lenten services to be held, in rotation, at the different churches. Next Sunday evening, Feb. 22, we will gather at the Crouse Chapel church for a similar meeting.

• • •

THE NEXT Sunday evening, March 1, we will interrupt our schedule to attend the service at Circleville Methodist Church, where the congregation will be addressed by a layman, Harry Denman, who is an outstanding leader and Methodism's Secretary of the commission on Evangelism.

Mrs. E. W. Freshour is substituting in the First Grade for Mrs. William Raub who is ill.

Mr. and Mrs. Thurman Beavers are announcing the m geaiar rfo their daughter, Sharon Sue, to Mr. Glen Michael Hiles, son of Mr. and Mrs. Clyde Hiles, Route 1, Kingston. The ceremony was performed on Wednesday, Feb. 4, at Chesterfield, S. C.

Both the bride and bridegroom are students at Kingston - Unio High School. They are living with the bride's parents.

On Valentine's Day 1895, the Mary Martha Club was organized, and on Sunday, Feb. 15, 1959 they celebrated their 64th anniversary, at the home of Mrs. M. B. Hendrickson in Chillicothe, with a cooperative luncheon.

The birthday cake was centered with an arrangement of jonquils, baby irises, and chrysanthemums and was placed on a crystal stand on the luncheon table.

There were two charter members present, Mrs. C. E. Smith, Chillicothe, and Miss Carrie Umsted of Kingston. Others who attended from Kingston were Mrs. W. K. Orr, Mr. and Mrs. Fred Orr, Mrs. Elizabeth O. Bennett, Mr. and Mrs. Paul Gearhart of Z-Acres, and Mr. and Mrs. Paul Johnson of Circleville.

Mr. and Mrs. Gearhart showed color slides and gave an interesting account of their recent trip to Europe. One of the highlights of their visit was time spent with two former exchange students from Holland and Denmark, whom the Gearharts had in their home a few years ago.

Mrs. Golden Minser spent Sunday with her son and daughter-in-law, Mr. and Mrs. Wallace Minser and children, Chillicothe.

Mrs. Albert Kerns entertained the members of the Ne Plus Ultra Sunday School Class at her country home on Tuesday evening. Assistant hostesses were Mr. Fannie Butler, Mrs. Elizabeth Meadows, Mrs. Mabel Cobb, and Mrs. Myrtle Shoemaker.

• • •

MRS. L. E. KERNS gave the devotions. Twenty-six members answered the roll call. There were six visitors: Miss Ora Rittenour, Mrs. Jacob Glitt, Mrs. Max Seymour, Mrs. Marvin Jones, Miss Nancy Jones and little Miss Susie Seymour.

The president, Mrs. Lawrence Betz, held a business meeting and among other things it was decided to start another traveling basket to be circulated among the members as a means of increasing our finances. Miss Rittenour received the mystery package.

During the social hour, Miss Jones played two piano solos: "Deep River" and "The Black Hawk Waltz." A reading, "The Country Parson" was given by Mrs. Pearl Patrick. Mrs. Jones gave two readings "The Snoring Husband" and "What Does Easter Mean to You?" A solo was sung by 5-year-old Susie Seymour.

The committee served a delicious salad course.

The Rev. H. J. Braden, pastor of the local Presbyterian Church and Mrs. Braden returned on February 11 from a two-week vacation, which they spent with their son-in-law and daughter, Dr. and Mrs. William E. Furst and their grandson Mark, who live in Greenville, South Carolina.

Rev. Braden reports that recently the Presbyterian Church has held Installation of Officers and Ordination of new elders, deacons, and deaconnesses.

The regular monthly meeting of the Kingston Kindergarten Assn. was held at the school room on Thursday evening. Mrs. Robert Sams, the president, conducted the business meeting and plans were made for a Valentine party to be held on Friday morning.

The committee in charge was Mrs. Glenn Congrove, Mrs. Donald Moss, Mrs. Paul Burgoon, and Mrs. James Sims. Instead of holding a March meeting, the members will attend a tea given by the Civic Club on March 3, at the Methodist Church.

Mr. and Mrs. O. H. Targee became grandparents for the first time when a baby girl was born to their son-in-law and daughter, Mr. and Mrs. John Walker (Nancy Jones). The baby was born in Chillicothe Hospital February 4, and was named Jody Lynn.

THE BROWNIE Club got off to a good start when 17 little girls reported at the first meeting, Wednesday after school. The girls are between the ages of 7 and 10, and the leaders are Mrs. Charles Search and Mrs. Kenneth Timmons.

Several mothers also attended the meeting, and a Troop committee was formed composed of Mrs. Sherman Edler, Mrs. Richard Beavers and Mrs. William Stevens. Meetings in the future will be at the homes of the members on Thursdays from 3:30-4:30.

The Presbyterian Men's Brotherhood met at the home of John Fisher, February 13. Mr. E. V. Graves, president, presided at the business meeting. It was reported that the project of placing beam lights on the outside of the church and on the bulle'in board, has been completed. This was financed by the Adult Sunday School class and the Brotherhood.

The program consisted of an interesting film "The Story of the Second Mayflower" presented by Mr. Fisher.

Mrs. Fisher served refreshments of ice cream, cake, and coffee to those present.

The 4 A Farm Bureau Study Group was to meet at the home of Mr. and Mrs. E. V. Graves Wednesday evening.

Dr. D. K. Goodman is still in University Hospital, and not much improved at this time. Mrs. L. E. Hill went to see him Tuesday afternoon and reported his hands are pretty badly swollen from arthritis.

Russell Chester is much better and was returned to his home, Route 1, Kingston, on Tuesday, from Berger Hospital.

Mrs. James P. Harris Sr. of Portsmouth, Mr. and Mrs. James P. Harris Jr. and two daughters, Beverly and Debbie, of Cincinnati were weekend visitors of Mr. and Mrs. Harry Sims. Mrs. Harris Sr. is a sister-in-law of Mrs. Sims and Mr. Harris Jr. is her nephew.

Castro Opens Big Gambling Spots in Cuba

HAVANA (AP) — The click of roulette wheels and the rattle of dice came back to Havana today like a sweet melody — for foreign tourists and well-to-do Cubans.

Fidel Castro's revolutionary regime added a little glitter to its reform program by taking the padlocks off the doors of the plush gambling casinos. But poorer Cubans were still barred from the tables. The "popular" casinos where small sums were bet will stay closed.

The multimillion-dollar industry that enriched fallen dictator Fulgencio Batista and many American racketeers resumes in 11 big Havana casinos. The revolutionary regime promised strict government control.

Under Batista the casinos paid a $25,000 licensing fee and a percentage of their profit to the government. The casino operators often paid out additional sums of $100,000 or more in bribes and graft.

Premier Castro laid down a new set of rules designed to root out the racketeers and enrich the nation's treasury.

The National Institute of Saving and Housing will regulate the casinos.

Pickaway Cancer Unit Hears Plans for 1959 Fund Drive

CANCER PLANNERS — Dr. Robert Samp, left, pathologist of the University of Wisconsin, was principal speaker at a Columbus meeting this week to make plans for the 1959 area cancer crusade. With Dr. Samp are Hal Dickinson, center, and Judge William Ammer of the Pickaway County unit of the American Cancer Society.

Members of The Pickaway County Unit of The American Cancer Society attended the 1959 area crusade planning dinner meeting at The Neil House, Columbus, Monday evening.

A talk was given by Dr. Robert Samp about the many different kinds of cancer and the age-old fears that go with them. Dr. Samp also spoke on the work that is being done in our research laboratories. Dr. Samp is associated with the Department of Pathology, University of Wisconsin.

Those attending the meeting from the Pickaway Unit were: Hal Dickinson, Judge William Ammer, Mrs. Guy Campbell, Mrs. Karl Johnson, Mrs. Forest Tomlinson Sr., Mrs. Lewis Young, Mrs. Robert Christy, Mrs. Charles Heinman, Miss Helen Chenowith, Mrs. Rick Spires, Mrs. Burl Wiggens, Mrs. Kenneth Haughn, Mrs. William Snyder and Mrs. C. E. Miller.

Sailor, 19, Convicted Of Rape in Cleveland

YOUNGSTOWN, Ohio (AP) — Seaman Gerald Kamensky, 19, of Boardman, accused of participating in the kidnaping and rape of a 15-year-old Struthers girl here Nov. 1, was convicted of rape Wednesday by a Common Pleas Court jury.

Sentence was withheld pending appeal. Kamensky pleaded innocent by reason of insanity.

Sandusky Railroader Is Crushed in Mishap

SANDUSKY, Ohio (AP) — A 59-year-old New York Central Railroad employe was crushed to death Wednesday night between a derailed freight car and a building. The victim, Glendon Kastor, was riding on the side of the car, which was being switched to a siding between two buildings. Cause of the derailment was not determined.

Sheriffs Aid Hitchhiking Mourner

COLUMBUS, Ohio (AP) — She was penniless. She was in mourning. She was trying to thumb a ride to her father's funeral because she had no other way to get there.

But with the cooperation of sheriff's departments between here and Lawrence County, 120 miles to the south, 36-year-old Dora Staten of Akron will be in North Kenova today when her father is buried.

She was trying to flag a ride here Wednesday night when Columbus policemen spotted her.

The officers, struck by her determination to see that Ance Staten got a decent burial in the Lawrence County graveyard, took her to Travelers Aid and the Red Cross. But she didn't have the $4.95 bus fare.

The patrolmen started to pool their own funds to put her on a bus when the Franklin County Sheriff's office stepped in.

Deputies, equall yimpressed by her need, started a series of radio messages to sheriff's departments to the south. At each county line, it was arranged for the woman to be turned over to a sheriff's cruiser which would drive her to the next county line.

It was through that process that Dora Staten will be standing by when they lower Ance Staten into his grave.

Ravenna School Wage Schedule Is Boosted

RAVENNA, Ohio (AP)—A new salary schedule will give some school teachers here as much as $1,500 in pay boosts over the next two years. Ravenna School Supt. H. Larry Brown said three or four teachers earning $4,800 to $5,000 a year will qualify for the highest raise. Minimum increase in the schedule slated for adoption March 3 would add $350 over a two-year period.

Sam Rayburn To Head Democrat Speaker List

WASHINGTON (AP) — Democrats today picked House Speaker Sam Rayburn to head the list of speakers at the party's $100 a plate national victory dinner here Feb. 28.

The dinner will honor newly elected Democratic governors, senators and representatives.

In seasons when they are not harvesting, farmers in Norway and Sweden tie sheaves of grain on high poles to feed migratory birds—strictly a humane custom.

THIS OLD MAN, he played "Best in Show" at the 1957 Westminster Kennel Club show in New York, and now he's trying to get himself the 1959 title. He's an Afghan, Ch. Shirkhan of Grandeur by official name, though he looks more lugubrious than grand. Sunny Shay (miss) and Dorothy Chenade of Hicksville, N. Y., are his happy owners.

Local member, A. D. Ellis and his guest Mrs. Ellis, attended the meeting of Gen. Joshua W. Sill Chapter of the Civil War Round Table on Sunday afternoon in the probate court room, Chillicothe. Members of the William T. Sherman Chapter, Lancaster, were special guests of the Chillicothe unit.

Charles Jones of Columbus, who is an authority on Lincoln was the guest speaker, and made his theme the fact that Lincoln was never a failure.

More than 60 members and guests attended the meeting. New Lincoln pennies, showing a picture of the Lincoln Memorial instead of the wreath, were given to each one present.

Refreshments were served by members of the Board of Trustees.

Mrs. Elizabeth O. Bennett will be in Columbus Wednesday and Thursday of this week, attending the Ohio A.S.C. Conference at the Neil House. There will be office managers and county committeemen from each of the 88 counties in attendance. The banquet will be on Wednesday evening.

THE YOUTH RALLY held by the Church of Christ in Christian Union at the High School Auditorium Tuesday evening, Feb. 17, attracted a large crowd. Special music was furnished by the Young Men's Quartet from the Church of Christ in Christian Union of Circleville. The Rev. Paul Johnson of the Circleville Bible School was the speaker.

Mrs. W. R. Sunderland substituted two days this week for Mrs. Vera Miller who has been ill. Mrs. Miller teaches second grade at Pickaway Twp. School.

At the meeting of the Ladies Auxiliary of the American Legion at the Legion Home on Tuesday evening, plans were made to help with the March of Dimes.

Mrs. Francis Kelley gave a reading on Lincoln and Washington. A letter was written by the members present, to be sent to a member, Mrs. Charles Miller, who was ill and in Chillicothe Hospital. Mrs. Miller has now returned to her home, and is recovering nicely.

Mrs. Elizabeth O. Bennett was called to Circleville Sunday evening, Feb. 15, because of the illness of her daughter, Mrs. David Fullen. Mrs. Fullen was quite ill with a virus infection which seemed to settle in the region of the appendix, but after the use of modern powerful drugs, she is much improved.

All four churches on the Kingston charge of the Methodist Church were well represented at a joint meeting on Sunday evening at the Kingston church.

A congregational song-fest was enjoyed with Mr. William Russell at the organ. The choir also furnished special music, before the sermon by the pastor, the Rev. H. G. Cowdrick.

This is the first of a series of Sunday evening Lenten services to be held, in rotation, at the different churches. Next Sunday evening, Feb. 22, we will gather at the Crouse Chapel church for a similar meeting.

• • •

THE NEXT Sunday evening, March 1, we will interrupt our schedule to attend the service at Circleville Methodist Church, where the congregation will be addressed by a layman, Harry Denman, who is an outstanding leader and Methodism's Secretary of the commission on Evangelism.

Mrs. E. W. Freshour is substituting in the First Grade for Mrs. William Raub who is ill.

Mr. and Mrs. Thurman Beavers are announcing the m geaiar rfo their daughter, Sharon Sue, to Mr. Glen Michael Hiles, son of Mr. and Mrs. Clyde Hiles, Route 1, Kingston. The ceremony was performed on Wednesday, Feb. 4, at Chesterfield, S. C.

Both the bride and bridegroom are students at Kingston - Unio High School. They are living with the bride's parents.

On Valentine's Day 1895, the Mary Martha Club was organized, and on Sunday, Feb. 15, 1959 they celebrated their 64th anniversary, at the home of Mrs. M. B. Hendrickson in Chillicothe, with a cooperative luncheon.

The birthday cake was centered with an arrangement of jonquils, baby irises, and chrysanthemums and was placed on a crystal stand on the luncheon table.

There were two charter members present, Mrs. C. E. Smith, Chillicothe, and Miss Carrie Umsted of Kingston. Others who attended from Kingston were Mrs. W. K. Orr, Mr. and Mrs. Fred Orr, Mrs. Elizabeth O. Bennett, Mr. and Mrs. Paul Gearhart of Z-Acres, and Mr. and Mrs. Paul Johnson of Circleville.

Mr. and Mrs. Gearhart showed color slides and gave an interesting account of their recent trip to Europe. One of the highlights of their visit was time spent with two former exchange students from Holland and Denmark, whom the Gearharts had in their home a few years ago.

Mrs. Golden Minser spent Sunday with her son and daughter-in-law, Mr. and Mrs. Wallace Minser and children, Chillicothe.

Mrs. Albert Kerns entertained the members of the Ne Plus Ultra Sunday School Class at her country home on Tuesday evening. Assistant hostesses were Mr. Fannie Butler, Mrs. Elizabeth Meadows, Mrs. Mabel Cobb, and Mrs. Myrtle Shoemaker.

• • •

MRS. L. E. KERNS gave the devotions. Twenty-six members answered the roll call. There were six visitors: Miss Ora Rittenour, Mrs. Jacob Glitt, Mrs. Max Seymour, Mrs. Marvin Jones, Miss Nancy Jones and little Miss Susie Seymour.

The president, Mrs. Lawrence Betz, held a business meeting and among other things it was decided to start another traveling basket to be circulated among the members as a means of increasing our finances. Miss Rittenour received the mystery package.

During the social hour, Miss Jones played two piano solos: "Deep River" and "The Black Hawk Waltz." A reading, "The Country Parson" was given by Mrs. Pearl Patrick. Mrs. Jones gave two readings "The Snoring Husband" and "What Does Easter Mean to You?" A solo was sung by 5-year-old Susie Seymour.

The committee served a delicious salad course.

The Rev. H. J. Braden, pastor of the local Presbyterian Church and Mrs. Braden returned on February 11 from a two-week vacation, which they spent with their son-in-law and daughter, Dr. and Mrs. William E. Furst and their grandson Mark, who live in Greenville, South Carolina.

Rev. Braden reports that recently the Presbyterian Church has held Installation of Officers and Ordination of new elders, deacons, and deaconnesses.

The regular monthly meeting of the Kingston Kindergarten Assn. was held at the school room on Thursday evening. Mrs. Robert Sams, the president, conducted the business meeting and plans were made for a Valentine party to be held on Friday morning.

The committee in charge was Mrs. Glenn Congrove, Mrs. Donald Moss, Mrs. Paul Burgoon, and Mrs. James Sims. Instead of holding a March meeting, the members will attend a tea given by the Civic Club on March 3, at the Methodist Church.

Mr. and Mrs. O. H. Targee became grandparents for the first time when a baby girl was born to their son-in-law and daughter, Mr. and Mrs. John Walker (Nancy Jones). The baby was born in Chillicothe Hospital February 4, and was named Jody Lynn.

THE BROWNIE Club got off to a good start when 17 little girls reported at the first meeting, Wednesday after school. The girls are between the ages of 7 and 10, and the leaders are Mrs. Charles Search and Mrs. Kenneth Timmons.

Several mothers also attended the meeting, and a Troop committee was formed composed of Mrs. Sherman Edler, Mrs. Richard Beavers and Mrs. William Stevens. Meetings in the future will be at the homes of the members on Thursdays from 3:30-4:30.

The Presbyterian Men's Brotherhood met at the home of John Fisher, February 13. Mr. E. V. Graves, president, presided at the business meeting. It was reported that the project of placing beam lights on the outside of the church and on the bulletin board, has been completed. This was financed by the Adult Sunday School class and the Brotherhood.

The program consisted of an interesting film "The Story of the Second Mayflower" presented by Mr. Fisher.

Mrs. Fisher served refreshments of ice cream, cake, and coffee to those present.

The 4 A Farm Bureau Study Group was to meet at the home of Mr. and Mrs. E. V. Graves Wednesday evening.

Dr. D. K. Goodman is still in University Hospital, and not much improved at this time. Mrs. L. E. Hill went to see him Tuesday afternoon and reported his hands are pretty badly swollen from arthritis.

Russell Chester is much better and was returned to his home, Route 1, Kingston, on Tuesday, from Berger Hospital.

Mrs. James P. Harris Sr. of Portsmouth, Mr. and Mrs. James P. Harris Jr. and two daughters, Beverly and Debbie, of Cincinnati were weekend visitors of Mr. and Mrs. Harry Sims. Mrs. Harris Sr. is a sister-in-law of Mrs. Sims and Mr. Harris Jr. is her nephew.

Castro Opens Big Gambling Spots in Cuba

HAVANA (AP) — The click of roulette wheels and the rattle of dice came back to Havana today like a sweet melody — for foreign tourists and well-to-do Cubans.

Fidel Castro's revolutionary regime added a little glitter to its reform program by taking the padlocks off the doors of the plush gambling casinos. But poorer Cubans were still barred from the tables. The "popular" casinos where small sums were bet will stay closed.

The multimillion-dollar industry that enriched fallen dictator Fulgencio Batista and many American racketeers resumes in 11 big Havana casinos. The revolutionary regime promised strict government control.

Under Batista the casinos paid a $25,000 licensing fee and a percentage of their profit to the government. The casino operators often paid out additional sums of $100,000 or more in bribes and graft.

Premier Castro laid down a new set of rules designed to root out the racketeers and enrich the nation's treasury.

The National Institute of Saving and Housing will regulate the casinos.

Pickaway Cancer Unit Hears Plans for 1959 Fund Drive

CANCER PLANNERS — Dr. Robert Samp, left, pathologist of the University of Wisconsin, was principal speaker at a Columbus meeting this week to make plans for the 1959 area cancer crusade. With Dr. Samp are Hal Dickinson, center, and Judge William Ammer of the Pickaway County unit of the American Cancer Society.

Members of The Pickaway County Unit of The American Cancer Society attended the 1959 area crusade planning dinner meeting at The Neil House, Columbus, Monday evening.

A talk was given by Dr. Robert Samp about the many different kinds of cancer and the age-old fears that go with them. Dr. Samp also spoke on the work that is being done in our research laboratories. Dr. Samp is associated with the Department of Pathology, University of Wisconsin.

Those attending the meeting from the Pickaway Unit were: Hal Dickinson, Judge William Ammer, Mrs. Guy Campbell, Mrs. Karl Johnson, Mrs. Forest Tomlinson Sr., Mrs. Lewis Young, Mrs. Robert Christy, Mrs. Charles Heinman, Miss Helen Chenowith, Mrs. Rick Spires, Mrs. Burl Wiggens, Mrs. Kenneth Haughn, Mrs. William Snyder and Mrs. C. E. Miller.

Sailor, 19, Convicted Of Rape in Cleveland

YOUNGSTOWN, Ohio (AP) — Seaman Gerald Kamensky, 19, of Boardman, accused of participating in the kidnaping and rape of a 15-year-old Struthers girl here Nov. 1, was convicted of rape Wednesday by a Common Pleas Court jury.

Sentence was withheld pending appeal. Kamensky pleaded innocent by reason of insanity.

Sandusky Railroader Is Crushed in Mishap

SANDUSKY, Ohio (AP) — A 59-year-old New York Central Railroad employe was crushed to death Wednesday night between a derailed freight car and a building. The victim, Glendon Kastor, was riding on the side of the car, which was being switched to a siding between two buildings. Cause of the derailment was not determined.

Sheriffs Aid Hitchhiking Mourner

COLUMBUS, Ohio (AP) — She was penniless. She was in mourning. She was trying to thumb a ride to her father's funeral because she had no other way to get there.

But with the cooperation of sheriff's departments between here and Lawrence County, 120 miles to the south, 36-year-old Dora Staten of Akron will be in North Kenova today when her father is buried.

She was trying to flag a ride here Wednesday night when Columbus policemen spotted her.

The officers, struck by her determination to see that Ance Staten got a decent burial in the Lawrence County graveyard, took her to Travelers Aid and the Red Cross. But she didn't have the $4.95 bus fare.

The patrolmen started to pool their own funds to put her on a bus when the Franklin County Sheriff's office stepped in.

Deputies, equall yimpressed by her need, started a series of radio messages to sheriff's departments to the south. At each county line, it was arranged for the woman to be turned over to a sheriff's cruiser which would drive her to the next county line.

It was through that process that Dora Staten will be standing by when they lower Ance Staten into his grave.

Ravenna School Wage Schedule Is Boosted

RAVENNA, Ohio (AP)—A new salary schedule will give some school teachers here as much as $1,500 in pay boosts over the next two years. Ravenna School Supt. H. Larry Brown said three or four teachers earning $4,800 to $5,000 a year will qualify for the highest raise. Minimum increase in the schedule slated for adoption March 3 would add $350 over a two-year period.

Sam Rayburn To Head Democrat Speaker List

WASHINGTON (AP) — Democrats today picked House Speaker Sam Rayburn to head the list of speakers at the party's $100 a plate national victory dinner here Feb. 28.

The dinner will honor newly elected Democratic governors, senators and representatives.

In seasons when they are not harvesting, farmers in Norway and Sweden tie sheaves of grain on high poles to feed migratory birds—strictly a humane custom.

THIS OLD MAN, he played "Best in Show" at the 1957 Westminster Kennel Club show in New York, and now he's trying to get himself the 1959 title. He's an Afghan, Ch. Shirkhan of Grandeur by official name, though he looks more lugubrious than grand. Sunny Shay (miss) and Dorothy Chenade of Hicksville, N. Y., are his happy owners.
